

Waunakee Middle School Orchestra

Mr. Cornelio-February 2023

Waunakee Middle School 7th Grade Orchestra*

Happy February!

I wanted to start by thanking you for allowing your students to participate in the concert on January 26th. It was wonderful to be able to showcase all the work that students have done this past semester. My fellow string colleagues in Waunakee, along with administration, had many nice compliments to say regarding the orchestra.

As the weather is changing frequently, expect instruments to go out of tune frequently as instruments are transported to and from school.

Although it is far in the future, please be sure to reserve the evening of May 18th as it is the next middle school orchestra concert.

As a reminder, students should be practicing at home at least three times a week for 10 minutes to help solidify their work at school.

As always, feel free to reach out should you have any questions or concerns.

Aaron Cornelio

Capitol Concerts (8th Grade)

8th grade orchestra has been given the chance to perform at the WMEA Capitol Concerts Series on March 9th, 2023 at 12pm in the rotunda of the Capitol.

Students were given a copy of the email which was sent out to 8th grade families last week.

I am in need of a few 8th grade parent chaperones to accompany the trip. The time commitment would be from 10am-2pm. If you are interested, please email me at aaroncornelio@waunakee.k12.wi.us
