

Highline Public Schools Board Action Report

DATE: 2/03/2023

FROM: Dr. Ivan Duran, Superintendent

LEAD STAFF: Scott Logan, Chief Operations Officer; Sidney White, Facilities Director

For Introduction: February 15, 2023

For Action: February 15, 2023

I. TITLE Motion to Approve New Contract and PO for Northwest Playgrounds for 2022-23 SY

Select one: ☒ New Item ☐ Renewed Item ☐ Annual Item ☐ Revised Item

II. WHY BOARD ACTION IS NECESSARY

Pursuant to Procedure 6225 - Approval of Contracts, requires School Board approval for all contracts of \$250,000.00 or more.

III. BACKGROUND INFORMATION

In Fall 2021, 25 members of Highline's community, including students, families, and staff, convened to create Highline's first Committee for Allocating Resources Equitably (CARE). The committee generated recommendations for how the district should spend an allocation of COVID relief funds in Highline Public Schools. One of the recommendations of the committee was that Highline invest in infrastructure improvements to support all students in building relationships, strengthening their social-emotional skills, and developing life-long habits around mindfulness and play.

A part of realizing this recommendation was to replace or upgrade playground equipment to provide all students with ADA accessible, OSHA compliant, and skill enhancing play structures that bring students together to build inclusive communities and ensure that every elementary student has access to a safe, hazard free playing area. In April 2022, the CARE committee initiative was organized into two project phases, Playground Structure Replacement (phase I), and Playground Structure Maintenance (phase II), with a goal completion date of August 2023, and an approval of ESSER funding of up to 1,251,000.00.

In September 2022, Clear Risk Solutions and the Facilities Department assessed all district playgrounds for compliance, needed repair, and replacement. It was determined that Beverly Park, Hilltop, Madrona, and Seahurst ES would receive all new play structures, as Phase I Playground Structure Replacement. Further, it was determined that Bow Lake, Cedar Hurst, Gregory Heights, Hazel Valley, McMicken, Midway, Mount View, Shorewood, and Southern Heights would require repair and maintenance, as Phase II Playground Structure Maintenance.

In November 2022, Facilities began working with Northwest Playgrounds, a KCDA vendor, on quotes to complete Phase I and II of the playground replacement and maintenance project. Final proposals were received by the Facilities Department on February 3rd, 2023, totaling to \$667,062.15 for Phase I, and \$159,327.69 for Phase II. Due to six-month lead times in delivery of playground equipment, the PO must be processed no later than mid-February to receive the playground equipment and begin installation in July 2023.

Procedures have been identified and addressed, that caused delays in assessing playground equipment, and connecting with vendors in a timely manner. Facilities staff are requesting intro and action at the School Board Meeting on February 15, to remain on track for completion of the playground upgrades project before the start of the 2023-24 SY.

IV. RECOMMENDED MOTION

I move that the Highline School Board approve the contract with Northwest Playgrounds and PO for \$826,389.84 for district playground equipment replacement, upgrades, and maintenance, as recommended by the 2021-22 CARE Committee.

V. FISCAL IMPACT/REVENUE SOURCE

Total Fiscal impact of this action is \$826,389.84.

The revenue source for this motion is ESSER - CARE fund, program 1305.

Expenditure: ☒ One-time ☐ Annual

VI. APPLICABLE POLICY(S)

This action is in compliance with the following:

VII. ALTERNATIVES

If this contract is not approved with Northwest Playgrounds, who is a member of a purchasing coop (KCDA), the district will need to spend addition time and money going through the procurement (bid) process. In addition, purchasing through Northwest Playgrounds (KCDA), will expedite the delivery of the purchase and help us meet our goal of installing the equipment before the 2023-24 SY.

VIII. COMMUNITY ENGAGEMENT

Community Engagement Required: ☒ Yes ☐ No

25 members of the Highline Community including students, families, and staff.

IX. ATTACHMENTS

1. Beverly Park ES Playground Replacement - Final Proposal Phase I (for approval)
2. Madrona ES Playground Replacement - Final Proposal Phase I (for approval)
3. Hilltop ES Playground Replacement - Final Proposal Phase I (for approval)
4. Seahurst ES Playground Replacement - Final Proposal Phase I (for approval)
5. Districtwide Playground Structure Maintenance - Final Proposal Phase II (for approval)
