

Registration Planning Form

Totino-Grace High School

2023-2024 School Year - Class of 2025

The purpose of this planning form is to help you get a four-year look at your academic program at Totino-Grace High School. If you plan carefully, you will leave Totino-Grace having met all of the graduation requirements and having completed a comprehensive course of study that will prepare you for whatever you choose to do after high school.

Consult the online **Academic tab - College Planning** for general college requirements.

Required courses (**except the World Language, Health, and Fine Arts requirements**) are already listed for each grade level.

Start by using your **Transcript** to fill in the courses you will have completed in Grades 9 and 10.

Then write in how you plan to complete your World Language (2 years of a single world language), Health, and Fine Arts requirements, if you have not completed them already. Then you may look ahead to next year and plan your academic program.

Your **2023-2024 Course Registration Form** includes information of all required courses and elective choices. Please refer to that sheet as you plan. Students in grades 10-12 may take more than 14 credits only with special permission from Mrs. Broadhead or Mr. Vandermyde.

If you wish to be a Teacher Aide you may not count the credit toward the minimum 14 credits required each year. However, you may count the credit toward the 54 required for graduation.

Grade 9

1. English 9 A
2. Introduction to the Bible
3. Math A
4. Physics A
5. Phy Ed I
