

Registration Planning Form

Totino-Grace High School

2023-2024 School Year - Class of 2027

The purpose of this planning form is to help you get a four-year look at your academic program at Totino-Grace High School. If you plan carefully, you will leave Totino-Grace having met all of the graduation requirements and having completed a comprehensive course of study that will prepare you for whatever you choose to do after high school. Consult the online **Academic tab - College Planning** for general college requirements. Required courses (except the World Language, Health, and Fine Arts requirements) are already listed for each grade level. Start by writing in how you plan to complete your World Language (2 years of a single world language), Health (one semester), and Fine Arts (one semester) requirements. Then plan a tentative academic program for your four years of high school by filling in elective courses.

Grade 9

1. English 9 A
2. Introduction to the Bible
3. Math A
