Transfer of Funds

The Governing Board recognizes its responsibility to monitor the district's fiscal practices to ensure accountability regarding the expenditure of public funds and compliance with legal requirements.

The total amount budgeted by the district for each major classification of expenditures, as listed in the California Department of Education's budget forms, shall be the maximum amount which the district may expend for that classification for the school year. (Education Code 42600)

However, when it is in the best interest of the district, the Board may:

1. At any time, adopt a written resolution providing for transfers from the designated fund balance or the unappropriated fund balance to any expenditure classification or between classifications. The resolution shall be filed with the County Superintendent of Schools and the County Auditor. (Education Code 42600)
2. Direct the temporary transfer of monies held in any district fund or account to another fund or account as necessary for the payment of obligations. Such borrowing shall occur only when the fund or account receiving the money will earn sufficient income during the current fiscal year to repay the amount transferred. No more than 75 percent of the maximum amount held in any fund or account during the current fiscal year may be transferred. Amounts transferred shall be repaid in the same fiscal year, or in the following fiscal year if the transfer takes place within the final 120 calendar days of a fiscal year. (Education Code 42603)
3. If any special reserve funds that are maintained for capital outlay or other purposes pursuant to Education Code 42842 are not actually encumbered for ongoing expenses, transfer those monies into the general fund for the general operating purposes of the district. If any monies remain in the special reserve fund at the conclusion of a project, the Board may submit a written request to the County Superintendent, Auditor, and Treasurer to discontinue the special reserve fund and transfer those monies to the district's general fund. (Education Code 42841-42843)
4. Transfer monies between other funds or accounts when authorized by law.

Transfer of Funds

Transfers may be made from the designated fund balance or the unappropriated fund balance to any expenditure classification or between expenditure classifications by the Board of Education on adoption of a resolution by a majority vote.

The resolution must be filed with the County Superintendent of Schools and the county auditor. (Education Code 42600)

End-of-the-Year Procedures

At the close of the school year, the Superintendent or designee may, with Board approval, identify and request the County Superintendent of Schools to make transfers between the designated fund balance or the unappropriated fund balance and any expenditure classification(s) or balance any budget expenditure classifications as necessary to permit the payment of obligations incurred by the district during that school year. (Education Code 42601)

Temporary Transfers Between Classifications

The Board may direct that monies held in any fund or account may be temporarily transferred from one or more of these accounts to another fund or account to be used for the payment of obligations of the district, with limitations as set by Education Code 42603. The transfer shall be accounted for as temporary borrowing and shall not be available for appropriation or be considered income to the borrowing fund or account. (Education Code 42603)

Special Reserve Funds

Upon resolution of the Board, a special reserve fund may be established for such purpose(s) as specified in the resolution. A copy of the resolution shall be filed with the County Superintendent of Schools, as well as the county auditor and treasurer. As necessary, the Board may amend the resolution to specify additional purposes or to withdraw any previously designated purpose. (Education Code 42841)

The Board may expend the money in the special reserve fund for capital outlay for the purpose specified in the resolution. In addition, unless encumbered for ongoing expenses, the Board may expend money in the fund for the general operating purposes of the district. Any money in a special reserve fund that is maintained for purposes other than capital outlay must be transferred into the district's general fund before it is expended. (Education Code 42842)

Deferred Maintenance Funds

Funds deposited in the district's deferred maintenance fund may be received from any source and shall only be expended for maintenance purposes as provided for in Education Code 17582. (Education Code 17582)

Upon resolution of the Board, excess local funds deposited in the deferred maintenance fund may be transferred to other expenditure classifications when state funds provided pursuant to Education Code 17584 and 17585 are insufficient to fully match the local funds. The resolution shall be approved by a two-thirds vote of the Board and filed with the County Superintendent of Schools and the county auditor. (Education Code 17583)

### GIFTS, GRANTS AND BEQUESTS

#### Coordination of Funding

The Board of Education supports working collaboratively with the local community, Piedmont Educational Foundation and Parent Clubs/Organizations, and coordinating funding from state, federal, and local sources. This coordination is essential to helping the district fulfill its mission, annual goals and priorities, and long-term vision for the future.

The Board of Education may accept any bequest or gift of money or property on behalf of the District. While greatly appreciating suitable donations, the Board discourages any gifts, grants, or bequests which may directly or indirectly impair its commitment to providing equal educational opportunities for all District students.

#### Acceptance & Expenditure of Donated Funds

The Piedmont Unified School District recognizes the community's generous support and financial commitment to the schools. As key stakeholders, the Piedmont Unified School District, Piedmont Educational Foundation, Piedmont Parent Clubs/Organizations and local community are guided by the following shared commitments to:

- Support the District's mission, annual goals and priorities, and vision for the future.
- Attract and retain the highest quality professional staff possible for all students.
- Offer a breadth and depth of equitable program opportunities for all students district-wide.
- Respect the individuality of the schools and the autonomy of the key stakeholders.
- Work collaboratively to coordinate fund raising efforts and to collectively raise funds to support the core educational values of the school system

With the Board's final approval, the Superintendent or designee is authorized to accept grants and gifts that are consistent with this policy and the above principles. The Superintendent or designee is authorized to accept gifts, grants or bequests that:

- Have a purpose consistent with the District's mission, annual goals and priorities, curriculum standards, grade-level expectations, and long-term plan for the future.
- Do not commit the District to a program that the District would not be able to continue on an annual basis, or sustain in the future.
- Do not entail undesirable or excessive costs.
- Do not imply an endorsement of a business or product.

The Board shall carefully evaluate any conditions or restrictions imposed by the donor in light of District philosophy and operations. Although the Board will make every effort to comply with a donor's request for the purpose of a gift, grant or bequest, the District reserves the right to use the gift, grant or bequest in the capacity which best addresses the needs of the District for the educational advancement of students. The donor will be notified if their condition for use cannot be approved by the Board, and the donor will have the option to withdraw the gift, grant or bequest.

All gifts, grants and bequests shall become the property of the District.

Bids

Advertised Bids

The district shall seek competitive bids through advertisement for contracts involving an expenditure of \$15,000 or more for a public project. (Public Contract Code 20111)

"Public project" includes construction, reconstruction, erection, alteration, renovation, improvement, painting, repainting, demolition and repair work involving a district owned, leased or operated facility. (Public Contract Code 22002)

The amount by which contracts shall be competitively bid shall escalate automatically based upon the annual adjustment by the Superintendent of Public Instruction.

Competitive bids shall be sought through advertisement for contracts exceeding \$60,000 for the following: (Public Contract Code 20111)

1. The purchase, rent or lease of equipment, material or supplies
2. Services, not including construction services, professional services or advice, and insurance services.
3. Repairs, including maintenance that is not a public project

"Maintenance work" means routine, recurring and usual work for preserving, protecting and keeping a district facility operating in a safe, efficient and continually usable condition for the intended purpose for which it was designed, improved, constructed, altered or repaired. "Maintenance" includes, but is not limited to, carpentry, electrical, plumbing, glazing and other craft work designed to preserve the facility as well as repairs, cleaning and other operations on machinery and other permanently attached equipment. This definition does not include, among other types of work, janitorial or custodial services and protection provided by security forces, nor does it include painting, repainting or decorating other than touchup. (Public Contract Code 20115)

Unless otherwise authorized by law, contracts shall be let to the lowest responsible bidder who shall give such security as the Board of Education requires, or else all bids shall be rejected. (Public Contract Code 20111)

When letting a contract for the procurement and/or maintenance of electronic data processing systems and supporting software, the Board may contract with any one of the three lowest responsible bidders. (Public Contract Code 20118.1)

The Board shall secure bids for any transportation service expenditure of more than \$10,000 when contemplating that such a contract may be made with a person or corporation other than a common carrier, municipally owned transit system or a parent/guardian of students who are to be transported. The Board may let this contract to other than the lowest bidder. (Education Code 39801.5)

No work, project, service or purchase shall be split or separated into smaller work orders or projects for the purpose of evading the legal requirements of Public Contract Code 20111-20116 for contracting after competitive bidding. (Public Contract Code 20116)

#### Instructions and Procedures for Advertised Bids

The Superintendent or designee shall call for bids by advertising in a local newspaper or general circulation published in the district, or if no such paper exists, then in some newspaper of general circulation, circulated in the county at least once a week for two weeks. The notice shall state the work to be done or materials or supplies to be furnished and the time and place where bids will be opened. (Public Contract Code 20112)

Bid instructions and specifications shall include the following requirements and information:

1. All bidders, including bidders for printing contracts, shall specify the minimum, if not exact, percentage of recycled product in the products offered, and both the postconsumer and secondary waste content. (Public Contract Code 12169, 12213)

  - c. A certified check made payable to the district
  - d. A bidder's bond executed by an admitted surety insurer and made payable to the district

The security of unsuccessful bidders shall be returned in a reasonable period of time, in no event any later than 60 days after the bid is awarded. (Public Contract Code 20111)

3. Under no condition shall bids be accepted after the advertised bid opening time, regardless of whether the bids are actually opened at that time. (Public Contract Code 20112)
4. When two or more identical bids are received, the Board may determine by lot which bid shall be accepted. (Public Contract Code 20117)
5. Any subsequent change or alteration of a contract shall be governed by the provisions of Public Contract Code 20118.4.
6. After being opened, all submitted bids shall be made available for review by all interested parties. (Government Code 6252)

(cf. 1340 - Access to District Records)

Bids Not Required

Upon a case-by-case determination that it is in the best interests of the district and to the extent permitted by law, the Board may authorize the purchase, lease or contract for equipment and supplies through a public corporation or agency without advertising for bids. (Public Contract Code 20118)

(cf. 3310 - Purchasing Procedures)

Supplementary textbooks, library books, periodicals, educational films, audiovisual materials, test materials, workbooks and instructional computer software packages may be purchased without taking estimates or advertising for bids. (Public Contract Code 20118.3)

Perishable commodities such as foodstuffs may be purchased through bid or on the open market, depending on district preference. (Education Code 38083)

In an emergency when repairs, alterations, work or improvement to any school facility is necessary for the continuance of existing school classes or to avoid danger to life or property, the Board, by unanimous vote and with the approval of the County Superintendent of Schools, may contract for labor and materials or supplies without advertising for or inviting bids. (Public Contract Code 20113)

Bids shall also not be required for day labor under circumstances specified in law. Day labor shall include the use of maintenance personnel employed on a permanent or temporary basis. (Public Contract Code 20114)

Whenever the total number of hours on the job does not exceed 350 hours, day labor may be used to erect new buildings and for the following purposes: (Public Contract Code 20114)

2. Painting, repainting or decorating of school buildings
3. Repair or building of apparatus or equipment
4. Improvements on school grounds
5. Maintenance work as defined above

#### Sole Sourcing

Specifications for contracts for construction, alteration or repair of school facilities may not limit bidding to any one product or supplier. Specifications designating a particular brand name shall list at least two brands of comparable quality and follow the description with the words "or equal." (Public Contract Code 3400)

Specifications for contracts may designate a product by brand or trade name (sole sourcing) when one or more of the following conditions apply: (Public Contract Code 3400)

1. The product is designated to match others in use on a particular public improvement that has been completed or is in the course of completion

2. One product has a unique application required to be used in the public interest
3. Only one brand name is known, or
4. Upon resolution of the Board, the Board makes a finding that the item sought is the subject of a field test to determine its suitability for future use

#### Protests by Bidders

A bidder may protest a bid award if he/she believes that the award was inconsistent with Board policy, the bid's specifications or not in compliance with law.

A protest must be filed in writing with the Superintendent or designee within five working days after receipt of notification of the contract award. The bidder shall submit all documents supporting or justifying the protest. A bidder's failure to timely file a protest shall constitute a waiver of his/her right to protest the award of the contract.

The Superintendent or designee shall review the documents submitted with the bidder's claims and render a decision in writing within 30 days. The Superintendent or designee also may convene a meeting with the bidder in order to attempt to resolve the problem.

5. **Climate Action:** The District shall work with the City of Piedmont in support of its efforts to reduce global warming through promising means that positively impact students.

#### Environmental Safety

The Board of Education believes that students and employees have the right to learn and work in a safe, clean and healthy environment. The district has an obligation to locate and reduce or eliminate potential risks to health and the environment, to use environmental resources in a responsible way, and to educate students and staff about environmental issues.

(cf. 6142.5 - Environmental Education)

The Superintendent or designee shall establish regulations to guard against environmental hazards. Students and staff are encouraged to report any unsafe conditions they may observe.

(cf. 3516 - Emergencies and Disaster Preparedness Plan)

(cf. 4157/4257/4357 - Employee Safety)

(cf. 5142 - Safety)

(cf. 6161.3 - Toxic Art Supplies)

(cf. 7111 - Evaluating Existing Buildings)

(cf. 7150 - Site Selection and Development)

#### Air Quality

The Board recognizes that clean air contributes to a favorable learning environment for students, productivity for staff, and the health of all school occupants. Adequate ventilation, appropriate housekeeping and maintenance procedures, and the removal of pollution sources are all necessary to achieve good indoor air quality. The Superintendent or designee shall ensure that staff implement measures that will maintain good air quality in classrooms and offices.

#### Air Quality Index

Utilizing the Bay Area Air Quality Index Management District (BAAQMD) as a resource, when Piedmont's Air Quality Index (as measured by BAAQMD) ranges from 101-150 (orange zone), all PE classes are to be held indoors and all strenuous PE activities and athletic programs are canceled.

When the AQI reaches 150, all PUSD employees will be offered and encouraged to use respirator masks when working outdoors.

Under a Distance Learning Model of Instruction, when the AQI surpasses 200, no PUSD employees shall work outdoors and all employees shall then have the option of working remotely from home. If work cannot be done remotely (e.g. landscaping, custodial),

employees can notify their direct supervisor and log an absence as "Industrial" in the District's employee absence system.

Under an In-Person/Hybrid model of Instruction, when the AQI surpasses 200 (very unhealthy), the Superintendent shall confer with the Board of Education and the Superintendent for the Alameda County Office of Education to determine if a school closure is warranted.

During the COVID-19 pandemic, if the Air Quality Index levels reach 101 or above, and the ventilation is shut off, In-Person/Hybrid school will be canceled for the day.

Air quality shall be considered in the siting and architectural design of new or remodeled facilities and in the selection of building materials and furnishings.

### Pest Management

Sanitary measures shall be enforced and buildings regularly cleaned and repaired in order to prevent infestations, minimize the use of pesticides, and eliminate routine spraying.

### Lead Exposure Reduction

The Board recognizes that exposure to lead is especially damaging to young children and that hazardous levels of lead may sometimes be present in paint, soil or drinking water. In order to minimize any harmful exposure, the district shall follow guidelines recommended by the Department of Health Services.

#### Hazardous Substances

The Board of Education recognizes that potentially hazardous substances are used in the daily operations of our schools. The Superintendent or designee shall ensure these substances are inventoried, used, stored and regularly disposed of in a safe and legal manner.

Insofar as possible, the Superintendent or designee shall minimize the quantities of hazardous substances stored on school property and shall substitute less dangerous materials for hazardous substances.

#### Hazard Communication Program

The Superintendent or designee shall develop, implement and monitor a written hazard communication program in accordance with state law. As part of this program, he/she shall ensure that employees are fully informed about the properties and potential hazards of substances to which they may be exposed and that material safety data sheets are readily accessible to them.

Teachers shall instruct students about the importance of proper handling, storage, disposal and protection when using any potentially hazardous substance.

**Piedmont Unified SD  
Administrative Regulation**

AR 3514.2  
**Integrated Pest Management Plan**

Definitions

Integrated pest management (IPM) means a strategy that focuses on long-term prevention or suppression of pest problems through a combination of techniques such as monitoring for pest presence and establishing treatment threshold levels, using nonchemical practices to make the habitat less conducive to pest development, improving sanitation, and employing mechanical and physical controls. (Education Code 17609; Food and Agricultural Code 13181)

(cf. 3510 - Green School Operations)

School site means any facility used as a child day care facility or for kindergarten, elementary, or secondary school purposes and includes the buildings or structures, playgrounds, athletic fields, vehicles, or any other area of property visited or used by students. (Education Code 17609)

Program Components – Least Toxic Pest Management

The Superintendent or designee shall designate an employee at the district office and/or school site to develop, implement, and coordinate an IPM strategy that incorporates effective, least toxic pest management practices.

The IPM coordinator shall prepare and annually update a districtwide or school site IPM plan based on the template provided by the California Department of Pesticide Regulation (DPR).

The IPM plan shall include the name of the district and/or school IPM coordinator, the pesticides expected to be applied at the school site by district employees and/or pest control applicators, and a date that the plan shall be reviewed and, if necessary, updated. (Education Code 17611.5)

The district shall use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property, and the environment. Such pesticides shall only be used after careful monitoring indicates they are needed according to pre-established guidelines and treatment thresholds. (Food and Agricultural Code 13181)

Effective as of the 2019-2020 District school year, IPM Coordinator shall ensure the District ceases all purchase and use of any herbicide product that contains glyphosate as one of its ingredients, in any amount or level.

The IPM Coordinator shall inform all outside contractors and their employees to abide by the same restriction on campus grounds.

The district's program shall include, but not necessarily be limited to, the following components:

1. Identifying and monitoring pest population levels and identifying practices that could affect

pest populations. Strategies for managing the pest shall be influenced by the pest species and whether that species poses a threat to people, property, or the environment.

2. Modifying or eliminating pest habitats to deter pest populations and minimize pest infestations.
3. Considering a full range of possible alternative cost-effective treatments. Such alternative treatments may include taking no action or controlling the pest by physical, horticultural, or biological methods. Cost or staffing considerations alone will not be adequate justification for the use of chemical control agents.
4. Selecting nonchemical pest management methods over chemical methods whenever such methods are effective in providing the desired control or, when it is determined that chemical methods must be used, giving preference to those chemicals that pose the least hazardous effects to people and the environment.
5. No pesticide that is prohibited by DPR or the U.S. Environmental Protection Agency, as listed on the DPR web site, shall be used at a school site. (Education Code 17610.1).
6. Effective as of the 2019-2020 District school year, IPM Coordinator shall ensure the District ceases all purchase and use of any herbicide product that contains glyphosate as one of its ingredients, in any amount or level. The IPM Coordinator shall inform all outside contractors and their employees to abide by the same restriction on campus grounds.
7. Limiting pesticide purchases to amounts needed for the year. Pesticides shall be stored at a secure location that is not accessible to students and unauthorized staff. They shall be stored and disposed of in accordance with state regulations and product label directions.  
  
(cf. 3514 - Environmental Safety)  
(cf. 3514.1 - Hazardous Substances)
8. Informing parents/guardians and employees regarding pesticide use as described in the sections "Notifications" and "Warning Signs" below.
9. Ensuring that persons applying pesticides follow label precautions and are sufficiently trained in the principles and practices of IPM as described in the section "Training" below.
10. Evaluating the effectiveness of treatments to determine if revisions to the IPM plan are needed.

## Training

The IPM coordinator and any employee or contractor who may be designated to apply a pesticide at a school site shall annually complete a DPR-approved training course on IPM and the safe use of pesticides in relation to the unique nature of school sites and children's health. (Education Code 17614; Food and Agricultural Code 13186.5)

(cf. 4231 - Staff Development)

Any district employee who handles pesticides shall also receive pesticide-specific safety training

prior to applying pesticides and annually thereafter in accordance with 3 CCR 6724.

#### Notifications

Staff and parents/guardians of students enrolled at a school site shall be annually notified, in writing, regarding pesticide products expected to be applied at the school site in the upcoming year. The notification shall include at least the following: (Education Code 17612)

1. The name of each pesticide product expected to be applied in the upcoming year and the active ingredient(s) in it
2. The Internet address (<http://www.cdpr.ca.gov/schoolipm>) used to access information on pesticides and pesticide use reduction developed by the DPR pursuant to Food and Agricultural Code 13184
3. If the school has posted its IPM plan, the Internet address where the plan may be found
4. The opportunity to view a copy of the IPM plan in the school office
5. An opportunity for interested persons to register to receive prior notification of each application of a pesticide at the school site
6. Other information deemed necessary by the IPM coordinator

(cf. 1312.4 - Williams Uniform Complaint Procedures)  
(cf. 3517 - Facilities Inspection)  
(cf. 4112.9/4212.9/4312.9 - Employee Notifications)  
(cf. 5145.6 - Parental Notifications)

Whenever a person registers to receive notice of individual pesticide application pursuant to item #5 above, the IPM coordinator shall notify such registered persons of individual pesticide applications at least 72 hours prior to the application. The notice shall include the product name, the active ingredient(s) in the product, and the intended date of application. (Education Code 17612)

If a pesticide product not included in the annual notification is subsequently intended for use at a school site, the IPM coordinator shall provide written notification of its intended use to staff and parents/guardians of students enrolled at the school, at least 72 hours prior to the application. (Education Code 17612)

Whenever the IPM coordinator deems that the immediate use of a pesticide is necessary to protect the health and safety of students, staff, or other persons at the school site, he/she shall make every effort to provide the required notifications prior to the application of the pesticide. (Education Code 17612)

#### Warning Signs

The IPM coordinator shall post a warning sign at each area of the school site where pesticides will be applied that shall be visible to all persons entering the treated area. The sign shall be posted at least 24 hours prior to the application and shall remain posted until 72 hours after the application. The warning sign shall prominently display the following information: (Education Code 17612)

1. The term "Warning/Pesticide Treated Area"
2. The product name, manufacturer's name, and the EPA's product registration number
3. Intended areas and dates of application
4. Reason for the pesticide application

When advance posting is not possible due to an emergency condition requiring immediate use of a pesticide to protect the health and safety of students, staff, or other persons or the school site, the warning sign shall be posted immediately upon application and shall remain posted until 72 hours after the application. (Education Code 17609, 17612)

#### Records

At the end of each calendar year, the IPM coordinator shall submit to DPR, on a form provided by DPR, a copy of the records of all pesticide use at the school site for that year, excluding any pesticides exempted by law and any pesticide use reported by the pest control operator pursuant to Food and Agricultural Code 13186. The IPM coordinator may submit more frequent reports at his/her discretion. (Education Code 17611)

Each school site shall maintain records of all pesticide use at the school for four years, and shall make the information available to the public, upon request, in accordance with the California Public Records Act. A school may meet this requirement by retaining a copy of the warning sign posted for each pesticide application with a recording on that copy of the amount of the pesticide used.
