

Student Parking Application to Park at THS

PLEASE READ CAREFULLY BEFORE SIGNING.

YOU WILL BE HELD RESPONSIBLE FOR ANY VIOLATION OF PARKING RULES.

It is understood that the following regulations must be followed & they will be strictly enforced. Driving & parking a vehicle on school property is a privilege which is subject to the following expectations:

1. Students must purchase a parking permit each year at the cost of \$20.00 for on-site parking. This cost offsets the cost of permits and signs.
2. The parking permit must always hang from the rearview mirror with the number facing out.
3. Student parking permits are dated depending on the school year. Students can only park in the student lots. **Absolutely no student parking in Staff or Board of Education Parking Lots without prior administrative approval.**
4. Students may park in handicapped spots in student lots only if the car has a State of Michigan registered handicapped plate or temporary handicap tag.
5. Student parking permits are to be used for the assigned vehicle only. NOTE: If you must drive another family vehicle, just transfer the permit temporarily. But if there is a permanent vehicle change, you must contact the Assistant Principal's office to have your parking form edited.
6. The administration reserves the right to search vehicles when they have a reasonable suspicion to believe the vehicle contains illegal substances or objects that violate school rules. (Administrative guidelines for vehicle searches are derived from New Jersey v. T.L.O. 469 U.S. 325 1985) **Page 13 in student planner.**
7. All vehicles are to be locked and not moved during the school day.
8. Driving a vehicle in a reckless and dangerous manner will cause loss of parking privileges.
 - a. 1st violation: police action; parking privileges revoked for 1 trimester.
 - b. 2nd violation: police action; parking privileges revoked for remainder of the current school year.
9. Failure to possess a parking pass or display parking tag will result in a \$25.00 ticket from Trenton Police or subject to towing of vehicle by Lyon's Towing at owner's expense.
10. The vehicle must be properly insured and safe to operate.
11. Students are not allowed to ride on the hood, trunk or running boards. Riding in the back of an open bed pickups is considered highly dangerous, and therefore, strictly prohibited when driving in any THS parking lot.

I have read and understand the above conditions. I understand that violation of the parking rules will result in the loss of parking privileges and disciplinary action will result.
