## JANUARY 18, 2023 ATHLETIC COMMITTEE MEETING AGENDA

### 1. Call to Order

#### Minutes

Mr. Hall opened the meeting at 7:00 pm.

Committee members present: Mr. Hall, Mr. Horne, Mr. Klink, Mr. Vannoy, Mr. Pietroski, Mr. Acklin and Mr. McCall. Mr. Heberle arrived later.

### 2. Discussion Topics

#### 2.a. Coaching Review/Number of Assistants

##### Minutes

Mr. Hall discussed looking at the assistant coaches in the programs. He previously asked Mr. Acklin how many does each sport have and learned at some point in the history assistants were added and never removed. There really is no rim or reason why one sport has three paid assistant coaches and another might have one.

Mr. Hall wants to put a number of coaches for each sport; such as one assistant for a sport with 1-12 players; two coaches for a sport with 13-24 and three assistants with a team with 25-? And so on.

Some programs are heavy on assistants and others are not. The number of coaches will be consistent with how many students are in the sport. This is the recommendation to the policy committee. He is recommending this equivalent to how many are in the sport.

Mr. McCall asked for clarification, for every 12 players a sport will have an assistant.

Mr. Acklin recommended using the beginning roster to make that determination. By the first roster of the season which is who is on the team not who tried out.

#### 2.b. Middle School Athletic Director Job Description Review

##### Minutes

Mr. Hall hears the middle school athletic directors is described as an assistant to the athletic directors, it doesn't seem to be as described. He explained if there is help needed at other buildings they are to assist.

#### 2.c. Current State of Athletics

##### Minutes

Each middle school and the high school athletic director provided a report on their buildings winter sports.
