

**Cascade Middle School Gym Floor Refinishing
Longview School District #122
Longview WA 98632**

Scope of Work

The Longview School District has determined a need to refinish the gym floor at Cascade Middle School. Work to include dust protection, cleanup, sanding floors down to bare wood as per the specifications, prepping floors as per finish manufacturer's recommendations, application of at least 2 coats of water-based sealer, painting of game lines and logos and final application of at least 2 coats of heavy solid, oil-modified polyurethane finish. Contractor to include time to design new logos and provide digital mockups of the finished floors. This is a hybrid system using a water-based sealer, oil-based enamel paints and oil-based finish coats.
