

Career Plan of Study—Baker High School

Pathway Options: Administration and Administrative Support, Professional Support Services, Teaching/Training

Overview: Careers in the Education and Training Cluster involve planning, managing and providing education and training services, and related learning support services.

This plan of study should serve as a guide, along with other career planning materials, as you continue your career path. Courses listed within this plan are only recommended coursework and should be individualized to meet each learner’s educational and career goals. All plans should meet high school graduation requirements as well as college entrance requirements.
