

Fleming County Schools
Classified Professional Learning Plan
2019-2020

The vision of Fleming County Schools is to become a
District of Distinction.

District Core Beliefs & Values

Fleming County Schools is focused on a set of values and beliefs that all stakeholders of the district (parents, students, teachers and staff, and community share. Furthermore, stakeholders are committed to providing our students a learning environment that supports academic and behavioral growth of all students.

District Mission Statement

The mission of Fleming County Schools is to unite with family and community to provide an equitable, high quality education that meets the needs of each student in a caring and safe learning environment, which will ensure that students become successful throughout life.

District Vision

The vision of Fleming County Schools is to become a “District of Distinction”.

Equity Statement

All Fleming County Schools’ students deserve the right to a free, safe, personalized, and equitable education without barriers and prejudice. All staff are responsible for creating the best learning environment, experiences, and opportunities that will lead to all students becoming college, career, and life ready.

District Beliefs

We Believe...

- Continuous improvement is essential to stakeholder empowerment.
- A world-class education is essential to college & career readiness.
- Connected and efficient systems are essential for 21st Century teaching and learning.
- Parent and community engagement are essential for student success.

Strategic Framework Principles

As Fleming County Schools moves toward becoming a premier 21st Century organization of learning, the main area of focus will always be student achievement. We must strengthen our commitment to continuous improvement in order to sustain what we have already accomplished as we push the boundaries to provide a world-class education for ALL students. Furthermore, through regular monitoring and evaluation, as a district we will address these framework principles:

- Engagement of all students to ensure success

- Development of a common curriculum with common assessments
- Analysis of data and student work through professional learning communities and collaboration
- Empowerment of all stakeholders through collaborative leadership structures
- Connecting all of the district's systems

These principles lay a foundation for schools, and more importantly, students. Additionally, all of the focus areas are critical to becoming a District of Distinction and an AdvancED accredited school district. For Fleming County Schools to achieve this, the district must not only implement new student-focused programs and processes, but also monitor existing ones while building capacity to lead.

Goal of the Professional Learning Plan

The goal of the classified professional learning plan is to develop and implement a district-wide professional learning program that will enhance the quality of the district's educational programs and increase student achievement by supporting all support staff. High quality, on-going, job-embedded professional learning opportunities will align with and impact the goals of the strategic plan.

Objectives of the Professional Learning Plan

- Support the district's mission/vision statements and strategic plan
- Align with the district/school improvement plans
- Increase understanding of the common curriculum and strategies for instruction and assessment
- Address professional learning needs throughout the district (school/groups/individuals)
- Increase employee capacity to lead in their positions
- Increase learning experiences and opportunities that lead to the success of all students

Requirements

- **ALL** classified employees must engage in ongoing professional learning focused on technology and creating an equitable learning environment each year.
- **ALL** classified employees will complete and document professional learning activities as related to their specific department.
- **ALL** classified employees must complete a minimum of one (1) hour of training on how to respond to an active shooter situation. A video will be provided to the

school for this training when it is available. Additional training may be offered at the school level and classified employees are encouraged to participate.

- Classified staff members will complete a professional learning verification form detailing training and dates of training through an online platform provided by the district professional learning coordinator.
- Classified employees may also be required to complete additional trainings such as PBIS training, suicide prevention, and child abuse reporting training throughout the school year.

Scheduled Professional Learning Days – Dates on the Approved School Calendar

August 2, 5, and 6, 2019 – some schools have scheduled professional learning events on these dates

November 5, 2019 (Election Day)

Professional learning dates are scheduled on the district's master calendar. Training may occur on these dates or on other dates as determined by administration throughout the year. Classified employees should consult their supervisor for required training for their positions.

Documentation of Professional Learning

**All documents are located on the district webpage:

<https://www.fleming.kyschools.us/Content2/20296>

For sessions requiring registration, employees will register through an online survey. Professional learning that is provided by organizations outside the school district or done on an individual basis (flexible) must be pre-approved by principal/project manager in advance.

All professional learning must be completed by May 1 of the current school year.

Measurement of the Impact of Professional Learning / Needs Assessment

Fleming County Schools will monitor implementation and measure impact of professional learning on student achievement as well as assess further needs for professional learning using the following methods.

- PLC Process and Documentation
- ELEOT Walkthroughs

- Employee Evaluation Data
- Analysis of student data (classroom, benchmark, formal assessment)
- Analysis of student work
- PDSAs
- Use of scoring guides/rubrics, as appropriate
- Feedback from Stakeholders and Employees
- Other
