2020-2021

### Fleming County Schools

# School Buses

#### Limited Service during the 2020-2021 school year

1. Please transport your child to and from school if possible.
2. Students must wear a face covering at all times while on a bus.
3. Expect students to be standing at morning bus stops longer this year.
4. Expect longer bus routes in the morning and afternoon. Students may arrive to school late and arrive home later than normal. We may need to use Flex Routes to accommodate bus riders – which will add time.
5. We must reduce ridership so only a certain number of students can ride a bus each time. We will pick up students, however, once we reach our max on one route, we may have to send a bus to pick up students (Flex Routes) – which will make routes longer.
6. Limited bus notes riding home with friends will be approved to help with contact tracing. Switching buses not possible this year.
7. No connector routes will be available from elementary schools to Simons Middle or Fleming County High School. If students need to go to the middle or high school, please load bus from home.

#### Our Vision is to be a District of Distinction

Bus Routes with Roads/Streets (Updated 09/03/2020)

2020-2021

### COVID-19 Protocols:

- Health/safety protocols must be followed by all students, drivers, and bus monitors.
- Parents/guardians are encouraged to transport their child to and from school each day.
- There will be no connector buses. Middle and high school students will not be able to utilize any elementary school for drop off/pickup and/or a connecting point for bus transportation.
- Expect delayed and longer bus routes due to the maximum number of students who can ride each school bus.
