

SCHOOL SUPERINTENDENT

Code **CB** Revised **12/12**

Purpose: To establish the board's vision for the role of the superintendent.

We view the superintendent's position in the school system in a triple capacity.

- executive officer of the school district
- leader and accountable officer for all personnel of the system
- liaison between those personnel and the board

The superintendent is the only person in the system with whom the board normally needs to be directly involved in decisions regarding appointments of personnel. Because we believe the total responsibility for the administration of the school system should rest with the superintendent, the board has the responsibility for developing a systematic means of evaluating the superintendent's effectiveness in implementing the objectives expressed in policies. The superintendent has the responsibility for evaluating the effectiveness of all other district personnel.

The superintendent, in his/her discretion, may delegate to other school personnel the exercise of any powers and the discharge of any duties imposed upon the superintendent by these policies or by vote of the board. The delegation of powers or duties, however, will not relieve the superintendent of responsibility for action taken under such delegation.
