

ADMINISTRATION IN THE ABSENCE OF POLICY

Code **CHD** Revised **12/12**

Purpose: To establish the basic structure for district administration when the board has not developed policy.

When a situation arises that is not covered by board policy and requires immediate attention, the superintendent will act to resolve the situation. The superintendent will report such actions to the chairperson or vice-chairperson of the board as soon as practical. The superintendent will inform the board of such action and of the need for policy at its next meeting.

In such cases, the superintendent's decisions will be temporary and subject to review by the board at its next meeting.

Adopted 6/2/80; Revised 10/6/97; 12/3/12
