

Triad Local School District

Quarterly Learning Report Winter 2022

Dear Community,

It is hard to believe that the holiday season is already here. As you know, the past two holiday seasons left us with a ton on uncertainty. Do we visit our families? Do we mask? Should everyone test? How do we ensure everyone is safe and has the ability to stay healthy? There were many questions and concerns about spending that precious time with the ones we love most. I pray that you are all able to feel more comfortable spending that time with family and friends this year. There is no doubt that we all need those connections in our lives and this seems like the perfect year to make that happen.

I also ask that during this holiday season season, you reach out to others who may need the extra love and support during this time of year. In a survey by the American Psychological Association, 38% of people report that their stress increases during the holiday season. This can lead to physical illness, depression, anxiety and much more. I am always impressed with how the love and support that our community gives to others. Thank you for taking the time to reach out to someone who may need that extra support in the coming months.

Have an AMAZING and SAFE Holiday Season!!!
Sincerely,

Vickie Hoffman

Superintendent, Triad Local Schools

District New Staff

Tiffany Shively
Treasurer

Student Services

Preschool

Our new preschool class peeled apples to make applesauce as part of their fall apple unit.

Gifted Assessments

Each year, Triad Local Schools assesses 2nd and 5th grade students for gifted qualification in the area of superior cognitive and creative thinking. These tests were completed the week of November 9th. We also assess students in reading and mathematics through iReady benchmarks three times per year.

Erin Webb

Director of Student Services

TRIAD ELEMENTARY SCHOOL

Every day, our kindergarten students work hard on literacy skills. Listening skills, comprehension, and vocabulary are typical teaching points during a daily read aloud. Here, Mrs. Yoder also introduces her K students to jobs and careers available to our students once they are adults! Miss McCoy works on a critical literacy skill with her classroom students - correctly identifying the first letter and sound in the name of the pictured object.

First grade students in Mrs. Campbell's room are learning all about the writing process! Students in Mrs. Albert's first grade classroom use peer review to make sure their stories not only make sense, but also have a beginning, middle, and an end.

Lee Claypool

Elementary School Principal
claypool@triadk12.org

TRIAD MIDDLE SCHOOL

Outdoor Survival Class Field Trip

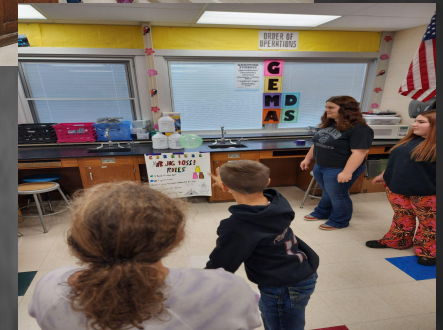

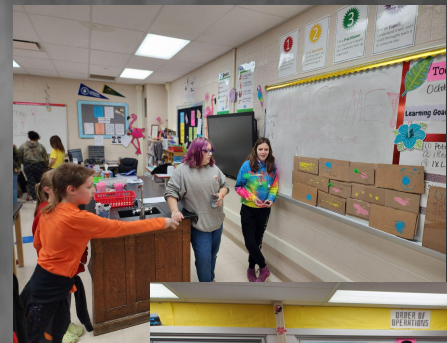

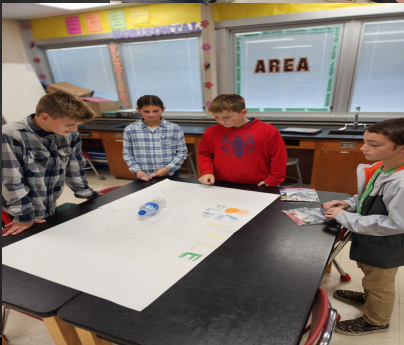

7th and 8th grade students were able to practice the skills they learned during the 1st Quarter in their Outdoor Survival Class.

5th Grade Carnival

The 7th/8th Gaming and Probability class made Carnival “games of chance” for some of the 5th graders to come and try their luck with.

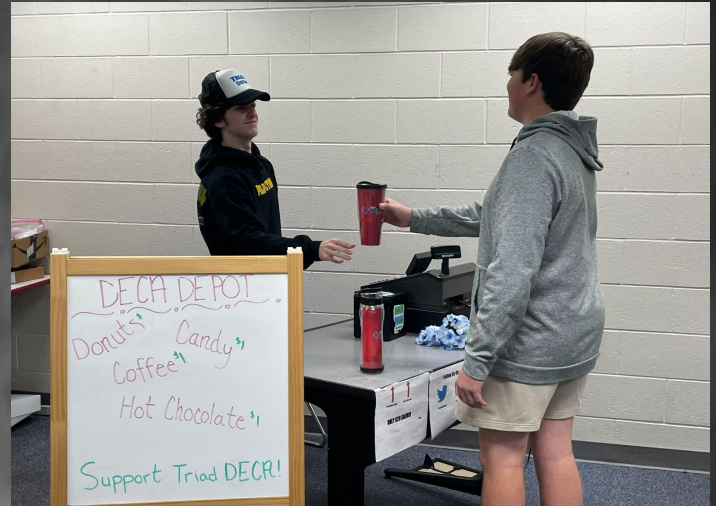

Vinnie Spirko

Middle School Principal
sprikov@triadk12.org

TRIAD HIGH SCHOOL

Triad HS has many students involved in College Credit Plus courses. During the school day these students work independently in the library to complete their coursework.

The Triad DECA classes have worked on sales, finance, and marketing, among many other concepts, to develop a business model as part of the DECA Depot Coffee House. The DECA Depot is open on Monday, Wednesday, and Friday mornings prior to the start of the school day.

Triad had five groups prepare for the Champaign County Design Challenge. These students were assigned to compete in the development of a boat made of only cardboard and duct tape. The students involved moved through the design process to produce the best boat within the parameters of the assignment. Triad was supported in this competition by Mr. Derek Casto, an engineer with KTH. The competition concluded at the county design competition on November 4th.

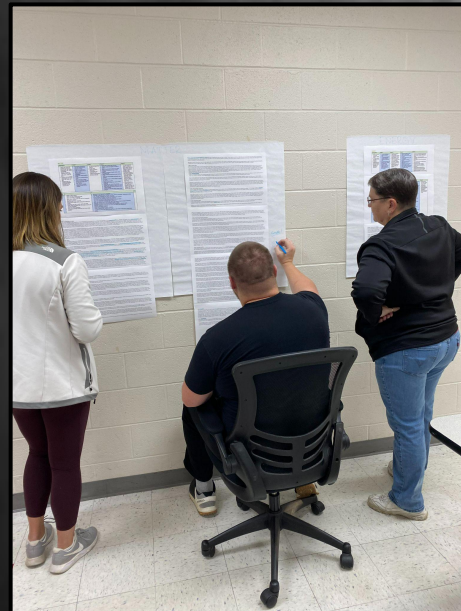

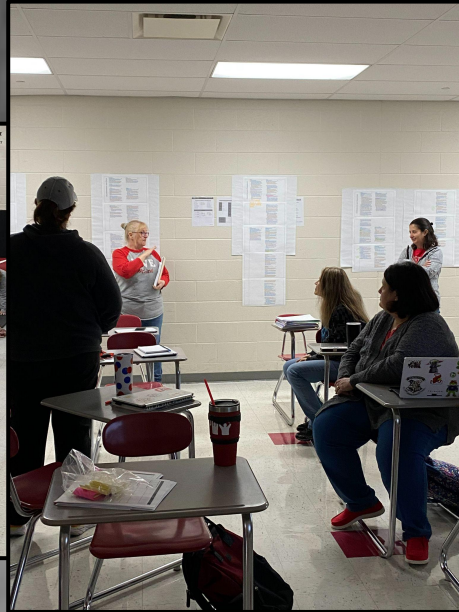

Todd Schneider
High School Principal

Patrick Johnson
Dir. of Academic Programs
johnsonp@triadk12.org

Staff PD / Wellness Day

Triad staff members came together on October 14 to participate in a wide selection of staff and community led professional development sessions. Topics ranged from standards alignment to Rough Draft Math, to even painting and yoga for the classroom.
