Code **DD** Revised **12/12**

Purpose: To establish the basic structure for the seeking of additional sources of revenue for the district.

In order to offer the best educational opportunities possible for students of the district, the board will seek as many sources of revenue as possible to supplement the funds provided through local taxation and the basic aid offered by the state.

The superintendent will notify the board of all funding proposals that are accepted.

Grants from private sources

The district will seek grants from private sources for scholarships, staff development and other educational improvement purposes.

Such grants will be approved by the board, administered by the superintendent, and used in keeping with the terms of the grants.
