

**St. Louis Park
High School**

Welcome

Class of 2026

Registration for the 2023-24 School Year

St. Louis Park
High School

Registration 2023-24SY

- Principal LaNisha Paddock
- Assistant Principal Alyssa Gardner
- Assistant Principal Derek Wennerberg

St. Louis Park
High School

Registration 2023-24SY

- Questions at any time:

Barb Nelson – 9th Grade Counselor

952-928-6131

nelson.barbara@slpschools.org

Students go through this registration process at approximately the same time each year – at this point they are just making choices for 10th grade, but they will have the opportunity to create a 3 year plan in Naviance Student.

Important Dates

- February 8th – Registration Information Night – Virtual meeting (6:30 pm) - Recording will be posted following the evening sessions for caregivers who cannot attend.
- February 7th or 9th – Students will hear elective presentations during their Social Studies class. Registration planner sheets will be available to help you start to consider class choices.
- Week of February 13th – Students will hear information during English classes regarding graduation requirements, class options (IB/AP/PSEO) and how to complete course choices in Powerschool/Naviance Student. Students will enter course requests in their English class on the designated day with each teacher.

HOME > ACADEMICS > COURSE CATALOG & REGISTRATION RESOURCES

Course Catalog & Registration Resources

At St. Louis Park High School, we want every student to access academic experiences that support the development and deepening of their brilliance. Students may choose from a variety of enrichment opportunities including Advanced Placement courses, Articulated College Credit courses, Concurrent Enrollment courses, International Baccalaureate courses, Work Based Learning, and Postsecondary Enrollment options.

St. Louis Park High School offers more than 160 courses in 12 different academic departments. Students and families should take time to review the Course Catalog and the school's graduation requirements before making their course selections. See information below regarding Registration Information Night sessions on Wednesday, Feb. 8.

[2023-24 COURSE CATALOG](#)

If you have questions about the course registration process, please contact the High School Student Services Office at 952-928-6123.

Graduation Requirements

Class of 2024 & Beyond

Credit Requirements

Earn 46 semester credits in the following areas:

1 semester = 1.0 credit = ½ year

2 semester = 2.0 credits = full year

English8 credits (English 9, 10, 11, 12)

Social Studies.....8 credits (Civics, W. History, US History, Sr. Social Studies Selections)

Math6 credits* (3 Years of math through Adv. Algebra or equivalent)**

Science6 credits* (1 Year Biology, 1 year Chem. or Physics & 1 year elective)**

Health.....1 credit

Physical Ed.1 credit

Fine Arts2 credits (ex. Music, Drawing, Painting, etc.)

Info/Comm. Lit.....1 credit (9th grade)

Park Connections.....1 credit over 4 years through Park Connections class (.25 per year)
(SEL/Career & College Readiness)

Electives12 credits total (in the areas listed below)

Additional Electives:

12 credits – Extra classes taken in: Art, Business, English, Math (ex. 4th year of Math), Music, Phy.Ed, Science, Social Studies, World Language*, or any of the classes in the Career Pathways of Study

***Strongly Suggested Additional Course Work for Admission to:**

- **Minnesota State University (MNSCU System)** - 2 or more years of a world language, 3-4 years of math & science
- **University of Minnesota** – 2 or more years of a world language, 4 years of math, 4 years of science
- **Minnesota Private Colleges/Selective Colleges** – 2 or more years of world language, 4 years of math, 4 years of science

** If students have met their requirement, there are classes noted in the course catalog that can count for the elective portion of their required math or science credit (ie. third year of math after Advanced Algebra or the elective Science credit) Look for Math Elective or Science Elective in the course description.

2023-24 Elective Course Options by Pathway

Business, Computer Science & Marketing

Business & Finance

- Business Innovations*
- Intro to Accounting*
- Personal Financial Management
- AP Microeconomic
- AP Macroeconomics
- Business Management & Operations
- Statway Statistics**
- AP Statistics

Career Based Experience

- Work Based Learning Seminar
- Work Based Learning Internship

Marketing & Management

- Intro to Marketing*
- Business Innovations*
- Personal Financial Management
- Business Management & Operations

Computer Science

- Computer Hardware & Software Fundamentals*
- Digital Game Design
- Intro to Programming
- AP Computer Science A

Health Sciences & Human Services

Health Science

- Recreational Activities for Life
- Team Sports
- Cardio Blast
- Introduction to Strength Training
- Advanced Strength Training
- Adulting & Wellness
- Nursing Assistant (CNA) with First Aid, CPR & AED Certification*
- Health Care Core*
- Health Professions Terminology*
- Exercise Physiology**
- Intro to Exercise Science**

Human Services

- AP Psychology
- Sociology

Career Based Experience

- Work Based Learning Seminar
- Work Based Learning Internship

Law, Public Safety & Security

- Law and Public Policy
- Introduction to Criminal Justice*

Education & Human Services

- Introduction to Urban Education and Reflective Teaching (EDU 200)**
- Theory of Knowledge (TOK)
- IB Extended Essay
- Multicultural Education (EDU 203)**

Government & Public Admin

- World Religions
- Revisiting Ethnicity and Culture in US History

Arts & Communication

Visual Arts

- Mixed Media Art
- Pottery I
- Pottery II
- Intro to Art
- Drawing/Illustration
- Painting

Postsecondary Enrollment Options (PSEO)

Postsecondary Enrollment Options (PSEO) is a program that allows 10th-, 11th- and 12th-grade students to earn college credit while still in high school, through enrollment in and successful completion of college-level courses. With traditional PSEO, these courses are generally offered on the campus of the postsecondary institution; some courses are offered online. Postsecondary institutions are not allowed to charge PSEO students for tuition, textbooks or support services. Students may be charged for equipment that becomes their property when the course or program is completed.

Most PSEO courses are only open to high school students during their 11th- and 12th-grade year, with each participating college and university setting their own requirements for enrollment into the PSEO courses and programs. Students may take PSEO courses on a full- or part-time basis.

Many two- and four-year colleges and universities in Minnesota offer online courses and some of them offer online degrees and certificates. Through the wide array of online courses offered in Minnesota higher education, it is possible for PSEO students in our state to complete the Minnesota Transfer Curriculum requirements and/or other courses that could result in an award in addition to their high school diploma. School districts must allow a PSEO student reasonable access to the high school building, computers and/or other technology resources during regular school hours to participate in PSEO courses, whether on-line or on campus.

By March 1 of each year, a district must provide up-to-date information on the district's website, and in materials that are distributed to parents and students, about the program—including information about enrollment requirements and the ability to earn postsecondary credit—to all pupils in grades 8, 9, 10, and 11.

Students must meet the PSEO eligibility requirements and abide by participation limits. However, if a school district determines a pupil is not on track to graduate, she/he may still continue to participate in PSEO.

How to Enroll in PSEO

Interested and eligible 11th- and 12th-grade students should contact the postsecondary institution to find out their eligibility
