DEAR COMMITTEE

PLEASE ACCEPT SCENARIO 3 WITH NO CHANGES
TO THE JACOB WISMER BOUNDARY. THIS OPTION
OFFERS:

- THE LEAST DISRUPTION FOR STUDENTS & PARENTS

- ELIMINATES CROSSING OF SPRINGVILLE / KAISER
TO GET TO SCHOOL - SAFER

- KEEPS ARBOR VIEW COMMUNITY TOGETHER AT S.W.

- ALLOWS KIDS NORTH OF SPRINGVILLE SCHOOL TO
WALK TO SPRINGVILLE

- PROVIDES BEST ENROLLMENT OVER/UNDER CAPACITY
OUTCOMES FOR ALL SCHOOLS

- ALLOWS KAISER TO OPEN WITH 600 STUDENTS

Based on the data provided Jacob
Wismer should not be considered in the
process, it only adds unnecessary complication
to the process. With the data provided
it is clear that the process should be
limited to Spiritville and Kaiser.

It makes the process cleaner, simpler

① Jacob Wismer is not & will not be overcrowded.
At 95% capacity Jk will have 712 students.
This is below than rated capacity of 749.
We all should focus on overcrowding at
Springville so that students can get the
best learning experience.

② There will be 42400 new houses. It implies
additional 1200 students. In which school
these kids will go. Is there any more future
school planned. We don't want our kids
to change school two times.

Please keep current Jacob Wismer
boundaries. The Jacob Wismer school
is at right capacity. It doesn't
make sense to move students to/from
the school, as it will not help relieving
Springville. Instead it will only result
in troubles: It will reduce the safety, as
the kids will need to cross major roads
(Kaiser, Springville, Bethany), it will also
disrupt ~~the~~ the community.

Question /Comment: _____

* Arbor View neighborhood belongs with
Jacob Wismer. We have no school bus now
with less than a mile to our school. Adding
us to the new school will increase the
transportation costs.

* Please accept the Scenario #3 with
following reasons:

1. Jacob Wismer stays together. No boundary
change. Children will be safe and not have
to cross any major road.

2. North end of Sprigville can still walk to
school - save transportation cost.

3. By 2017-18 all schools at capacity

4. In the future, by the time Kaiser
school is overcrowded - a new school can be
considered and the boundary change process
will affect only one school (Kaiser Rd. School).

Please leave Arbor View as part of the Jacob Wismer community. We are a founding neighborhood of the school and with many single family homes, offer valuable volunteers to enrich the school's curriculum and activities. Many of our students safely walk the trail and bussing our children to a far away school would be inconvenient and raise transportation costs to BSD.

Scenario #3 is an ideal boundary map for school numbers and the well being of our children. Please leave Arbor View out of further Kaiser Road discussions.

My daughter is going to Springville School. Springville School is very near to my house and my daughter can walk to the School now. Springville School is not even 0.1 mile (1/10 mile) to our house and very safe for my daughter to walk to school.

We strongly prefer **SCENARIO 3** for boundary adjustments.

There are very good side walks & stop signs in our Area to walk to the School.

Based on our review of the Boundary Adjustments Scenario 1/2/3,
Our neighborhood strongly believe that Scenario 3/2 would be the
best Map or works best by keeping following points in mind
1) 4 minutes walk to the Springville Elementary School
2) Kids doesn't need to cross any major intersection
3) After-School Transportation would be difficult to any other school
4) ^{our} Kids walk/Bike everyday and it would not be same to other schools.
