School attendance area: Jacob Wismer

Question /Comment: \_\_\_\_\_

I think it makes sense to  
leave our community of Arbor View in  
Jacob Wismer. The community has a convenient  
and safe walkable/bikeable path to the school  
without crossing any major roads.  
Also it looks that the objectives of the  
boundary adjustment process can be achieved  
~~the~~ without touching the Jacob Wismer school,  
just by moving students from currently  
overcrowded Springville school.

Thank you

Sergey Kiselev

School attendance area: Jacob Wismar

Question / Comment: Please leave the community of

64 Arbor View students in Jacob Wismar.

The parents in this community are

willing to sign the petition to support

this decision.

The reasons:

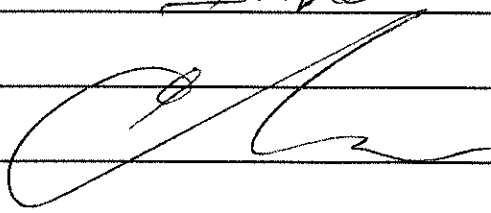

• quick walk / bike to school

• no major roads to cross

• continue & support neighborhood unity.

Thank you so much,

Irina

City State Zip

Phone: 503-329-3324

School attendance area: Jacob Wismec - 2016-17

Question /Comment: \_\_\_\_\_

- 1) More than geographical boundary, no impact of change on kids matter most. We may have leave ARTS for the older communities to go to current school (Jacob Wismec)
- 2) Target new communities for New School.
- 3) Strengthen New School from Experienced Staff & way of teaching or methodology and other great things from Jacob Wismec & Sprigville K-8  
This should be focused.

Question / Comment: \_\_\_\_\_

Please consider the trail system when  
deciding boundaries. For example, the ~~near~~ neighborhoods  
of Graf meadows / Taemler Pines and those along  
the green space could very easily bike safely  
to school to Jacob Wismer.

I heard many people say "They are already  
taking the bus to school so they can just  
keep taking the bus and ride further". That is  
a ridiculous argument. My hope is for  
a light on Springville Rd to eventually make  
biking to school (to Springville) safe or to  
be able to bike to Jacob Wismer if the  
boundary is changed.
