

SUPPORT STAFF SUPPLEMENTARY PAY/OVERTIME

Code **GDBC-R** Revised **11/16**

Minimum wage

The **minimum** wage paid on an hour by hour basis to all district employees either full or part time, permanent or temporary will be at the approved rate as determined by the federal government, except under designated training and apprenticeship programs exempt under special U.S. Department of Labor certification.

Workweek

A workweek will be a continuous period of 168 hours in the form of seven consecutive 24-hour periods. The district workweek begins at 12:01 a.m. each Monday for all employees and runs for seven consecutive days. Each workweek stands alone for the purpose of determining overtime pay for non-exempt employees.

Hours worked

Hours worked means all hours during which the individual is required to be on duty – generally from the required starting time to normal quitting time. Meal periods do not count as hours worked unless the individual is required to perform work duties during the meal period. Break periods of 20 minutes or longer do not count as work time.

- *Travel*
Ordinary travel time from home to a base location or vice versa is not work time. Official travel that occurs during an individual's regular working hours will be considered hours worked.
- *Leave*
Time taken for annual leave, sick leave, leave without pay or other leave taken for the purpose of jury duty, military assignment or because of death in the family will not be counted as time worked and is therefore not counted as compensable time for the purpose of overtime pay.
- *Part-time in different capacity*
If individuals are employed in one capacity but voluntarily work part-time in a different capacity on an occasional or sporadic basis, the hours logged in the secondary capacity will not be counted as hours worked for overtime purposes.
- *Substitution in same capacity*
Employees, at their own option but with the approval of the employer, may substitute during scheduled hours for other employees employed in the same capacity. In the case of such substitution, the hours involved are credited to the scheduled employee

and not to the substitute employee. The employer need not maintain a record that the substitution has taken place.

Overtime hours

Overtime hours will be held to a minimum consistent with the needs and requirements of sound and orderly administration. All overtime hours worked by non-exempt employees must be scheduled and duly authorized. With respect to the payment of overtime in money or in compensatory time, the district will have the discretion to determine which method of payment to choose. The district reserves the right to require employees taking compensatory time to schedule compensatory time in minimal increments of four hours. This requirement is subject to change by the district upon written notification to all affected employees. Unauthorized overtime will not be tolerated.

Where an employee in a single workweek works at two or more different types of work for which different straight-time rates have been established, the employee's regular rate for that week is the weighted average of such rates. (That is, the earnings from all such rates are added together.) This total is then divided by the total number of hours worked at all jobs.

- *Compensatory time off*
Non-exempt employees who work more than 40 hours during any work week may be awarded compensatory time off ("comp time"). Comp time will be awarded at the rate of one and one-half hours for each hour of overtime worked.

Comp time may be accrued up until 60 hours (40 overtime hours). All accrued compensatory time will be taken prior to the end of each fiscal year. Overtime work beyond this maximum accrual, or accrued compensatory time not taken prior to the end of each fiscal year, will be monetarily compensated at the rate of one and one-half times the individual's normal hourly rate of pay.

Every effort will be made to permit the use of comp time at a time mutually agreed upon by the individual and his/her supervisor. However, where the individual's absence would unduly disrupt the district's operations, the district retains the right to postpone comp time usage.

Time off later for working on an official holiday will not be considered compensatory time off but as a delayed holiday. Employees who are required to work on an announced holiday must be given equal time off within the same fiscal year.

- *Monetary compensation*
Non-exempt employees who work in excess of 40 hours per workweek will be paid at one-and-one-half times their "regular rate."
- *Termination*
Individuals with unused comp time who are terminated or who terminate their employment will be paid for unused comp time at one and one-half times their final

regular rate of pay or for the average regular rate of pay for the final three years of employment, whichever is higher.

Volunteers

A volunteer is defined as an individual who receives no compensation or who is paid expenses, reasonable benefits, or a nominal fee to perform the services for which the individual volunteered and such services are not the same type of services which the individual is employed to perform for the district.

Students

Career and technology students performing work as part of a curriculum are students and not workers. Students helping in office capacities for short periods of time are volunteers and not employees.

Executive, administrative and professional employees will be considered exempt if they meet all of the following respective tests for exemption from coverage under the law.

Permissible Deduction

The district can take deductions from an exempt employee's salary for violations of workplace conduct rules without risking the loss of the exempt employee's status.

Improper Deductions

The board prohibits improper pay deductions. Employees who believe that improper pay deductions have been taken should immediately report the concern to the superintendent. Employees will be reimbursed for improper deductions. If an employee's request for reimbursement is denied, the employee may appeal that decision by following the grievance procedure set forth in board policy.

Nothing in the policy will prevent the district from properly charging absences against sick leave, personal leave, or other such leave or from making deductions from pay for unapproved or unpaid absence, as established in board policy.

Safe Harbor Rule

The district will lose overtime exemptions if and when it has an actual practice of making improper deductions from an employee's salary. The district may utilize a "safe harbor" to reduce the risk that improper deductions will destroy an exemption by ensuring the following:

- Clear communication of its policy prohibiting improper deductions and inclusion of a complaint mechanism
- Reimbursement for any improper deductions
- Good faith commitment to comply with federal regulations in the future

The district will lose the protection of the "safe harbor" if it willfully violates the above provisions and continues to make improper deductions.
