

BEAVERTON

SCHOOL DISTRICT

WELCOME...to a special meeting of the
Beaverton School District.

The Elementary School Boundary Advisory
Committee welcomes written comments and
questions. When finished please place your
sheet in the labeled basket on the table near
the entrance.

Date: NOV 8, 2016
Name: Rebekah Beste
Address: 16150 NW Andalusian
Portland OR 97229
City State Zip
Phone: 503-954-6105
School attendance area: Springville
Question /Comment: _____

Scenario 3 is a great solution to all of the
issues facing the school district's overcrowding.
I understand the concerns that pirate park neigh-
hood has been moved previously--but seriously--those kids
who moved are all in Jr High or High school. The
children are not being effected. It's merely the
parents complaining.

However- the bottom section of the current
Kaiser ~~border~~ boundary could be moved to Wismer
to equalize the economically disadvantaged ~~area~~ %'s.
If you move the 41-60-12 to wismer you
solve the ~~the~~ future over crowding for Kaiser
and equalize free and reduced lunch
population

BEAVERTON SCHOOL DISTRICT

WELCOME...to a special meeting of the
Beaverton School District.

The Elementary School Boundary Advisory
Committee welcomes written comments and
questions. When finished please place your
sheet in the labeled basket on the table near
the entrance.

Date: 11/7/2016

Name: SUSANNA BREILING

Address: 15521 NW WESTBROOK way
PORTLAND, OR 97229
City State Zip

Phone: 503 7475424

School attendance area: SPRINGVILLE

Question /Comment: _____

Since the share of Economically Disadvantaged students at Jacob Wismer is much lower than Springville & Kaiser and the projected enrollment of Jacob Wismer is lower than Springville & Kaiser, my suggestion is that if you move areas 41, 60 and 12 to Jacob Wismer you will increase the population of Jacob Wismer and as there are apartments with economically disadvantaged students, you would equalize and address this issue, and still leave scenario 3 pretty much unmodified.

On another note, why is there a small section of economically disadvantaged students (39 & 68) going to Springville instead of Rock Creek? This neighborhood is completely isolated from Springville (it makes no sense).

BEAVERTON SCHOOL DISTRICT

WELCOME...to a special meeting of the
Beaverton School District.

The Elementary School Boundary Advisory
Committee welcomes written comments and
questions. When finished please place your
sheet in the labeled basket on the table near
the entrance.

Date: 11/07/16

Name: Deepa

Address: 16849 NW Viola St

City

State

Zip

Phone: _____

School attendance area: Springville

Question /Comment: _____

Scenario 3 looks Good.

Please retain walk areas of Springville here
in Springville

Moving ^{parts of} north of Springville school to New School
would increase the traffic on Brougga and
put the kids in hardship.

BEAVERTON SCHOOL DISTRICT

WELCOME...to a special meeting of the
Beaverton School District.

The Elementary School Boundary Advisory
Committee welcomes written comments and
questions. When finished please place your
sheet in the labeled basket on the table near
the entrance.

Date: Nov. 7th, 2016

Name: Weibing Gong

Address: 16727 NW Antonio Street
Portland OR 97229
City State Zip

Phone: 503-475-8429

School attendance area: Springville K8

Question /Comment: _____

I think the Committee's Modified Scenario 3 is
the best option for the School Boundary Adjustment.
The reason is being that from ~~both~~ ^{both} the project enrollment
and economical ~~stand~~ point, this is the best option.

BEAVERTON SCHOOL DISTRICT

WELCOME...to a special meeting of the
Beaverton School District.

The Elementary School Boundary Advisory
Committee welcomes written comments and
questions. When finished please place your
sheet in the labeled basket on the table near
the entrance.

Date: 11/7/2016

Name: Praveen Gupta,

Address: 16810 New Vista Street
Portland OR 97229.
City State Zip

Phone: 971-244-2980.

School attendance area: Springville.

Question /Comment: _____

Based on all the discussions &
Safety criteria we recommend
Scenario 3

Thank you,

WELCOME...to a special meeting of the
Beaverton School District.

The Elementary School Boundary Advisory
Committee welcomes written comments and
questions. When finished please place your
sheet in the labeled basket on the table near
the entrance.

Date: 11-7-16

Name: Susan Hersen

Address: 16180 NW Ryegrass St.

Portland

OR

97229

City

State

Zip

Phone: 503-330-8011

School attendance area: Springville K-8.

Question /Comment: _____

I have several concerns about Option #3.

1. What consideration (how was value measured) by
the committee was given to moving students from an
EL & K-8 school (Springville) to Kaiser Rd. school?

These two schools are not the same either in terms
of curriculum or size (grade-level).

2. I have grave concerns about the 2012 projection
numbers. It is unconscionable to move forward with
Option #3 knowing that Kaiser will far exceed capacity
by 2012 and Irismer will be below capacity. If you will
unnecessarily relocate students now and put them into
the exact same overcrowding situation at Kaiser.

3. The north/south division of Pirate Park neighborhoods
~~is~~ does not accurately reflect the east/west design
of these neighborhoods. Nor does it provide any
consideration for walkability or transportation considerations.
These neighborhoods cannot travel "thru" Pirate Park" but must →

utilize Kaiser Rd instead.

BEAVERTON

SCHOOL DISTRICT

WELCOME...to a special meeting of the
Beaverton School District.

The Elementary School Boundary Advisory
Committee welcomes written comments and
questions. When finished please place your
sheet in the labeled basket on the table near
the entrance.

Date: 11/7/2010

Name: Rohit Jain

Address: 5359 NW Breakness Ter
Portland OR 97229
City State Zip

Phone: 503-719-9811

School attendance area: Springville K-8.

Question /Comment: We would like to keep
old students in same school because
our houses are old neighborhood,
and new ones should be sent to
new school, as because of them the new
school is constructed.

BEAVERTON SCHOOL DISTRICT

WELCOME...to a special meeting of the
Beaverton School District.

The Elementary School Boundary Advisory
Committee welcomes written comments and
questions. When finished please place your
sheet in the labeled basket on the table near
the entrance.

Date: 11/07/2016

Name: Shuchi Joshi

Address: 5359 NW PRAIRIEVIEW TER
PORTLAND OR 97229
City State Zip

Phone: 206-335-9083

School attendance area: SPRINGVILLE K-8

Question /Comment: We would like to keep the old
students of the school in the same
school instead of sending of the new
school so that it impacts every student's
learning the least. I think school
boundary change division affect our old students
the most. So please keep that in the (As the
criteria when you make the final
decision!

WELCOME...to a special meeting of the
Beaverton School District.

The Elementary School Boundary Advisory
Committee welcomes written comments and
questions. When finished please place your
sheet in the labeled basket on the table near
the entrance.

Date: 11/7/16
Name: Cheyenne Kalainoff
Address: 16239 NW Energia St
Portland OR 97229
City State Zip

Phone: (505) 506-8522

School attendance area: 18 ~~18~~ currently Springville

Question /Comment: _____

I am concerned that Kaiser will soon
be over capacity. It ~~will~~ may be the
only school of 3 required to use portables
as classrooms. I'm also concerned that
my child will not go to the same school as
our neighbors in 57. I'm also concerned
that the school boundaries ~~will~~ ^{will} change
again resulting in ~~exchange~~ additional
changes to our neighborhood 'Pirate Park'.
I think it makes more sense to go with
scenario 1 and ~~revert 42084, 414 to Kaiser~~
make adjustments to the north ~~42084 and 414~~

BEAVERTON SCHOOL DISTRICT

WELCOME...to a special meeting of the

Name: Nirajan Koiri

Address: 16820 NW Viola Street
Portland OR 97229
City State Zip

Phone: 609-903-1218

School attendance area: Springville

Question / Comment: Firstly we appreciate committee bringing the
community together to brainstorm the best possible options
to mark the boundary based on safety etc...

After spending tons of hours, discussing, brainstorming
during lot of hours we strongly support prefer
[Scenario 3] as it provides safety to the kids &
Very valuable.

Thank you.

Nirajan

Address: 6451 NW Wenmarie DR
Portland

City

State

Zip

Phone: 503-984-7314

School attendance area: JW / Arbor View

Question / Comment:

What is the plan for middle school?
Will Kaiser Rd school and JW
continue to go to Stoller, or will
a new middle school be added to
this area?

I hope that the elem schools
will feed to the same middle school
and high school rather than split.

WELCOME...to a special meeting of the
Beaverton School District.

The Elementary School Boundary Advisory
Committee welcomes written comments and
questions. When finished please place your

Phone: _____

School attendance area: SPRINGVILLE K-8

Question /Comment: _____

① Can the new school also follow
EL instead of STEAM to ensure
there is continuity for the Springville
kids.

② If the Kaiser-K-5 #'s will be moved
out in couple of years, and
the pirate park neighborhood will
be considered for boundary adjustment
can other scenarios be looked
at again?

BEAVERTON

SCHOOL DISTRICT

WELCOME...to a special meeting of the

Date: 11/7/16
Name: Irina Malinov
Address: 15089 NW Twinflower Dr
Portland OR 97229
City State Zip
Phone: 503-593-4694
School attendance area: Jacob Wismar
Question /Comment: _____

Thank you to the committee members on
their hard work - the modified scenario
3 looks very good. It answers a lot
of needs and fits a lot of criteria,
that are important for the Beaverton
School District.

I support the modified scenario # 3!
Please keep Jacob Wismar neighborhoods
in Jacob Wismar Elementary?

Thank you!
Irina

BEAVERTON SCHOOL DISTRICT

WELCOME...to a special meeting of the
Beaverton School District.

Date: 11-7-16

Name: LeeAnn Mohler

Address: Ryegrass St
Portland, OR 97229
City State Zip

Phone: 503-929-9570

School attendance area: Currently Springville

Question /Comment: _____

-This concern about opening Kaiser
w/500 kids- Springville didn't open at
full capacity but the development
in the area resolved that Kaiser
will fill up naturally. Please
don't move us to Kaiser on
accountability of "numbers". These
are our kids that have developed
relationships.

-Springville is overcrowded because of
the new developments! Send them to
their new school. Kaiser had to be built
because of them. The growth will
continue & Kaiser will soon be as
crowded as us (Springville).

WELCOME...to a special meeting of the
Beaverton School District.

The Elementary School Boundary Advisory
Committee welcomes written comments and
questions. When finished please place your
sheet in the labeled basket on the table near
the entrance.

Date: 11/7/14

Name: April Powers

Address: 15437 NW Trakdiner Way
Portland OR 97229
City State Zip

Phone: [redacted]

School attendance area: Springville

Question /Comment: _____

I would urge you to reconsider Scenario 1 with
a modification - moving areas of #84, #0, #14 to Kaiser.
This makes the numbers work well and keeps the
Pirate Park + Emerald Estates neighborhood together.
~~That~~ The area of Pirate Park (91-18-12-41-60) is
the area that will be moved again - either back to
Springville or JW - when Kaiser is overcrowded in
just a few years. This area needs continuity.
Stability. A neighborhood school. They do not
deserve to be shuffled back and forth every few
years. Their community with Emerald Estates (57)
needs to remain intact. Also, it does not make
sense to make Emerald Estates a "transportation
island" that must be bussed around Pirate Park
to go to Springville. It is not a long-term
solution + not in the well-being of students.
It makes more sense to draw boundaries to

the north since that is where the new growth is. Yes, there is a current transportation issue for neighborhoods north of Springville - but it is temporary. That area is naturally in a position to attend Kaiser. It doesn't make sense to keep them with Springville now just to move them later. - and move the Pirate Park neighborhood back. Do it right the first time for continuity. Our kids need stability for once.

BEAVERTON SCHOOL DISTRICT

WELCOME...to a special meeting of the
Beaverton School District.

The Elementary School Boundary Advisory
Committee welcomes written comments and
questions. When finished please place your
sheet in the labeled basket on the table near
the entrance.

Date: 11/7/16

Name: RAJESH POORNACHANDRAN

Address: 15317 NW Two Ponds Dr

PORTLAND OR 97229
City State Zip

Phone: 602-330-4925

School attendance area: JW

Question /Comment: ✓

I really appreciate all the efforts from BSD towards our kids
education. We really like the modified scenario #3 that
fits our needs as well as BSD needs for a better future.
~~W~~ We kindly request BSD to continue with "modified
scenario #3" and recommend the same.

Thanks very much.

BEAVERTON SCHOOL DISTRICT

WELCOME...to a special meeting of the
Beaverton School District.

The Elementary School Boundary Advisory
Committee welcomes written comments and
questions. When finished please place your
sheet in the labeled basket on the table near
the entrance.

Date: 11/5/16

Name: CHETANA SINGH

Address: 13408 NW Everglade St.
Portland OR 97229
City State Zip

Phone: 503-568-9507

School attendance area: Springville

Question /Comment: _____

All the concerns raised with respect to area 91
today ~~are~~ were very relevant, reasonable in terms of
fairness and worth considering.

1) I am also very concerned about the economically
disadvantaged student ratio not being same for
all three schools

2) Kids being moved from one school to another
every 3-4 years is very challenging for little kids
and their parents.

3) Springville being at 119% capacity vs. JW at
94% is unfair even today.

The Elementary School Boundary Advisory Committee welcomes written comments and questions. When finished please place your sheet in the labeled basket on the table near the entrance.

I HAVE A 5th grader will she be grandfathered in to the 6-8 middle school.

BEAVERTON

SCHOOL DISTRICT

WELCOME...to a special meeting of the
Beaverton School District.

The Elementary School Boundary Advisory
Committee welcomes written comments and
questions. When finished please place your
sheet in the labeled basket on the table near
the entrance.

Date: 11/07/2016

Name: Rajesh Thallam

Address: 7015 NW 168th AVE
Portland OR 97229
City State Zip

Phone: 503 724 1351

School attendance area: Springville Elementary School

Question /Comment: _____

We strongly prefer Modified Scenario 3. I live on
168th AVE which is less than 0.1 mile to school which
is a walking zone.

This area has very good walk ways and safe
for children to walk and no need to cross any
signals.

BEAVERTON SCHOOL DISTRICT

WELCOME...to a special meeting of the
Beaverton School District.

The Elementary School Boundary Advisory
Committee welcomes written comments and

Date: Nov. 7, 2014

Name: Mari Thompson

Address: 15447 NW Westbrook Way
Portland OR 97229
City State Zip

Phone: 503-614-9764

School attendance area: Springville

Question /Comment: It seems that long term, Kaiser and
Springville will end up overcrowded and Jacob
Wismer will be underenrolled. It would make sense
to have the southern most neighborhood with
numbers of 41,60 & 12 go to Jacob Wismer. Also,
the Western most neighborhood which is
completely isolated from any other students
attending Springville with numbers of 68 & 39
should be at Rock Creek which I believe has
low enrollment and would also decrease
the number of economically disadvantaged
students at Springville.

→ This would bring Jacob Wismer's very low (4%)
economically underprivileged number of students
up closer to adjacent schools.
Thanks for your consideration.

Mari Thompson

BEAVERTON

SCHOOL DISTRICT

Date: 11/7/2016

Name: Wei Wei

Address: 15536 NW Energim St.
Portland, OR 97229
City State Zip

Phone: 503-270-7451

School attendance area: Springville K-8. (Live by Pirate Park)

Question / Comment: lower orange pocket 911

1. In 2009. Our area is moved from JW to Springville when springville opened. and we were told that "that was it". Now scenario #3 is proposing to move our area to Kaiser Road. With North of development area~~ed~~ being developed, once Kaiser is filled up, we will be moved again?
2. Why is JW staying under capacity, and Springville & Kaiser Road are above (or will be above) the capacity?

3. The impact on young kids: is anybody looking at the impact of moving current Springville's kids who are in EL to STEM?

4. Development area is on the North of Springville Boundary should be at the north. The "T" shape (of Springville & Kaiser) doesn't make sense.
