

## **MATHEMATICS EDUCATION**

Code **IHAB** Revised **10/14**

---

Purpose: To establish the board's vision for mathematics education.

It is essential that all students acquire and develop content knowledge and skills of mathematics as specified in the state standards. The district will teach skills and content in all elementary school classrooms and secondary mathematics classrooms. In addition, schools will require students to memorize multiplication tables to ensure that students can effectively multiply numbers by the end of the fifth grade.

Adopted 6/1/98; Issued 3/4/13; Revised 10/6/14
