

MUSIC EDUCATION

Code **IHAG** Revised **3/13**

Purpose: To establish the board's vision for music education.

Music education is a part of the total educational program and should be scheduled cooperatively by principals, coordinators of vocal and instrumental music education, and music teachers. The district requires vocal or general music as a part of the curriculum in grades kindergarten through twelve. The district provides instrumental music on an elective basis in each school in grades six through twelve.
