

TEXTBOOK SELECTION AND ADOPTION

Code **IJJ** Issued **3/13**

Purpose: To establish the board's vision and basic structure for the selection and adoption of textbooks to be used by the district.

The superintendent or his/her designee will approve textbooks in specific curriculum areas based upon the recommendation of textbook committees composed of teachers, department chairs, supervisors, directors and principals. The committee may seek comments from interested parents community members and students.

The committee will select texts from those on the approved list of the state department of education.
