

Regular Meeting Agenda

Pioneer Middle School 1750 Bob's Hollow Lane DuPont, WA

STUDY SESSION: The School Board normally convenes at 6:30 pm just prior to the start of the formal Board meeting to discuss the Board agenda.

No decision making is undertaken. These study sessions are open to the Public.

Wednesday, December 18, 2019 07:00 PM

I. CALL TO ORDER

(Action)

- A. Pledge of Allegiance
- B. Roll Call
- C. Approval of Agenda

II. COMMENTS FROM THE AUDIENCE

(Information)

Members of the audience wishing to comment on specific items on this agenda will be allowed to comment briefly during the Comments From the Audience portion of the agenda. Those wishing to speak will please sign the Speaker List in order to be recognized by the Board. **Please limit your comments to three (3) minutes.** The Board will not entertain comments during any other part of the meeting. Remarks of a negative nature singling out specific employees, other than the Board or Superintendent, will not be heard outside of Executive Session. The Board reserves the right to terminate presentations containing personal attacks on individuals.

III. PRESENTATION - Pioneer Middle School Band

(Presentation)

Presenter: JoAnne Fernandes/Jenessa Stout

IV. REPORTS - Fall Sports Recap

(Information)

Presenter: Jake Tyrrell

[SHS Fall Athletics Update.pdf \(p. 4\)](#)

[SHS Participation & Concussion Data.pdf \(p. 13\)](#)

V. SWEARING IN OF DIRECTOR POSITION 5, SAMUEL T. SCOTT

(Action)

VI. CONSENT AGENDA

(Action)

The purpose of the consent agenda is to reduce time going through motion, second and voting on issues of common consent. Any Board member can ask for any item to be removed from the consent agenda. There is no discussion of items on the consent agenda. By motion of the Board, remaining items are approved without discussion as part of the consent agenda. Discussion of items removed from the consent agenda occurs immediately following action on the consent agenda.

[Approval of Financial Reports.PDF \(p. 14\)](#)

[Approval of November and December 2019 Accounts Payable and November 2019 Payroll.PDF \(p. 23\)](#)

[Approval of November 20, 2019 Board Meeting Minutes.pdf \(p. 24\)](#)

[Approval of Classified Personnel Report.pdf \(p. 27\)](#)

[Approval of Co-Curricular Personnel Report.pdf \(p. 28\)](#)

[Approval of District-Wide Surplus.pdf \(p. 29\)](#)

[Approval of SHS Band Field Trip to Orlando.PDF \(p. 101\)](#)

[Approval of SHS Key Club Field Trip to Portland.PDF \(p. 122\)](#)

VII. OLD BUSINESS - Approval of Capital Facilities Plan

(Action)

Presenter: Superintendent Weight

[Capital Facilities Plan 2019-2025.pdf \(p. 123\)](#)

VIII. NEW BUSINESS

A. Election of Board Chair

(Action)

B. Election of Board Vice Chair

(Action)

C. Election of Legislative Representative

(Action)

D. Approval of Revised Board Meeting Calendar

(Action)

Presenter: Superintendent Weight

[2019-20 Revised Board Meeting Schedule.pdf \(p. 159\)](#)

E. First Reading of Policy 1430 Audience Participation

(Action)

Presenter: Superintendent Weight

[Policy 1430 Audience Participation.pdf \(p. 160\)](#)

F. First Reading of Policy 4210 Regulation of Dangerous Weapons on School Premises

(Action)

Presenter: Superintendent Weight

[Policy 4210 Regulation of Dangerous Weapons on School Premises.pdf \(p. 162\)](#)

G. First Reading of Policy 6112 Rental or Lease of District Real Property

(Action)

Presenter: Superintendent Weight

[Policy 6112 Rental or Lease of District Real Property.pdf \(p. 167\)](#)

IX. COMMENTS FROM THE AUDIENCE

(Information)

Members of the audience wishing to comment on specific items on this agenda will be allowed to comment briefly during the Comments From the Audience portion of the agenda. Those wishing to speak will please sign the Speaker List in order to be recognized by the Board. **Please limit your comments to three (3) minutes.** The Board will not entertain comments during any other part of the meeting. Remarks of a negative nature singling out specific employees, other than the Board or Superintendent, will not be heard outside of Executive Session. The Board reserves the right to terminate presentations containing personal attacks on individuals.

X. BOARD COMMUNICATION

(Information)

XI. ANNOUNCEMENTS

(Information)

XII. ADJOURNMENT

(Action)

Steilacoom Athletics

Fall 2019

Sustained Success

BOYS & GIRLS XC

Boys district champions.
Boys 2nd in state, Girls 16th in state.

01

GIRLS SWIM & DIVE

2nd in league.
10th in state. Two individual titles.

02

VOLLEYBALL

Undefeated regular season.
4th in district. 9th in State.

03

FOOTBALL

2nd league championship in three years.
2nd in state.

04

Consistent Numbers

Student-Athletes in Fall 2018: **365**

Student-Athletes in Fall 2019: **363**

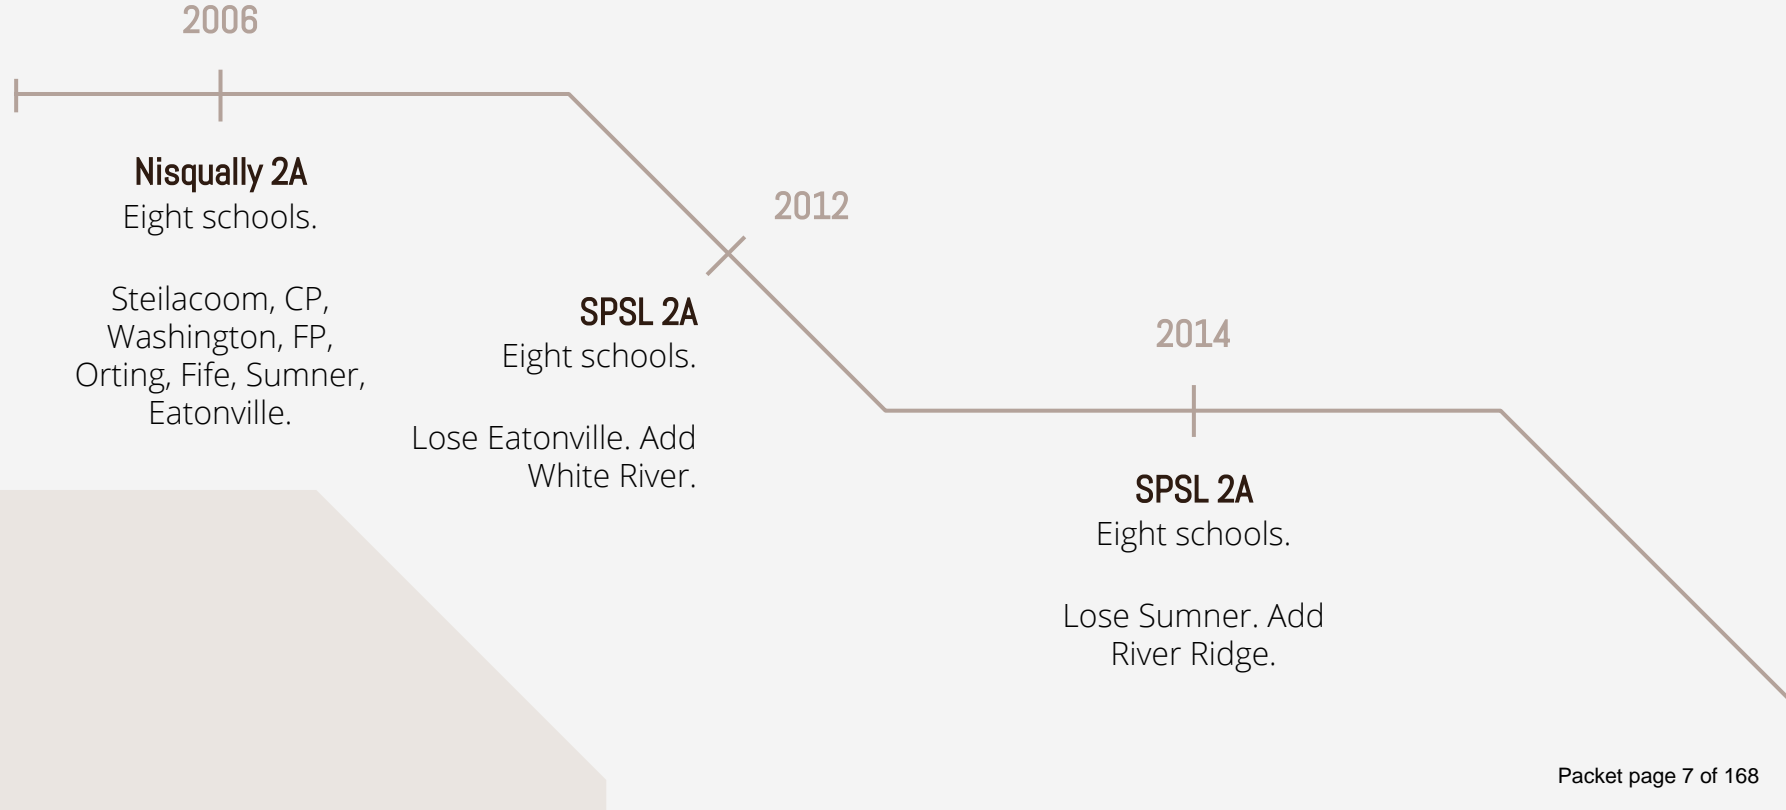

Fall GPA in 2018: **3.41**

Fall GPA in 2019: **3.33** (*No Varsity Team Under 3.0*)

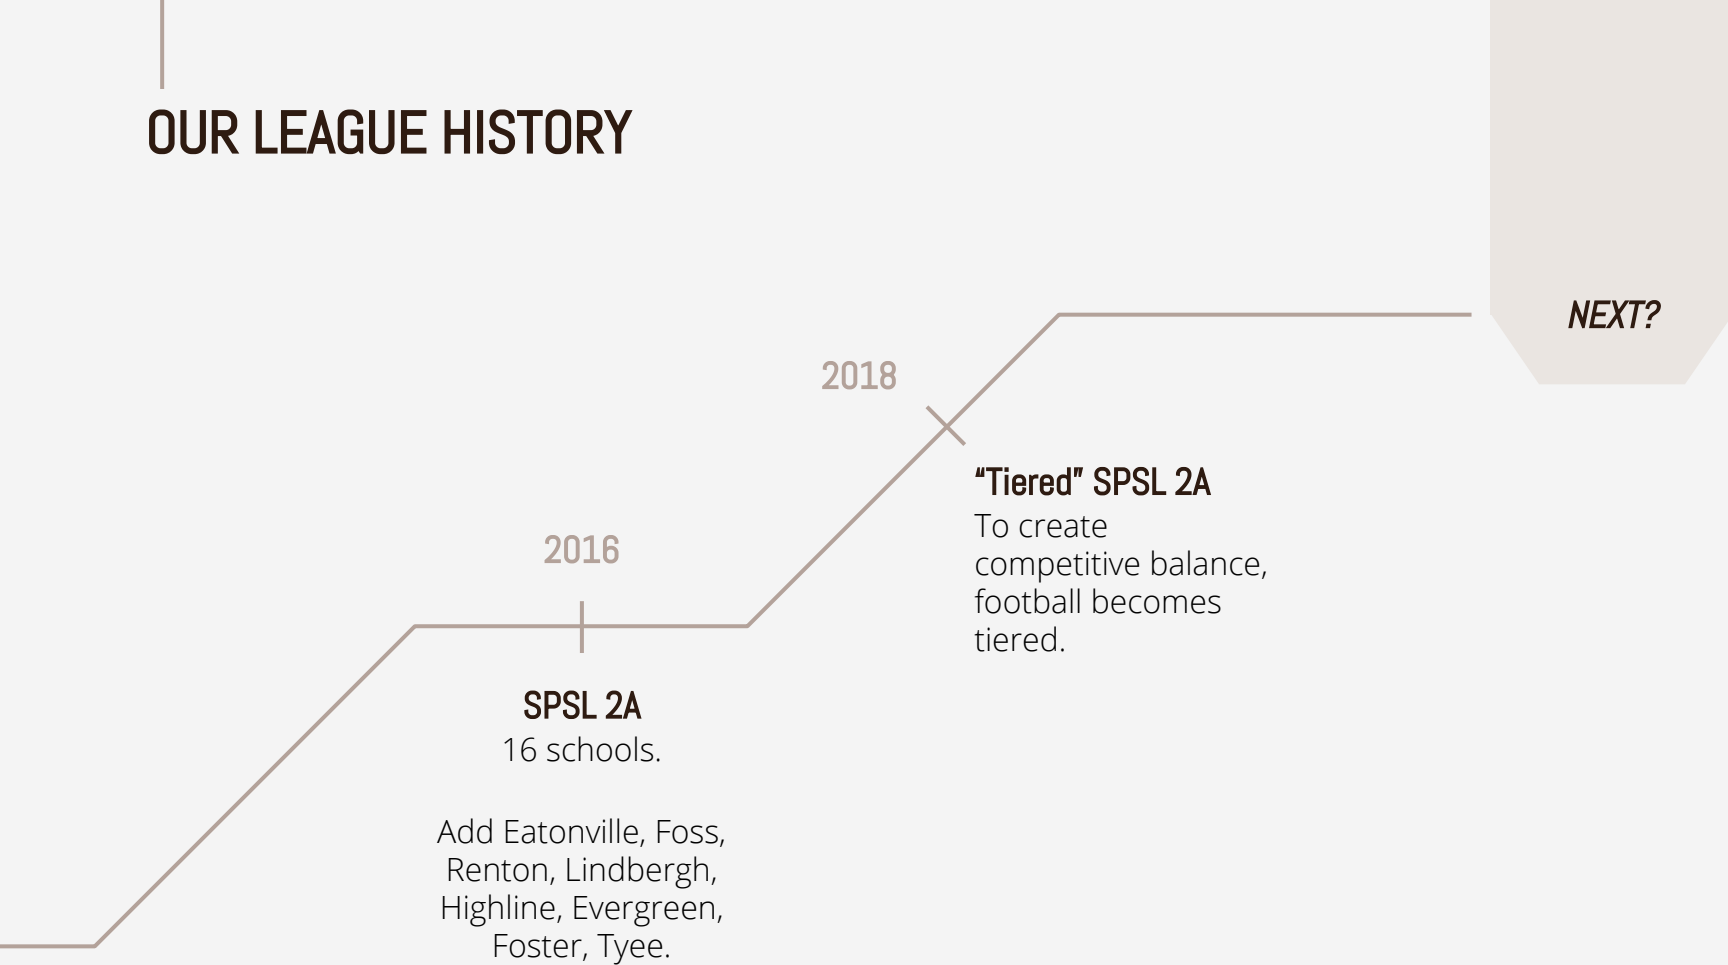

Safety Data: ***Handout***

OUR LEAGUE HISTORY

OUR LEAGUE HISTORY

OUR PHILOSOPHY

FINANCE

Sending student-athletes to Renton, SeaTac, and West Seattle is not great for our travel budget. Similarly, these teams do not travel, so there is no profit when we host.

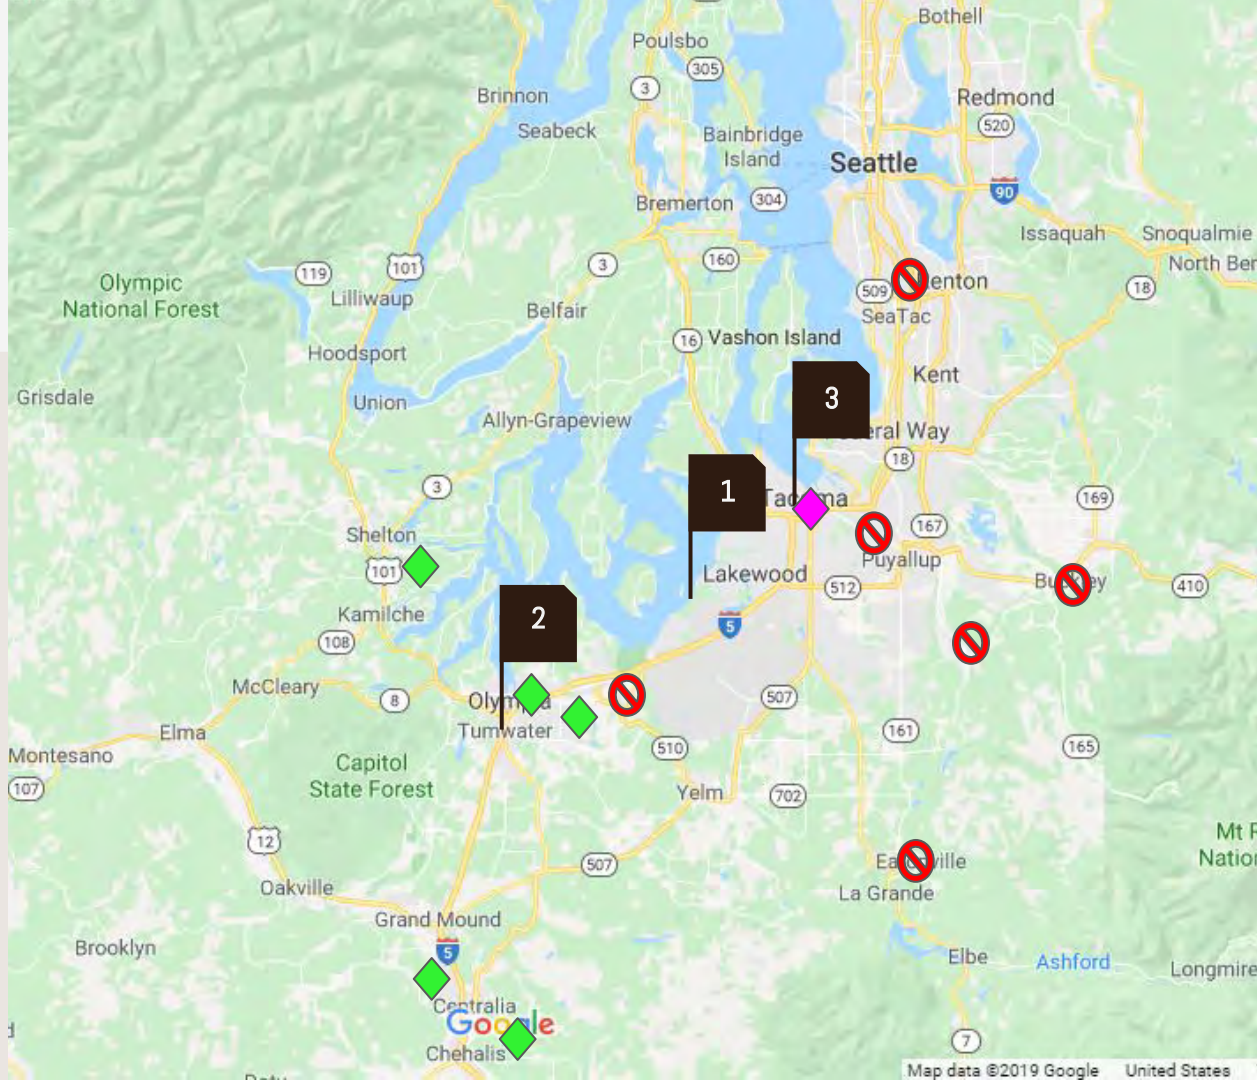

COMPETITION

Many of the schools from the north do not have C-level teams, and some do not have JV teams. Example: HoCo Football 2018.

ENGAGEMENT

Of the eight new schools, the participation from six of the new principals has been less than consistent. This makes collaboration between schools very difficult.

Option 1

Stay put.

Option 2

Head south, 2A/3A

Option 3

City league, 2A/3A.

Saisha Morales (12) AVCA All-Region Team

"Athletics helps me form a bond with my teammates. It feels more like a family."

Alex Ruppe (10) Two State Titles

"I like how challenging swim is, and everyone at the school is so nice and supportive."

Emeka Egbuka (11) Gatorade WA FB Player of the Year

"This group has done something special.
That is a great feeling!"

Connor Shoup (11) NW Regional Men's Doubles Champ

"Rowing changed my life. It's hard work, but
you always leave with a smile on your face."

Steilacoom Historical School District No. 1
Financial Report - November 30, 2019
Budget/Year-End Projection/YTD Actual

The following information is a summary of the financial position as of November 30, 2019 for the district's five operating funds. It provides the School Board fiscal information to evaluate the fiscal stability and operations of the district. The information is unaudited but supported by the attached monthly budget status reports.

General Fund Budget/YTD Actual:

	Annual Budget	YTD Actual	
Revenues & Other Financing Sources	43,279,587	10,221,795	23.62%
Expenditures & Other Financing Uses	43,661,008	11,494,406	26.33%

Excess Revenues/Other Financing Sources		
Over (under) Expend & Other Financing Uses	(381,421)	(1,272,611)

Transfer to Capital Projects	(100,000)
Net Change in Unassigned Fund Balance	(1,372,611)

Fund Balances	9/1/2019	11/30/2019	Variance
Restricted for Carryover	200,000	177,137	-22,863
Committed for Other Purposes	25,369	0	-25,369
Unassigned Fund Balance	2,600,094	1,019,420	-1,580,674
Unassigned Minimum Fund Balance	2,610,000	2,610,000	0
Fund Balance	5,435,463	3,806,557	-1,628,905

Capital Projects Fund:

Fund Balance - Impact Fees \$525,262 - Turf Field Replacement \$300,000

Beginning Fund Balance		1,499,927	
GF Transfer to Capital Projects	100,000		
Revenues	42,610		
Expenses	4,096		
		138,514	
Ending Fund Balance 11/30/2019			1,638,442

	9/1/2019 Beginning Balance	11/30/2019 Ending Fund Balance	Variance

Steilacoom Historical School District

Affidavit covering payment of payroll and invoices for General Fund, Capital Projects Fund, Associated Student Body Fund, Private Purpose Trust Fund and Transportation Vehicle Fund.

DATE: December 18, 2019

THIS IS TO CERTIFY, under penalty of perjury, that the undersigned has examined the attached vouchers and payroll, and that each of the invoices and vouchers were duly certified to have been received and checked as to price and quantity and have been duly certified by the claimant, as required by law; that the extensions and additions of said invoices and vouchers have been checked by Business Office staff and were found to be correct.

Mur - Beard

Dr. Melissa Beard, Chief of Finance and Operations

THIS IS TO CERTIFY that the warrants and electronic transfers of the Steilacoom Historical School District No. 1, Pierce County, Washington, as listed below, have been allowed by the School Board of this district.

Board of Directors of Steilacoom Historical School District No. 1

I, Kathi Weight, being duly sworn, depose and say: That I am the Secretary to the Board of Steilacoom Historical School District No. 1, Pierce County, Washington, and that the above signatories are personally known to me and have signed these statements in my presence.

Kathi Weight, Secretary to the Board

Regular Meeting Minutes
Steilacoom High School 54 Sentinel Drive Steilacoom, WA
Wednesday, November 20, 2019

STUDY SESSION:

- Agenda review

REGULAR MEETING:

I. CALL TO ORDER

Chair Forbes called the meeting to order at 7:00 pm.
Executive Director Susanne Beauchaine led the Pledge of Allegiance.
All Directors and Superintendent Weight present.
Chair Forbes recognized DuPont Councilmember Penny Coffey.
Director McDonald made a motion to approve the agenda; Director Scott seconded the motion and the motion passed (5/0).

II. COMMENTS FROM THE AUDIENCE

- Lauren Burket, DuPont, commented on elementary recess concerns
- Marilyn Trujillo, Lakewood, commented on staff needed
- Courtney Hansen, DuPont, commented on recess

III. REPORTS

A. Chloe Clark Green Team Report

Linda Merritt, Holly Kay, and Kelly Radtke, Chloe Clark teachers, presented Chloe Clark's Green Team Report. Chair Forbes thanked the team for their efforts.

B. Class of 2019 Graduation Data

Executive Director Susanne Beauchaine and SHS Principal Mike Miller presented data on the Steilacoom High School 2019 graduation rate. Questions and discussion followed.

IV. RECESS TO PUBLIC HEARING

Chair Forbes recessed to public hearing at 7:28 pm.

V. PUBLIC HEARING - Proposed Sale of Surplus School District Property

A. Presentation - Proposed Sale of International Place Property

Director Forbes presented information on the proposed sale of the International Place property.

Regularly scheduled meetings of the Board of Directors of the Steilacoom Historical School District 1 are digitally recorded.

B. Comments from the Audience

No comments.

VI. RETURN TO PUBLIC MEETING

Chair Forbes returned to regular meeting at 7:29 pm.

VII. CONSENT AGENDA

Director Pierce made a motion to approve the Consent Agenda; Director Schenk seconded the motion and the motion passed (5/0). The Consent Agenda included attached financial reports, October and November 2019 Accounts Payable including October 2019 Payroll, minutes from the October 23, 2019 Board Meeting, personnel reports, and SHS Wrestling Tournament Field Trip Request.

VIII. OLD BUSINESS - Second Draft of Capital Facilities Plan

Superintendent Weight presented the second draft of the Capital Facilities Plan. The Board will vote to adopt the Capital Facilities Plan at the December 18, 2019 Board meeting.

IX. NEW BUSINESS

A. First Reading of Policy 1112 Director Orientation

Director McDonald made a motion to approve Policy 1112 Director Orientation; Director Scott seconded the motion and the motion passed (5/0).

B. Resolution 857-11-20-19 Approval of WSSDA Annual Conference Registration

Director Pierce made a motion to approve Resolution 857-11-20-19 Approval of WSSDA Annual Conference Registration; Director Schenk seconded the motion and the motion passed (5/0).

X. COMMENTS FROM THE AUDIENCE

No comments.

XI. BOARD COMMUNICATION

- Director Schenk received communication regarding Chloe Clark recesses.
- Director Pierce received communication via Facebook forums regarding Standards Based Grading. He directed parents to contact their school's teachers and administration.

XII. ANNOUNCEMENTS

- Director Scott noted how well the Steilacoom High School Girls' Swim & Dive team performed at the State Championship. He thanked Principal Mike Miller for attending the meet.
- Director Forbes noted the Steilacoom High School Girls' Swim & Dive team placed 10th overall at the State Championship. He mentioned the girls' relay teams as well as Alex Ruppe, who placed 1st in two events.

XIII. RECOGNITION OF STEVE SCHENK

Superintendent Weight and School Board Directors recognized Steve Schenk, Board Director, and thanked him for his wisdom, service, and commitment to the school district staff, students, and community.

Regularly scheduled meetings of the Board of Directors of the Steilacoom Historical School District 1 are digitally recorded.

XIV.ADJOURNMENT

Director Schenk made a motion to adjourn the meeting at 7:46 pm; Director Pierce seconded the motion and the motion passed (5/0).

STOUT BRANDON	ASSISTANT BOYS BASKETBALL COACH	HIGH SCHOOL	12/19/2019	4,079.25	

This notice addresses the call for a mid-year 2019 surplus. To surplus items, a Surplus Inventory Form (separate forms for Textbook/Books, Furniture/Equipment and IT) items must be completed by typing the item onto the form. **No handwritten forms will be accepted and will be returned to the building if they are handwritten.** The forms need to be sent to District Office. The forms are located on the District website under Department_Financial Services _Surplus Forms.

All equipment including computers, laptops and computer monitors should be included in this surplus call. All file cabinets, wall cabinets and desk drawers must be empty. Any damaged or broken equipment must be annotated as "D" Damaged on your Surplus form. The district Maintenance Department will process your surplus and take any hazardous material and/or damaged electronic items for disposal.

Listed below is the surplus schedule for equipment and furniture:

Wednesday, November 6, 2019	Deadline for completed Surplus Forms to Eva at District Office.
Monday, November 18, 2019	List of surplus items will be sent to Building Principals to identify any surplus items they may want in their building. If your site selects an item from another site, an Equipment/Inventory Transfer form must be completed by the receiving site and emailed to Eva at District Office.
Tuesday, December 3, 2019	Custodians or designated staff move all remaining surplus items to a central location at your site for pick up by the Maintenance Department. Submit work order for surplus removal.
Tuesday, December 10, 2019	District Maintenance Department to remove surplus items from buildings and placed at PDC.
Wednesday, December 18, 2019	Board Approval
Friday, January 3, 2020	Third Party Brokerage
Wednesday, January 8, 2020	Maintenance to dispose of remaining items.

Steilacoom Historical School District

Surplus Form - Furniture, Equipment or Miscellaneous Items

The items listed are no longer required by our department and may be declared surplus. Items may be picked-up from locations indicated. NOTE: All licensed software and proprietary information must be removed from technology equipment.

Steilacoom HS Band Proposed Trip to Orlando, FL

Purpose, Budget, and Fundraising

Purpose: The Steilacoom High School Band program has the opportunity to go to Orlando, Florida for a two and a half hour Disney Performing Arts Workshop in a recording studio with a professional Disney teaching artist. These clinicians are often world-class, and can give individual students and the group valuable feedback towards improving their musicianship. The clinician will emphasize the skill of sight-reading—the ability for musicians to receive a piece of music for the first time and attempt to rehearse it to performance quality. This is meant to simulate a recording studio environment, giving students the experience of working in an environment similar to that of a professional studio musician. Because this is meant to be a rigorous experience with limited space (and our band must audition and be selected for the experience), students who are interested in the trip will be auditioned to make sure they earn their spot. We will be operating through the tour company, WorldStrides, which also offers the potential for students to earn free high school credit as part of their program.

Budget: The high school band ASB account will serve as a flow-through account for all expenditures related to this trip. Any costs that are not covered by fundraising will be covered by students and their parents, with possible assistance from Steilacoom High School Music Boosters.

Plane tickets to and from Orlando, FL (with layovers), and local busing in Orlando, FL	\$26,880.00
Admissions to theme parks, clinic costs, other admissions	\$15,224.00
Lodging for three nights for 50 students and 6 chaperones (quad hotel rooms, but upgrades are available for additional cost) in the POP Century Hotel	\$14,561.00
Six Meals for the 56 participants	\$6,820.00
Busing to and from SeaTac airport (based on \$27/hour per bus—rate from last year) for two Durham school buses	\$162.00
TOTAL ESTIMATED COSTS (for up to 56 people)	\$63,485.00

Fundraising: There will be ample opportunities for fundraising over the next several months for this trip, as all students deserve the opportunity to participate. Here are several of the current ASB fundraising options we have explored (pending approval and availability, of course):

- Booth at the Red Ribbon Bazaar (selling homemade cookies and hot apple cider)
- See's Candy Fundraiser (before or after school only)
- Restaurant takeovers (Chipotle, Buffalo Wild Wings, or other restaurants)
- Community performances for donations
- USAgain fabric bin located near the student parking lot
- "Valengrams" where students can purchase brief performances for small ensemble performances from band members

The following fundraisers will be running through Steilacoom High School Music Boosters (who may help students afford the trip as well):

- Jazz Swing Dance Night and dinner on Thursday, November 7th
- One Day Mattress Fundraiser through Custom Fundraising Solutions (this fundraiser has earned over \$7,000 in our area before)
 - Will take place on Saturday, February 8th

Steilacoom High School - Walt Disney- Orlando, FL- 2020

Apr 4, 2020 - Apr 7, 2020

Trip Summary

April 4 - Saturday

Depart for Orlando, FL

Arrive at Orlando, FL.

Use Disney Transportation to transfer to Animal Kingdom Theme Park

Visit Disney's Animal Kingdom Theme Park

Tour participants will receive a Disney Dining Card to use for dinner this evening at the Park

Depart for hotel

Check into your hotel

April 5 - Sunday

This morning you will have an included breakfast at your hotel

Use Disney Transportation to transfer to Magic Kingdom Theme Park

Visit Magic Kingdom Theme Park

This afternoon you will have lunch at your own expense

Tour participants will receive a Disney Dining Card to use for dinner this evening at the Park

Depart for the day

April 6 - Monday

This morning you will have an included breakfast at your hotel

Depart for the day

Steilacoom High School band Disney Performing Arts "You're Instrumental" Workshop

Visit Epcot

This afternoon you will have lunch at your own expense

Tour participants will receive a Disney Dining Card to use for dinner this evening at the Park

Depart for hotel

April 7 - Tuesday

This morning you will have an included breakfast at your hotel

Check out of the hotel and load motorcoach

Use Disney Transportation to transfer to Hollywood Studios

Visit Disney's Hollywood Studios

Board Disney Magical Express and depart for Orlando Airport

Arrive home

April 4 - Saturday

Depart for Orlando, FL

Arrive at Orlando, FL.

Use Disney Transportation to transfer to Animal Kingdom Theme Park

Visit Disney's Animal Kingdom Theme Park

The ultimate adventure awaits with thrills beyond your imagination. Expedition Everest Legend of the Forbidden Mountain will take you to altitudes beyond your imagination. Hang on to your open-air vehicle as you are surrounded by free-roaming creatures of the wild of Africa on Kilimanjaro Safaris, or whisk back 65 million years to rescue the last dinosaur on DINOSAUR. Meet tigers, giant bats and other exotic animals up close, enjoy spectacular live stage shows and experience the thrill of a whitewater expedition on Kali River Rapids all in the same day!

Tour participants will receive a Disney Dining Card to use for dinner this evening at the Park

Depart for hotel

Check into your hotel

April 5 - Sunday

This morning you will have an included breakfast at your hotel

Use Disney Transportation to transfer to Magic Kingdom Theme Park

Visit Magic Kingdom Theme Park

Timeless stories come to life in six whimsical lands of fun and adventure. Plunge down a breathtaking waterfall on Splash Mountain, share the patriotic spirit at The Hall of Presidents, zoom through space at Space Mountain and feel the excitement of the gold rush on Big Thunder Mountain Railroad. By captivating the imagination, Magic Kingdom. Park brings the world of make believe alive and brings out the child in everybody.

This afternoon you will have lunch at your own expense

Tour participants will receive a Disney Dining Card to use for dinner this evening at the Park

Depart for the day

April 6 - Monday

This morning you will have an included breakfast at your hotel

Depart for the day

Steilacoom High School band Disney Performing Arts "You're Instrumental" Workshop

*Time and location pending Disney availability and acceptance

Visit Epcot

For the curious, thoughtful and playful, Epcot[®] offers an experience that entertains, amazes and inspires. It is a place that provokes students to discover more about the people, places and technology of the real world by celebrating the highest of human achievements in exciting and delightful ways. The 11 countries of World Showcase present a hands-on approach to culture, traditions, art, history and cuisine from every corner of the world. Stroll from the heart of Paris to the Great Wall of China. Cruise the ruins of Mayan and Aztec civilizations on Gran Fiesta Tour Starring The Three Caballeros in Mexico. In Future World, your imagination can run wild. You can jump into the driver's seat for a test run on transportation of the future on Test Track[®]. You can even study the creatures of the deep at The Seas with Nemo & Friends[®].

This afternoon you will have lunch at your own expense

Tour participants will receive a Disney Dining Card to use for dinner this evening at the Park

Depart for hotel

April 7 - Tuesday

This morning you will have an included breakfast at your hotel

Check out of the hotel and load motorcoach

Use Disney Transportation to transfer to Hollywood Studios

Visit Disney's Hollywood Studios

Everyone is part of the show and laughter resounds. Each epic experience launches students into the action and thrills of movies and television. Disney Hollywood Studios captures the allure and power of Hollywood. Enjoy live stage shows based on the animated Disney classics and if you're looking for thrills, look no further than The Twilight Zone Tower of Terror is just one of many exciting adventures that await you at Disney Hollywood Studios.

Board Disney Magical Express and depart for Orlando Airport

Arrive home

You're Instrumental | Disney Performing Arts Workshops

[Overview \(https://www.disneyyouth.com/programs/performing-arts/workshops/youre-instrumental-disney-world/overview/\)](https://www.disneyyouth.com/programs/performing-arts/workshops/youre-instrumental-disney-world/overview/) [Pricing](#)

Sight-read, prepare and record a polished performance of special Disney music selections in a studio environment like a professional musician. For middle/junior high and high school bands and orchestras.

 Walt Disney World, Florida

 Year-Round

 Middle–Junior High
High School
College

 Starting Price **\$204¹⁴**

Workshop Overview

Students learn how to get the most out of rehearsals and discover how to execute a pitch-perfect performance as they hone their sight-reading skills under the guidance of an experienced Disney teaching artist.

Your group will examine the skills, attitudes and priorities essential to musical excellence. This 2-1/2-hour workshop culminates in a very special finale—a recording of your ensemble performing Disney music, accompanied by footage from a classic Disney animated film.

Performers work toward musical and technical proficiency in a recording studio environment as they:

- Sight-read arrangements of Disney music ranging from Grade 1.5 to Grade 4
- Incorporate accuracy and expressiveness to maximize rehearsal productivity
- Emphasize intonation, balance and tone quality while following the conductor's interpretation
- Discuss the requirements of a studio recording environment and what is expected of performers
- Experience what life is like for a professional studio musician

Chairs, stands, a piano, amps and all large percussion instruments are provided. Music is scored for concert bands, string orchestras, full orchestras or combined concert band/string orchestras. Your Disney teaching artist will select music appropriate for your group's grade level in order to achieve musical success within a short rehearsal period.

Recommended for middle school, junior high and high school bands and orchestras.

Disney Performing Arts Workshops

You're Instrumental!

This workshop fulfills many of the standards set forth in the National Core Arts Standards in which students create, perform, respond, and connect. The information below details the specific standards explored through this experience.

DEVELOP FUNDAMENTALS, REINFORCE PERFORMANCE CONCEPTS, AND FINE-TUNE TECHNIQUES WITH A FUN HANDS-ON SESSION

CREATING

Anchor Standard #1: Generate and conceptualize artistic ideas and work.

- Enduring Understanding: The creative ideas, concepts, and feelings that influence musicians' work emerge from a variety of sources.
 - Essential Question: How do musicians generate creative ideas?

Anchor Standard #2: Organize and develop artistic ideas and work.

- Enduring Understanding: Musicians' creative choices are influenced by their expertise, context, and expressive intent.
 - Essential Question: How do musicians make creative decisions?

Anchor Standard #3: Refine and complete artistic work.

- Enduring Understanding: Musicians evaluate and refine their work through openness to new ideas, persistence, and the application of appropriate criteria.
 - Essential Question: How do musicians improve the quality of their creative work?
- Enduring Understanding: Musicians' presentation of creative work is the culmination of a process of creation and communication.
 - Essential Question: When is creative work ready to share?

DEVELOP FUNDAMENTALS, REINFORCE PERFORMANCE CONCEPTS, AND FINE-TUNE TECHNIQUES WITH A FUN HANDS-ON SESSION (CONTINUED)

PERFORMING

Anchor Standard #4: Select, analyze and interpret artistic work for presentation.

- Enduring Understanding: Analyzing creators' context and how they manipulate elements of music provides insight into their intent and informs performance.
 - Essential Question: How does understanding the structure and context of musical works inform performance?
- Enduring Understanding: Performers make interpretive decisions based on their understanding of context and expressive intent.
 - Essential Question: How do performers interpret musical works?

Anchor Standard #5: Develop and refine artistic techniques and work for presentation.

- Enduring Understanding: To express their musical ideas, musicians analyze, evaluate, and refine their performance over time through openness to new ideas, persistence, and the application of appropriate criteria.
 - Essential Question: How do musicians improve the quality of their performance?

Anchor Standard #6: Convey meaning through the presentation of artistic work.

- Enduring Understanding: Musicians judge performance based on criteria that vary across time, place, and cultures. The context and how a work is presented influence the audience response.
 - Essential Question: When is a performance judged ready to present? How do context and the manner in which musical work is presented influence audience response?

DEVELOP FUNDAMENTALS, REINFORCE PERFORMANCE CONCEPTS, AND FINE-TUNE
TECHNIQUES WITH A FUN HANDS-ON SESSION (CONTINUED)

RESPONDING

Anchor Standard #7: Perceive and analyze artistic work.

- Enduring Understanding: Response to music is informed by analyzing context (social, cultural, and historical) and how creators and performers manipulate the elements of music.
 - Essential Question: How does understanding the structure and context of music inform a response?

Anchor Standard #8: Interpret intent and meaning in artistic work.

- Enduring Understanding: Through their use of elements and structures of music, creators and performers provide clues to their expressive intent.
 - Essential Question: How do we discern the musical creators' and performers' expressive intent?

Anchor Standard #9: Apply criteria to evaluate artistic work.

- Enduring Understanding: The personal evaluation of musical work(s) and performance(s) is informed by analysis, interpretation, and established criteria.
 - Essential Question: How do we judge the quality of musical work(s) and performance(s)?

CONNECTING

Anchor Standard #10: Synthesize and relate knowledge and personal experiences to make art.

- Enduring Understanding: Musicians connect their personal interests, experiences, ideas, and knowledge to creating, performing, and responding.
 - Essential Question: How do musicians make meaningful connections to creating, performing, and responding?

Anchor Standard #11: Relate artistic ideas and works with societal, cultural and historical context to deepen understanding.

- Enduring Understanding: Understanding connections to varied contexts and daily life enhances musicians' creating, performing, and responding.
 - Essential Question: How do the other arts, other disciplines, contexts, and daily life inform creating, performing, and responding to music?

The National Core Arts Standards were found by The College Board to correlate to many of the Common Core State Standards for English Language Arts and Mathematics. Any Common Core State Standards that have a strong alignment to the National Core Arts Standards covered by this experience are listed below.

CORRELATING COMMON CORE STATE STANDARDS

THE COMMON CORE STATE STANDARDS FOR ENGLISH LANGUAGE ARTS

The Common Core academic alignments published by the College Board are intended to show meaningful connections and similarities in practices and procedures across subject areas.

Speaking and Listening #2: Integrate and evaluate information presented in diverse media and formats, including visually, quantitatively, and orally.

Speaking and Listening #3: Evaluate a speaker's point of view, reasoning, and use of evidence and rhetoric.

Speaking and Listening #4: Present information, findings, and supporting evidence such that listeners can follow the line of reasoning and the organization, development, and style are appropriate to task, purpose, and audience.

Language #3: Apply knowledge of language to understand how language functions in different contexts, to make effective choices for meaning or style, and to comprehend more fully when reading or listening.

STEILACOOM HISTORICAL SCHOOL DISTRICT NO. 1 BOARD OF DIRECTORS

Board Meeting Date: December 18, 2019

2019-2025 Capital Facilities Plan (CFP) ADOPTION

Strategic Focus Area

- ☐ Achieve
- ☐ Support
- ☐ Connect
- ☒ Plan

BACKGROUND INFORMATION

School district capital facilities plans are adopted as a part of the local jurisdiction's Comprehensive Plan for purposes of identifying whether school facilities are adequate to serve existing and proposed new development. The Growth Management Act (GMA) identifies schools as a part of the public infrastructure needed to serve growth.

The primary need for the Capital Facilities Plan is to establish a basis for school impact fee eligibility. The information required for a Capital Facilities Plan is dictated by the GMA and the statutory authority for collecting impact fees. School districts are not required to prepare Capital Facilities Plans if they are not collecting school impact fees.

TIMELINE:

DRAFT versions of the CFP were presented to the Board at the October 23rd and November 20th, 2019 Board meetings. The required SEPA process was completed as of December 2, 2019.

RECOMMENDED ACTION:

It is the recommendation of the Superintendent to adopt the 2019-2025 Capital Facilities Plan.

Report prepared by:

Dr. Kathi Weight, Superintendent

The best education for every student.

TAB 1 INTRODUCTION

The Steilacoom Historical School District No. 1 has prepared this Capital Facilities Plan (CFP) to assess the facilities needed to accommodate projected student enrollment at acceptable levels of service, as well as a more detailed schedule and financing program for capital improvements, over the next six years (2019-2025). The CFP is intended to be shared with the Town of Steilacoom, the City of DuPont and Pierce County. This report assesses the following:

- The anticipated growth within the District's boundaries;
- The anticipated school enrollment growth through the 2019-2025 planning period;
- The new school facilities required to meet the needs of this expanding student enrollment; and
- As applicable, the school impact fee calculations based on the capacity projects necessary to address growth needs.

Residential development has historically preceded any school construction and has never progressed in an orderly and coordinated manner. Selection of school sites and the construction of schools have generally followed the construction of new homes. This historic process of school construction following residential growth has left a gap between available space and the student population. As a result, schools have commonly become overcrowded. Compounding the situation is the required time to acquire property, design facilities, acquire all necessary permits, and to construct facilities.

In the past, relief for overcrowded schools has primarily come from local residents who have supported tax levies and bond issues. Voter approval of school levies and bond issues is becoming more difficult as other interests vie for property tax dollars. In addition, many existing residents are questioning the equity of having to pay the full costs of the educational facilities needed to serve new residents. In an effort to overcome the perceived inequity of property tax supported levies and bond issues, school districts have sought conditions upon development activity to provide a share of the local financial support needed for the construction of school facilities.

This Capital Facilities Plan is designed to support the use of school impact fees as provided for under the 1990 Growth Management Act. Therefore, this Plan consists of:

- An inventory of the existing schools, support facilities and properties owned by Steilacoom Historical School District No.1;
- An enrollment history and projection for the 2019-2025 time frame;
- An identification of the District's current "level of service" with respect to capital facilities;
- A forecast of the District's need for new construction, modernization, and new construction-in-lieu-of modernization; and
- A plan that will finance the proposed construction projects within projected funding capacities and clearly identify sources of public money for such purposes. The CFP is designed to support school impact fees authorized by Pierce County, as implemented by

Steilacoom Historical School District No. 1 and other municipalities that may collect school impact fees on behalf of the District.

In addition, the CFP will also provide a basis for mitigation under the State Environmental Protection Act (SEPA) or the State Subdivision Act.

TAB 1 DISTRICT STATEMENTS AND CORE VALUES

DISTRICT VISION STATEMENT

“The best education for every student.”

DISTRICT MISSION STATEMENT

The mission statement for the Steilacoom Historical School District No.1, in partnership with our communities, is to educate and prepare responsible citizens who can contribute and adapt in a changing world.

DISTRICT CORE VALUES

Academics

We commit to engage all students by using effective instructional practices, challenging students to reach their fullest potential.

Collaboration

We practice purposeful, professional, student-centered collaboration.

Climate

We ensure a positive, respectful and safe learning climate, responsive to students' individual needs.

Integrity

We commit to act with honesty and integrity, respecting all diversities.

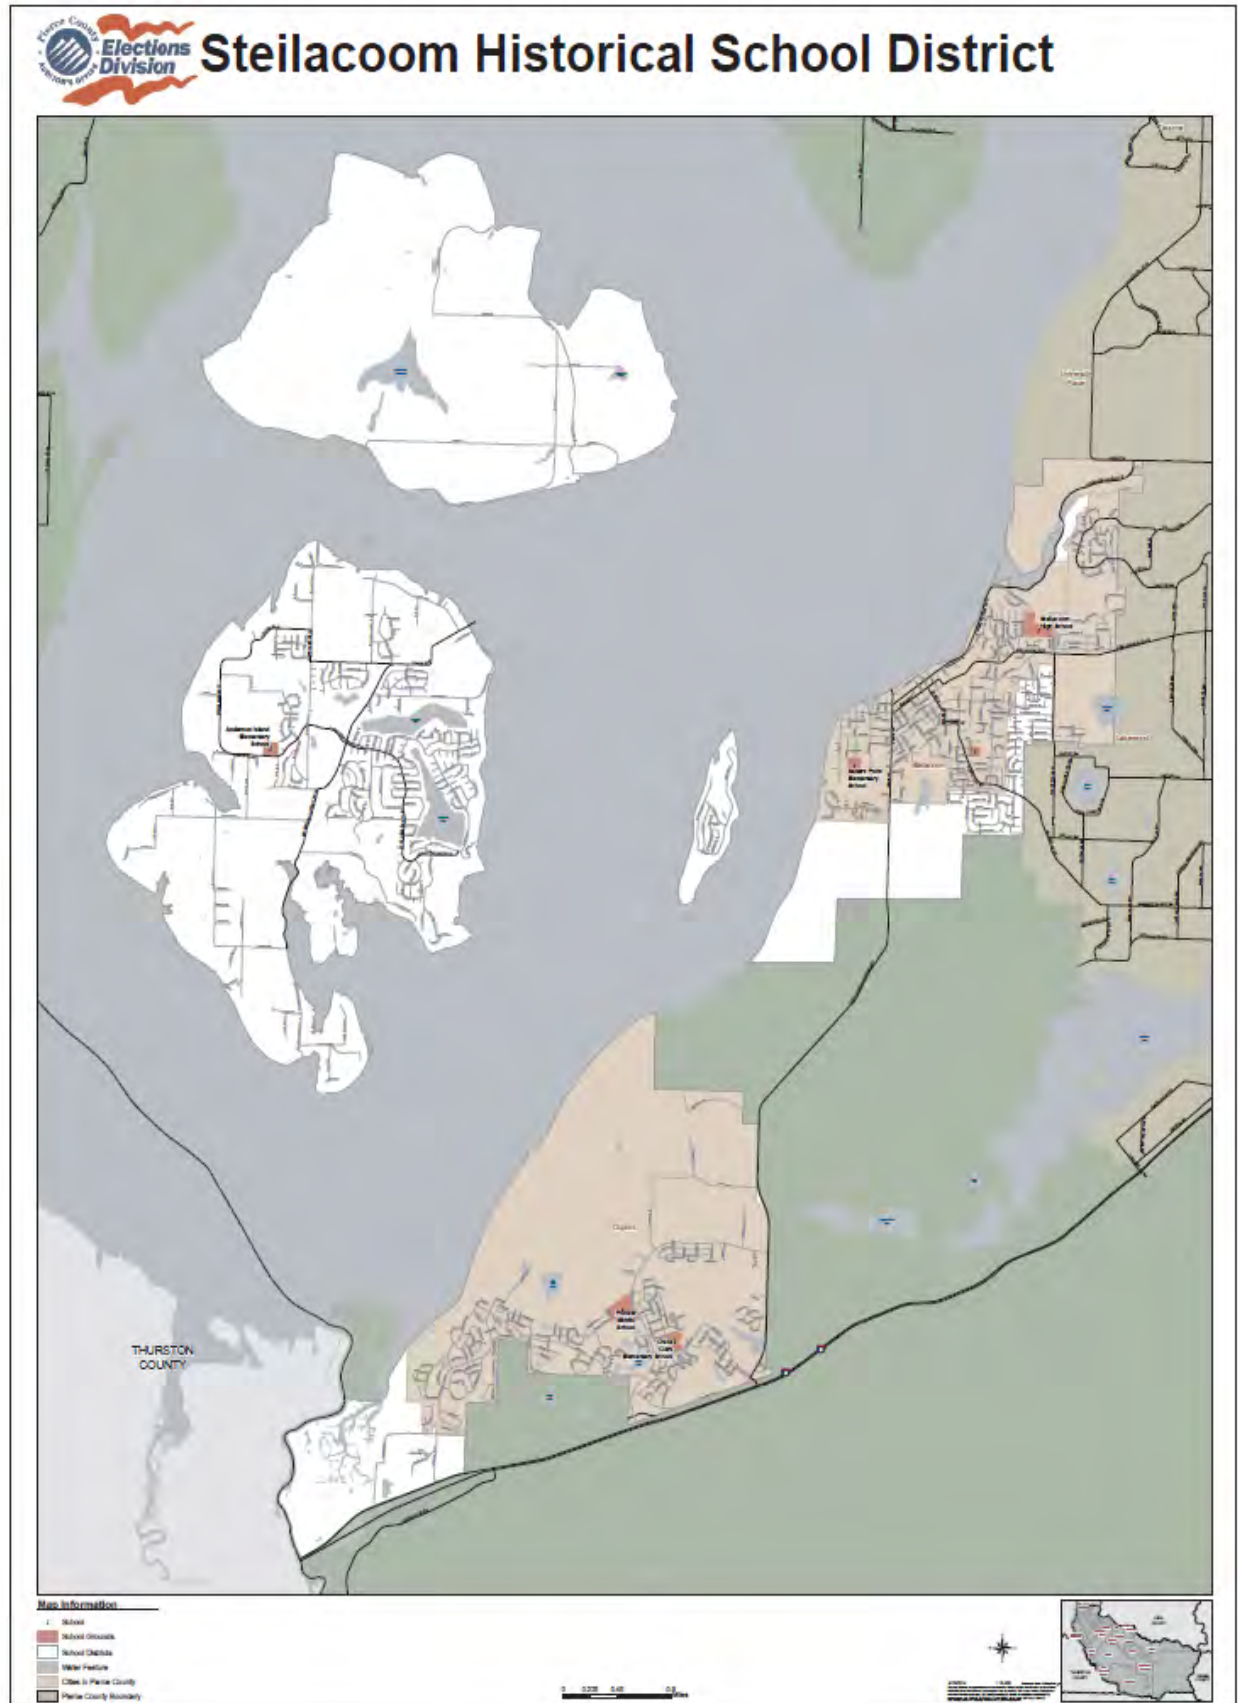

Community

We welcome and encourage family and community involvement, where each member of the school community is a valued partner.

Accountability

We, the SHSD learning community, share in the responsibility for attaining academic and fiscal goals by providing educators with the necessary tools and resources for success.

TAB 1 DISTRICT MAP

TAB II LOCATION AND DESCRIPTION OF SCHOOL FACILITIES

The chart below lists and describes each school facility site within the District. This represents the most accurate inventory of square footage (SF) for the individual facilities within the District as reviewed by District staff and included on the most recent OSPI ICOS Inventory. The numbers below do not include SF areas for portable buildings but do include covered outdoor play areas.

2017 Steilacoom Historical School District Facility Inventory			
School	Location	Grades	Square Footage
Anderson Island ES	Anderson Island	K-3 w/full day K and pre-K	11,366
Cherrydale Primary	Steilacoom	K-3 w/full day K and pre-K	42,083
Saltar's Point ES	Steilacoom	4-5 (all district)	55,235
Chloe Clark ES	DuPont	K-3 w/full day K and pre-K	59,333
Pioneer Middle School	DuPont	6-8 (all district)	103,128
Steilacoom High School	Steilacoom	9-12 (all district)	133,374

2012	Saltar's Point Modular	\$724,000	Steilacoom, WA
	Classrooms		
2015	Remodel of SHS Classrooms	\$710,972	Steilacoom, WA

2. Land/Parcel Holdings and Disposition

Until 2012, the District owned a 30 acre parcel located in the City of DuPont at the intersection of Center Drive and International Place. The District sold this property and used a portion of the sale proceeds to acquire a 14.71 acre site located on Manchester Place within the City of DuPont and a 5.3 acre site located on International Place within the City of DuPont.

This 14.71 acre site in DuPont is intended to serve as the location for a planned new elementary school. The Board voted to surplus the 5.3 acre site on International Place at their October 23, 2019 meeting.

In its long range planning, the District's Board of Directors regularly analyzes smaller parcels owned by the District that cannot support the size of facilities at any grade level and considers the sale of those parcels to fund the District's long range capital facility or future land acquisition funding strategies.

In 2010, the District purchased a 13.5 acre parcel directly north of Steilacoom High School. It is the intent of the District and the Board to utilize a portion of this site for a future addition to the high school, additional parking and athletic fields. The timing of this expansion is subject to future Board consideration.

In 2011, the District sold to Pierce County two parcels totaling 3.0 acres as part of a land conservation grant program. This area is commonly referred to as the Cherrydale Woods. This land is adjacent to Cherrydale Primary School. In 2012, the District sold the remaining 1.64 parcel, referred to as Parcel C, to the Town of Steilacoom.

The structure known as the "Yellow House" (Tax Parcel Identification No. 2305000640) located to the east of the District Office at the SE corner of Chambers and Sequalish Street was sold in late 2012.

In November 2013, the board passed Resolution 810-11-13-13 to approve the surplus of 3.77 acre portion of Tax Parcel Identification No. 761500022 located immediately north of Steilacoom High School. A sale agreement was initiated but the deal fell through. The property remains available for purchase.

The Board passed in May 2014 Resolution 813-05-14-14 to surplus 2.76 acres of property located on Chambers Street, in Steilacoom, commonly known as "Chambers Field" (Tax Parcel Identification No. 66555200311). Chambers Field is located directly behind the District's existing bus garage at Sequalish Street. The property is for sale.

3. History of Capital Facility Planning and Construction

To meet increasing population and provide a sturdier building, the Town of Steilacoom approved in 1913 the construction of a new brick structure at the cost of \$15,000.

During the early part of the 1990's, about a dozen portable classrooms were placed to accommodate the growing enrollment at Cherrydale Primary School, Saltar's Point Elementary, and Pioneer Middle School. After the Town of Steilacoom placed a moratorium on the number of portables that could be sited, the District held public information meetings designed to inform residents about the critical situation. When the bond election was held in 1996 to approve general obligation bonds of \$38,000,000, voters rejected it. A second election, held in the following year was approved.

In 1997, voters approved by over 60%, a proposition for construction and improvements to the District's elementary schools and high school but rejected a second proposition to build a new middle school.

Instead, the old Steilacoom School serving as Pioneer Middle School underwent an extensive retro-fit to make the building earthquake safe. In addition, the cafeteria was remodeled and enlarged and the gymnasium floor was replaced. The results of that retro-fit were demonstrated during the February 28, 2001 earthquake. A portion of Proposition #1, or \$2,003,000, was designated for technology—computers, software and related equipment.

Following approval of the 1997 Capital Facilities Bond, plans were started for work on Cherrydale Primary School, Saltar's Point Elementary School, and Anderson Island Elementary School. To accommodate school-age students in the DuPont community, ground was broken in fall 2000 for a new elementary school. Chloe Clark Elementary School was dedicated in August 2001 and 180 students were enrolled for the following school year.

On May 17, 2005, District voters approved Steilacoom Historical School District No. 1 to issue \$55.9 million dollars in general obligation bonds to finance a 6-year construction program. The District received approximately \$17.1 million dollars in state match dollars to assist in funding.

The 2005 bond projects included:

- Completing Phase II of Chloe Clark Elementary School
- Building a new middle school
- Building an addition to Steilacoom High School
- Modernizing the existing portion of Steilacoom High School
- Building a new multi-purpose room at Anderson Island Elementary School
- Completing other priority renovations/modernization projects

Bond sales were executed in two phases: June 2005, \$22 million dollars and July 2006, \$33.9 million dollars. The 2005 bond projects are complete.

The board passed in November 2012 [Resolution 787-10-24-12](#) to approve the addition of a modular building containing two classrooms to be placed at Saltar's Point Elementary to accommodate enrollment growth. The two classrooms are now in place.

In 2008, the Board of Directors gave the Citizens Advisory Committee the task of exploring options regarding the buildings that make up the old Pioneer Middle School site. The Committee's recommendation included consolidation of all SHSD administrative offices into the 1918 building. The District converted the 1918 Building into an administrative building in August of 2014 which has enabled all of the District's administrative staff to be housed in one building.

4. Future Capital Facility Plans

The District's projected enrollment growth will continue to be focused in the near term at the elementary level but also with some growth at the secondary level. In 2010, the Washington State Legislature passed Substitute House Bill 2776, which required implementation of full day kindergarten by the school year 2017-18. Anderson Island Elementary began full day kindergarten in 2014, Cherrydale Primary in 2015, and Chloe Clark Elementary implemented full day kindergarten at the beginning of the 2016-17 school year. (SHB 2776 identified the potential of reduced class sizes for grades K-3. The District began implementation of class size reduction as reflected in the standard of service in this Capital Facilities Plan and expects to make further adjustments in future updates to the Capital Facilities Plans.) Existing capacity in elementary schools is also impacted by increased special education needs, increases in other programs such as ELL classes, and potential development on Anderson Island.

To meet these capacity needs, the Board envisions the need for another elementary school in DuPont. Chloe Clark Elementary School's Phase II & III projects have been completed. If a new elementary school is not constructed, the District would need to add additional classrooms at Chloe Clark. The Board of Directors and the District have explored options for the location of a new elementary school and find the acquired 14.71 acres in DuPont to be well suited as the location for a future elementary school. The District plans to construct this school during the six year planning period of this Capital Facilities Plan.

In addition, the District has reviewed options to increase capacity at all of the primary and elementary schools to allow for future expansion of existing programs such as special education and other programs. Two modular classrooms were added at Saltar's Point Elementary School. The District changed the grade level configuration of Anderson Island Elementary School at the beginning of the 2019-2020 school year. Anderson Island became a Pre-K through 3rd grade building, like the other two primary schools in the District. A classroom wing was recently renovated at Cherrydale Primary School to accommodate the need for an additional classroom and existing spaces at the schools have been modified to address capacity needs.

The Board of Directors expressed the need to relocate and build a facility to house maintenance and transportation staff and equipment for the District. With the sale of the 30 acre parcel in DuPont and the consequential acquisition of 5.3 acres on International Place in DuPont, conceptual design has been completed for a transportation/maintenance facility, with discussion continuing on where best to build the facility within the District boundaries.

The District's 2005 Capital Improvement Program and the approved conditional use permit for Steilacoom High School made provisions for the addition of four classrooms onto the new design of Steilacoom High School. The project was completed in January of 2015. The District purchased a 13.50 acre parcel adjacent to SHS in 2010. It is the intent of the District to consider using a portion of this site for a future addition to the high school, additional parking and athletic fields. This planning process began during the 2016-17 school year.

At Pioneer Middle School, four additional classrooms can be added, but a separate conditional use permit will be required before any construction. These potential build-outs could

accommodate up to 125 additional students at the middle and high school levels. The District will consider adding modular classrooms at Pioneer Middle School, as well as other schools within the district.

During the 2017-2018 school year, the District established a Long-Range Capital Facilities Planning Committee. The Committee met monthly to discuss future facility needs of the District and a recommendation to the Board of Directors was presented in January of 2019. The Board continues to discuss the priorities identified through the Long-Range Capital Facilities process, but agree that a new elementary school is the District's top identified priority.

TAB II PARCEL SUMMARY BY LOCATION

The following tab contains information on the District's current property holdings.

The list of parcels and approximate square feet data is from Pierce County Assessor-Treasurer online database files:

School/Facility/Parcel Description	Address City	Pierce County Tax ID parcel #	Approximate acreage	Notes
Steilacoom High School	54 Sentinel Steilacoom	7615000681	32.50	With two easements from DSHS. 13.50 acres were purchased north of the HS in late 2010
Pioneer Middle School	1750 Bob's Hollow Lane DuPont	0119263011	20.00	
Old Pioneer Middle School Site	511 Chambers Steilacoom	2305000600	3.26	Converted into administrative building in 2014

Vacant Undeveloped Parcel	International Place DuPont	3000390282	5.34	Purchased in 2012 District vote to surplus property on 10-23-19

TAB III STUDENT ENROLLMENT TRENDS

1. DISTRICT GROWTH

Steilacoom Historical School District No. 1 has reviewed historical demographic trends and actual enrollments. The combined student population from the Town of Steilacoom, the City of DuPont, and Pierce County is expected to result in an overall increase in student enrollment due to increased residential growth within these communities. In addition, the implementation of full day kindergarten resulted in increased overall student enrollment.

Using brick and mortar enrollment figures, the District's elementary school enrollment (grades K-5) grew from 966 students in 2003 to 1,472 students in 2019. During that same period, the Middle School (grades 6-8) student enrollment grew from 529 students to 807 students. Overall student enrollment for grades 9-12 increased from 675 students in 2003 to 974 FTE (headcount of 1,051 students) in 2019. Fall 2019 enrollment figures show continued growth at the elementary and secondary levels.

The actual and projected growth of the elementary school student population within the District led the District to implement the following grade configuration model for the 2019-20 school year:

- | | |
|---------------------------------------|--|
| a. Anderson Island Elementary School: | Grades Pre-K-3 rd |
| b. Cherrydale Primary School: | Grades Pre-K to 3 rd |
| c. Chloe Clark Elementary School: | Grades Pre-K to 3 rd |
| d. Saltar's Point Elementary School: | Grades 4 th to 5 th |
| e. Pioneer Middle School: | Grades 6 th to 8 th |
| f. Steilacoom High School: | Grades 9 th to 12 th |

2. ENROLLMENT AND PROJECTIONS

The Washington State Superintendent of Public Instruction (OSPI) provides enrollment projections based on the "Cohort Survival" method. This method of enrollment projection uses historic patterns of student progression by grade level to measure the portion of students moving from one grade level up to the next cohort or grade. This ratio or survival rate is used in conjunction with current birth rates as a base for statewide enrollment projections. The OSPI system is useful, but has obvious inadequacies in representing the unique growth conditions of individual school districts. Historically, OSPI projections in growing school districts tend to underestimate the actual student enrollment growth. Furthermore, the OSPI projections do not wholly anticipate new students from new development within the District. As such, the OSPI projections are considered conservative.

In previous years, the OSPI projections for the District were skewed by the Washington State Virtual Academy enrollment numbers (which was discontinued in 2012) and did not reflect accurately the brick and mortar student enrollment. This was particularly true following the termination of the program in the District when the cohort projections dramatically declined in a manner that did not reflect reality. However, the OSPI projections now better reflect the

brick and mortar student enrollment history and provide a comparative basis for enrollment projections over the six year planning period.

School enrollment growth and distribution over the next six years in Steilacoom School District will be influenced by several factors. A primary factor will be overall population growth in the District.

The District is using a modified cohort projection for purposes of this Capital Facilities Plan. The modified cohort projection was prepared by a consultant and considers historic growth trends, future building plans and availability, birth rates, as well as economic and various other factors that contribute to overall population growth. The following tables provide the District's historical enrollment data and the projections by grade level through 2025.

TAB IV LEVEL OF SERVICE

1. INTRODUCTION

The Growth Management Act (GMA) requires that school districts provide “level of service” or “school capacity” data as a component of their Capital Facilities Plan (CFP). The GMA was developed, in part, to help ensure public services, including schools, necessary to support development will be adequate to serve said development at the time the development is available for occupancy and use, without decreasing current service levels below locally established minimum standards. In other words, each public service needs to clearly define their service level so that service level can be maintained in the face of new development.

2. DEFINITION

The “level of service” is based on the number of classrooms available at each school and the desired average class load. Inherent in the level of service are the types and amounts of space required to accommodate the District’s adopted educational program. The educational program standards which typically drive facility space needs include grade configuration, optimal facility size, class size, educational program offerings, as well as classroom utilization and scheduling requirements.

In addition to factors that affect the amount of space required, government mandates and community expectations may affect how classroom space is used. For example, State requirements related to full day kindergarten and reduced class sizes impact the level of service. In addition, traditional educational programs offered by school districts are often supplemented by non-traditional or special programs such as special education – resource and self-contained, special education 18-21 year old transitional program, English Language Learner (ELL), Title I, Learning Assistance Program (LAP), music education, highly capable, special education preschool, computer labs, career and technical education, etc. These special or non-traditional educational programs can have a significant impact on the available student capacity of school facilities. For example, the District currently has approximately 398 students (approximately 12% of its total student population) participating in Special Education Programs. The District expanded special education programming in the 2016-17 school year to implement a 7th-12th grade Life Skills special needs classroom, which is housed at the high school. In the 2017-18 school year, the District implemented a 4th-6th grade Life Skills self-contained classroom, which is housed at Saltar’s Point Elementary School.

Variations in student capacity between schools often result in special or non-traditional programs offered at specific schools. These special programs require classroom space, which can reduce the permanent capacity of some of the buildings housing these programs. Some students, for example, leave their regular classroom for a short period of time to receive instruction in these special programs. Newer schools within the District have been designed to accommodate many of these programs. However, older schools often require space modifications to accommodate special programs, and in some circumstances, these modifications may reduce the overall classroom capacities of the buildings.

District educational program standards will undoubtedly change in the future as a result of changes in the program year, special programs, class sizes, grade span configurations, use of new technology, and other physical aspects of the school facilities. The school space inventory will be reviewed periodically and adjusted for any changes to the educational program standards. These changes will also be reflected in future updates of this Capital Facilities Plan.

The District seldom considers portables as being ideal instructional space for students and/or staff members. By design, portable classrooms separate their occupants from the rest of a school's student body and/or staff members. In addition, the increased enrollments that portables afford serve to tax the "core" facilities of the permanent building(s); such spaces as the gymnasium, the library, the restrooms, the main office, and the food service facilities.

3. SUMMARY

The Growth Management Act (GMA) requires that school districts provide "level of service" or "school capacity" data to support requests for impact fees from residential developers. With respect to public schools, the "level of service" is a quantifiable measure of the capacity available to support the instruction of students.

Steilacoom Historical School District No. 1 has elected to define its "level of service" in terms of each student's share of the District's permanent school facilities, with reference to the District's standard for average class load and identification of classrooms available for regular instruction. The level of service (LOS) is dictated by the amount of space required to accommodate the District's adopted educational program. The LOS will change as the District changes its educational program and it must be reviewed and modified periodically.

Steilacoom Historical School District No. 1 has adopted an organization that houses kindergarten through fifth grade in elementary schools, sixth through eighth grade in middle school, and ninth through twelfth grade in high school.

The District has adopted a traditional calendar beginning in late August (prior to Labor Day) and ending in mid-June, and a traditional daily schedule with academic classes beginning between 7:35 a.m. and 9:05 a.m. and ending mid-afternoon. Although the District continues to study alternate organizations, calendars, and schedules, the District believes the adopted organization is educationally sound and reflects community values.

The District's educational program includes individual and small group work, as well as full class activities. Portable classrooms, which are neither intended for nor function as long term educational space, are excluded from the level of service calculation. Portables are considered adequate only for supplemental programs and interim housing.

The capacity for each facility is established by multiplying the regular classrooms available by the District's standard for average class load (the "Standard of Service"). Spaces used for special program needs are excluded from the definition of regular classrooms. Core facilities and special use facilities are compared to classroom capacity to confirm that facility capacity is not limited by limitations in core facilities.

The District's adopted Standard of Service is as follows:

	Standard of Service
High School	25 students/classroom
Middle School	25 students/classroom
Elementary	20 students/classroom

Using the Standard of Service and updated information regarding classroom utilization, the District's current facility capacity, current enrollment, and projected facility need, is as follows:

Facility	Area (SF)	Teaching Stations**	Existing Capacity (Based on Service Standards)	Actual October 2019 Enrollment	Projected 2024/25 Enrollment
Steilacoom High School	133,374	41	1,025	974	1,015
Pioneer Middle School	103,128	31	775	807	810
Saltar's Point Elementary*	55,235	17	340	474	
Anderson Island Elementary	11,366	2	40	16	
Cherrydale Primary	42,083	17	340	383	
Chloe Clark Elementary	59,333	25	500	599	
Total Elementary			1,220	1,472	1,542
Total Secondary			1,800	1,781	1,825

*Does not include modular classroom capacity.

**Regular classroom use only.

School District Cost Per Student*

Each year, Steilacoom Historical School District provides to Pierce County the costs expended per student as an update to the Capital Facilities Plan. Building and equipment costs at each educational facility are rounded up and reflect the District's capital improvement campaign costs as completed in 2010.

School Facility	Building Costs	Equipment Costs	Total Costs
Anderson Island Elementary School	\$ 946,000	\$ 50,000	\$ 996,000
Cherrydale Primary School	\$ 9,457,000	\$ 400,000	\$ 9,857,000
Chloe Clark Elementary School	\$ 9,727,000	\$ 450,000	\$10,177,000
Saltar's Point Elementary School	\$ 6,765,000	\$ 350,000	\$ 7,115,000
Pioneer Middle School	\$34,244,000	\$1,800,000	\$36,044,000
Steilacoom High School	\$30,597,000	\$ 630,000	\$31,227,000

The current cost per student based upon capacity enrollment figures is as follows:

Elementary Student	\$18,101
Middle School Student	\$42,405
High School Student	\$36,738

*Information as required by Pierce County. Reflects cost per student based on project costs and capacity identified at the time of construction of the relevant facilities. Does not reflect cost per student based upon updated facility construction costs and use.

TAB V THE DISTRICT'S CONSTRUCTION PLAN

1. INTRODUCTION

From district to district, it is common to find variations in the grade level configurations, class size requirements and instructional programs depending upon a local community's educational philosophy and the needs of the students to be served. Such variations between districts do impact the design and the cost of newly constructed school facilities.

In 2017, the district began a planning process with a Capital Facilities Advisory Committee made up of community members, staff, district officials, students, Town of Steilacoom and City of DuPont representatives. The Committee began their work in 2018. The purpose of the Steilacoom Historical School District's Facilities Advisory Committee (FAC) was:

- Establish a long-term Capital Projects Plan
- Recommend short- and long-term solutions related to the District's deferred maintenance, educational adequacy of schools, safety and security, future plans and use of district property; and
- Consider a future capital bond proposition.

The Capital Facilities Advisory Committee was presented data to study and evaluate the overall condition of district facilities to identify and prioritize potential facility modifications, replacements, additions and/or closures to best enhance student achievement opportunities, and support the ongoing economic development and a healthy community. This data included:

- Facility Condition Assessment - Deferred Maintenance;
- Educational Standards;
- Safety and Security Standards;
- Technology;
- School Capacity;
- Enrollment;
- Demographics; and
- Financial Data.

2. THE NEW CONSTRUCTION PROGRAM

The ability to move forward on the construction of any new school facility in the Steilacoom Historical School District hinges on many factors. First, the District needs to have local funding available to pay for the cost of new school facilities. Normally, school districts secure the majority of their local funds through the sale of general obligation bonds, as approved by the qualified voters of their districts. The authority to issue and sell such bonds rests in the Constitution and laws of the State of Washington, including RCW 28A.530.010 and RCW 84.52.056.

The State of Washington has set forth site size standards, as defined in WAC 392-342-020. Specifically, for an elementary school, the minimum standard is five (5) acres plus an additional

one (1) acre for each one hundred (100) pupils of a school's maximum enrollment. For junior and senior high schools, the minimum standard is ten (10) acres plus an additional one (1) acre for each one hundred (100) pupils of a school's maximum enrollment. These recommended acreages provide space for the school building(s) and the appropriate support facilities such as play fields, athletic facilities and parking.

Of particular importance to Steilacoom Historical School District No. 1, is the eligibility for State School Construction Assistance. Such State assistance is used along with local funds to pay for the cost of new school facilities. However, State monies cannot be used to purchase school sites, to make off-site improvements and/or fund those specific items spoken to in WAC 392-343-120. The formula for determining the exact amount of State funding assistance a district can receive is set forth in WAC 392-27-020.

To address capacity needs, the District plans to construct a new elementary school in the City of DuPont. The District is in early planning stages for this school but expects that it will be available for occupancy by 2024. The District's voters will need to approve a bond measure to fund the construction of this school. The District may also consider adding modular classrooms at Cherrydale Primary School and Pioneer Middle School. In addition, the District plans to construct a new Transportation/Maintenance Facility, perform field improvements, and address additional parking and sports requirements at Steilacoom High School.

3. SUMMARY

To accommodate enrollment growth, Steilacoom Historical School District No. 1 completed the 2005 Capital Improvement Program which benefitted four schools. The completion of Phases II and III to Chloe Clark Elementary School resulted in a student capacity increase from the original 175 student capacity. The 2,865 square foot multipurpose building at Anderson Island Elementary was added to accommodate up to 40 students. Pioneer Middle School, which can hold 775 students, opened in August 2008. The addition and modernization of the existing Steilacoom High School was completed in 2009. Steilacoom High School can now hold 1,025 students.

Currently, Pioneer Middle School, Saltar's Point Elementary, Chloe Clark Elementary and Cherrydale Primary are all over capacity based on Service Standards (see page 22).

To address projected long term growth in the District, the District plans to construct a new elementary school in DuPont and may add modular classrooms Cherrydale and Pioneer, all within the six year planning period of this Capital Facilities Plan.

TAB VI THE DISTRICT'S FINANCE PLAN

1. INTRODUCTION

The Steilacoom Historical School District No. 1 clearly recognizes the long-term value of capital facilities planning. The execution of the 2005 Capital Improvement Program, discussed earlier in this report, helped address the District's need for permanent facilities to accommodate students from new housing developments.

The District's long-planned modernization of its older facilities (Cherrydale, Saltar's Point, and Anderson Island Elementary Schools), construction of a future elementary school in DuPont, and the addition of modular classrooms is dependent on a means of financing modernization or new construction. The costs associated with new construction and modernization identified in the District's Construction Plan and anticipated state and local funding are presented in Tab 5. The District uses an impact fee methodology that is based upon the Pierce County school impact fee ordinance.

In this CFP, based on current enrollment projections and the need to construct a new elementary school to meet capacity needs related to growth, the District is requesting school impact fees.

The District's Funding Plan identifies the specific funding sources, amounts of funding, and the unique relationships that exist between funding sources for the projects spelled out in the District's Comprehensive Plan.

2. COST FACTORS

Factors: A number of factors influence the total cost and, specifically, the local share of any new school construction project. The major factors that impact the cost of new school construction are as follows:

1. The per acre cost of school sites will vary considerably from district to district. In general, the more urban the district tends to be, the more costly the school sites.
2. The acreage of available property and the use ability of acreage will not always match the preferred school site sizes.
3. The proximity of needed utilities (i.e., water, sewer, electricity, etc.) and roadways to a new school site are oftentimes a significant cost variable.
4. The nature of the instructional programs housed in school facilities drastically impact the cost of those facilities. The square foot cost of senior high schools is almost always higher than elementary and middle schools. The square footage costs of middle schools are usually higher than elementary schools. Specialized facilities for Vocational and Special Education programs can also increase construction costs.

5. The posture of the local governmental planning agencies (i.e., City or County) will affect such items as off-site street improvements, landscaping, street signaling, and signage, etc.
6. The “bidding climate” at the time a new school project comes on line is terribly important. Normally, the less construction work available the more competitive the general contractors become and vice-versa.
7. The experiences and competence of the lowest bidding and general contractor and their major subcontractors can also impact the final cost of any new school project.
8. The State’s “funding assistance percentage”, as determined in accordance with the formula set forth in RCW 28A.525.166, establishes the relationship between the local and state funding of any new school construction project.
9. The enrollment projection provisions of the State’s “space allocations” determine just how much area of a new school facility will be eligible for State School Construction Funding Assistance. Building a new school (i.e., elementary, middle, senior high) without full “unhoused” eligibility increases the amount of local funds that have to go into a project.
10. The State funding assistance formula also impacts the level of state financial assistance. See WAC 392-343-060.

Site Acquisition: The first major expense of any new school construction project is the cost to purchase the site. Property acquisition cannot be funded with State School Construction Funding Assistance. Land costs are strictly a local school district expense.

In addition to the location, site size and availability to utilities, other factors can also impact the cost of school sites. For example, the general condition of the real estate market, zoning and the overall construction suitability of a site do influence the price.

Construction Estimates: The second major expense of any new school construction project is the cost of actually developing the site and constructing the buildings(s). Such costs include payment for planning, designing, engineering, constructing, furnishing, and equipping new school facilities. In addition, at times, new portable classrooms are purchased and sited at new schools and/or existing portable classrooms are moved to new school sites.

3. FUNDING SOURCES

School districts utilize budgets consisting of a number of discrete funds. However, for the most part, the capital needs of any school system are addressed with the Capital Projects Fund and the Debt Service Fund.

1. The Capital Projects fund is used for purposes such as: (a) to finance the purchase and development of school sites; (b) the construction of new facilities and the modernization of existing facilities; and (c) the purchase of initial equipment, library books and textbooks for new facilities. Revenues accruing to the Capital Project Fund come primarily from bond sale proceeds, capital levy collections, and state matching funds. However, Revenues from the General Fund, the sale of property and contributions can also be accrued to the Capital Projects Fund. School impact fees and mitigation fees are maintained in segregated accounts.
2. The Debt Service Fund is used as a mechanism to pay for bonds. When a bond issue passes, a school district sells bonds that have a face value and an interest rate. Local property taxes are adjusted to provide the funds necessary to meet the approved periodic payments on sold bonds. The proceeds from the taxes collected for this purpose are deposited in the Debt Service Fund and drawn out for payments at the appropriate times.

As noted earlier, school districts receive funds for capital program purposes from a variety of sources. Those sources are described as follows:

Bonds: Bonds are financial instruments having a face value and an interest rate, which is determined at the time and by the conditions of their sale. Bonds are backed by the “full faith and credit” of the issuing school district and may be paid from proceeds derived from a specific increase in the property taxes for that purpose. The increase in the taxes results in an “excess levy” of taxes beyond the constitutional limit, so the bonds must be approved by a vote of the people in the jurisdiction may not exceed five (5) percent of the assessed value of the property within that jurisdiction at the time of issuance. Bonds are multi-year financial instruments, generally issued for 10-20 years. Because of their long-lasting impact, they require both an extraordinary plurality of votes and a specific minimum number of voters for validation. The positive votes must equal or exceed 60 percent of the total number of voters in the school district who cast ballots in the last general election.

Proceeds from bond sales are limited by bond covenants and must be used for the purpose(s) for which the bonds are issued. They cannot be converted to a non-capital or operating purpose. The life of the improvement resulting from the bonds must meet or exceed the term of the bonds themselves.

Capital Levies: Capital Levies differ from bonds in that they do not result in the issuance of a financial instrument and, therefore, do not affect the “bonded indebtedness” of a school district. This method of financing is a straight increase in property tax rates to produce a voter-approved dollar amount. The amount generated from the capital levy is then available to a

district in the approved year. The actual levy rate itself is determined by dividing the number of dollars approved by the assessed valuation of the total district at the time the taxes are set by the County Council. While a typical period for capital levies is one or two years, they can be approved for up to a six-year period at one election. The amounts to be collected are identified for each year separately and the tax rates set for each individual year. Like bond issues, capital levies must be used for the specific capital purpose(s) that they were passed. They cannot be converted to a non-capital or operating purpose.

State Funding Assistance: The State of Washington has a Common School Construction Fund. The State Board of Education is responsible for administration of the funds and the establishment of matching ratios. The Office of the Superintendent of Public Instruction (OSPI), on behalf of the State Board of Education, has determined that Steilacoom School District's 2019 funding assistance ratio is 55.69% percent for those expenses that are defined as eligible for state funding assistance. However, the District's planned capacity project included in this six-year plan, a new elementary school, will not qualify for state funding.

The base to which the percent is applied is the cost of construction, as determined by the Construction Cost Allocation (formerly, the "Boeckh Index"). The Construction Cost Allocation is an index of construction costs that is used by the state to hold, define, or limit their level of support. This particular construction cost index rarely matches the actual cost of school construction in districts across Washington State. Nevertheless, the Construction Cost Allocation for school construction costs for July 2019 was \$232.10 per square foot.

The formula for determining the amount of state matching support can be expressed as $A \times B \times C = D$, where

A= eligible area (determined by OSPI's student square footage allowances)
B= The Construction Cost Allocation (in dollars per square foot)
C= A school district's applicable state funding assistance rate
D= the amount of state fiscal assistance to which a district will be entitled. Qualification for state matching funds involves an application process. Districts may submit information for consideration by the State Board of Education, which meets once every two months during the year. Once approved, the district qualifies for matching funds in a sequence, which recognizes the existing approvals of previous submittals. Failure of a school district to proceed with a project in a timely manner can result in loss of a district's "place in line".

New construction projects are eligible for a state reimbursement at 100% of the Construction Cost Allocation for matchable construction costs. At this time, the Washington State Legislature have approved that Modernization of new-in-lieu-of replacement projects are eligible for state reimbursement at 100% of the Construction Cost Allocation.

Funds for the state match come from the Common School Construction Fund using revenues accruing predominately from the sale of renewable resources, primarily timber, from state school lands being set aside by the Enabling Act of 1889. If these sources are insufficient to meet current needs, the legislature can appropriate additional funds or the Superintendent of Public Instruction can prioritize projects for funding.

Market demand for timber and wood products has been declining over the past decade, resulting in a substantial decrease in state matching revenues. Efforts in the State Legislature to supplement timber-generated revenues with general fund monies have been only partially successful. As noted in WAC 392-343-057, in the event that state matching monies are not available to fund a specific school project, then school districts may proceed at their own financial risk. At such time state monies do become available, reimbursement will be made to the district for the state's share of said project.

The District is currently not eligible for state reimbursement for new construction.

Impact Fees: According to RCW 82.02.050, the definition of an impact fee is *"... a payment of money imposed upon development as a condition of development approval to pay for public facilities needed to serve new growth and development, and that is reasonably related to the new development that creates additional demand and need for public facilities, that is a proportionate share of the cost of the public facilities, and that is used for facilities that reasonably benefit the new development. "Impact fee" does not include a reasonable permit or application fee."*

Impact Fees can be collected where a District demonstrates an "un-housed student need" as determined by applying the district's level of service to projected growth from new residential development. The amounts to be charged are calculated based on the costs for providing the space for the projected number of students in each residential unit.

The District determines the cost per unit by using a student generation rate. The Pierce County School Impact Fee Ordinance, Table 4A-1 of Chapter 4A.30 of the Pierce County Code, identifies the school impact fee formula and defines the "Student Factor" as follows:

"Student Factor" is the number derived by a School District to describe how many students of each grade span are expected to be generated by development activity. Student factors shall be based on District records of average actual student generated rates for new developments constructed over a period of not more than five years prior to the date of the fee calculation; provided that, if such information is not available in the District or if there are no developments in the District similar to that being proposed, the District may use data from districts with similar demographics, or, if no other data sources are reasonably available, county-wide averages.

For purposes of this year's CFP, the District is relying on a 2019 student generation rate study prepared by an independent consultant. The District has, in previous updates to its Capital Facilities Plan, used student factors from nearby school districts where the sample size of development within the District has not been adequate to produce a reliable District-specific student factor. The District will revisit student generation rates in future updates to the Capital Facilities Plan.

The Student Factors are as follows:

Single Family Dwelling Units:

Elementary – K through 5:	.483
Middle School – 6 through 8:	.103
High School – 9 through 12:	.138

Total: .724

Multi-Family Dwelling Units:

Elementary – K through 5:	.024
Middle School – 6 through 8:	.030
High School – 9 through 12:	.048

Total: .101

Source: 3 Square Blocks (2019 study on file with District).

For impact fees, the District’s Board of Directors must first adopt a Capital Facilities Plan with recommended fees and then, the towns, cities, and counties located within the District boundaries must then adopt a school impact fee ordinance and adopt or update the District’s recommended fee. Within the Steilacoom Historical School District, those general government jurisdictions include the Town of Steilacoom, the City of DuPont and Pierce County.

Furthermore, developers may contribute properties which will have value to a district. In such cases, the developer is entitled to a credit for the actual cost of the provided property. This credit can reduce or eliminate the mitigation or impact fee that would be chargeable under the mitigation/impact fee calculation.

The District collects school impact fees from new residential development in unincorporated Pierce County and the Town of Steilacoom. The City of DuPont must adopt a school impact fee ordinance for the City to collect school impact fees on behalf of the District. The Pierce County school impact fee ordinance requires that the calculated fee be discounted by 50% and, in addition, artificially caps fees and updates the capped fee each year based upon an escalation factor. The Town of Steilacoom generally uses the District’s recommended fee as a basis for the fee amount.

As noted above, the District utilized an independent consultant to research the student generation rate specific to the District. The District plans to update the student generation study going forward. The District will make decisions regarding any future adjustment to the impact fee as the CFP is updated annually.

Enclosures 1 through 2 to this tab include the District’s 2019 impact fee calculations and data.

5. THE DISTRICT FUNDING PLAN

The District's Funding Plan is designed to identify the specific funding resources, the amounts of funding needed and the unique relationships that exist between funding sources for each of the capital projects set forth in the District's Construction Plan. The District does not expect to receive state matching funds for construction of the new elementary school. The District anticipates that the new elementary school will cost approximately \$23,000,000 (hard construction costs only). The District's voters will need to approve a bond measure to fund construction of the new school. Impact fee revenue will also be used to fund the planning and construction of any new school or additions to existing schools identified as growth related projects.

The District's excess assessed value is \$3,641,046,010.

Other minor sources of funding include grants, bequests, and proceeds from the sales of excess property. They are usually a small part of the total financing package.

STEILACOOM HISTORICAL SCHOOL DISTRICT NO. 1 BOARD OF DIRECTORS

Board Meeting Date: December 18, 2019

Deletion of Policy 1430 – Audience Participation

Strategic Focus Area

- ☐ Achieve
- ☒ Support
- ☐ Connect
- ☐ Plan

BACKGROUND INFORMATION

Policy 1430 – Audience Participation was absorbed by Policy 1400 – Meeting Conduct, Order of Business and Quorum in 2018. All parts of Policy 1430 are outlined in the “Public Attendance and Comment” section of Policy 1400, making Policy 1430 unnecessary.

WSSDA no longer has this policy on record.

RECOMMENDED ACTION:

It is the recommendation of the Superintendent to delete Policy 1430 – Audience Participation.

Report prepared by:

Dr. Kathi Weight, Superintendent

AUDIENCE PARTICIPATION

FORMAL PRESENTATIONS

~~The board recognizes the value of public comment on educational issues and the importance of involving members of the public in its meetings. In order to permit fair and orderly expression of such comment, the board will provide a period at the beginning of the meeting during which visitors may make formal presentations. The board may approve up to a six minute presentation from an individual representing a group, if the information is relevant to the education of students or the operation of the Steilacoom School District. Such requests for presentations shall be submitted to the District Office and scheduled in advance.~~

COMMENTS FROM THE AUDIENCE

~~The board will also allow individuals to express an opinion prior to board action on agenda items the board determines require or will benefit from public comment. Written and oral comment will be accepted by the board before the adoption or amendment of policies not expressly or by implication authorized by state or federal law, but which will promote the education of kindergarten through twelfth grade students in public schools or will promote the effective, efficient or safe management and operation of the district. Individuals wishing to be heard by the board shall first be recognized by the chair. Individuals, after identifying themselves, will proceed to make comments as briefly as the subject permits, no longer than 3 minutes. Any representative of a firm eligible to bid on materials or services solicited by the board shall also be entitled to express an opinion. The chair may interrupt or terminate an individual's statement when it is too lengthy, personally directed, abusive, obscene or irrelevant. The board as a whole shall have the final decision in determining the appropriateness of all such rulings.~~

~~Individuals with disabilities who may need a modification to participate in a meeting should contact the superintendent's office no later than three days before a regular meeting and as soon as possible in advance of a special meeting so that arrangements for the modification can be made.~~

Revised: 5.28.08, 5.25.11

STEILACOOM HISTORICAL SCHOOL DISTRICT NO. 1 BOARD OF DIRECTORS

Board Meeting Date: December 18, 2019

Policy 4210 – Regulation of Dangerous Weapons on School Premises and
Policy 6112 – Rental or Lease of District Real Property

Strategic Focus Area

- ☐ Achieve
- ☒ Support
- ☐ Connect
- ☐ Plan

BACKGROUND INFORMATION

Policy 4210 – Regulation of Dangerous Weapons on School Premises and Policy 6112 – Rental or Lease of District Real Property were recently updated by WSSDA to eliminate exceptions that previously applied to employees. The revisions have added clarity and stricter requirements to the prior policies.

RECOMMENDED ACTION:

It is the recommendation of the Superintendent to approve Policy 4210 and Policy 6112.

Report prepared by:

Dr. Kathi Weight, Superintendent

REGULATION OF DANGEROUS WEAPONS ON SCHOOL PREMISES

Unless specifically authorized by this policy, it is a violation of district policy and state law for any person to carry a firearm or dangerous weapon on on district property or school-provided transportation. This prohibition applies to any facility owned, rented, or leased by the District. If the District leases or rents part of a property for District use, firearms and dangerous weapons are prohibited on any portion of the premises where the district has the right of exclusive use.

school premises, school-provided transportation or areas of other facilities being used exclusively for school activities unless specifically authorized by state law. Carrying a dangerous weapon onto school premises, school-provided transportation, or areas of other facilities being used exclusively for school activities in violation of [RCW 9.41.280](#) is also a criminal offense. It is the policy of this District that the presence of firearms and other dangerous weapons in the workplace or educational environment is to be minimized as much as possible. As such, the following activities are prohibited by this policy regardless of whether such possession would violate state law, and regardless of whether the weapon is secured in a vehicle or possessed by a person with a concealed weapons permit:

1. No District employee may bring any firearm or dangerous weapon onto any District property without prior authorization of the Superintendent.

2. No person or entity renting, leasing, or otherwise being granted the right to temporary use of District-owned property may possess, or allow its guests to possess, firearms or dangerous weapons on District-owned property.

The superintendent is directed to see that all school facilities post “Gun-Free Zone” signs, and that all violations of this policy and [RCW 9.41.280](#) are reported annually to the Superintendent of Public Instruction.

Dangerous Weapons

The term “dangerous weapons” under state law includes:

- Any firearm;
- Any device commonly known as “nun-chu-ka sticks,” consisting of two or more length of wood, metal, plastic, or similar substance connected with wire, rope, or other means;
- Any device, commonly known as “throwing stars,” which are multi-pointed, metal objects designed to embed upon impact from any aspect;
- Any air gun, including any air pistol or air rifle, designed to propel a BB, pellet, or other projectile by the discharge of compressed air, carbon dioxide, or other gas;
- Any portable device manufactured to function as a weapon and which is commonly known as a stun gun, including a projectile stun gun which projects wired probes that are attached to the device that emit an electrical charge designed to administer to a person or an animal an electric shock, charge, or impulse;
- Any device, object, or instrument which is used or intended to be used as a weapon with the intent to injure a person by an electric shock, charge, or impulse;
- The following instruments:
 - Any dirk or dagger;
 - Any knife with a blade longer than three inches;
 - Any knife with a blade which is automatically released by a spring mechanism or other mechanical device;

- Any knife having a blade which opens, or falls or is ejected into position by the force of gravity, or by outward, downward, or centrifugal thrust or movement; and
- Any razor with an unguarded blade;
- Any slung shot, sandbag, or sandclub;
- Metal knuckles;
- A sling shot;
- Any metal pipe or bar used or intended to be used as a club;
- Any explosive;
- Any weapon containing poisonous or injurious gas;
- Any implement or instrument which has the capacity to inflict death and from the manner in which it is used, is likely to produce or may easily and readily produce death.

In addition, the District considers the following weapons in violation of this policy:

- Any knife or razor not listed above, except for instruments authorized or provided for specific school activities;
- Any object other than those listed above which is used in a manner to intimidate, threaten, or injure another person and is capable of easily and readily producing such injury.

Reporting Dangerous Weapons

Students

If the District believes that a student has violated this policy, a An appropriate school authority will promptly notify the student's parents or guardians and the appropriate law enforcement agency of known or suspected violations of this policy

~~Students who violate this policy will be subject to discipline.~~ Students who have possessed a firearm on any school premises, school-provided transportation, or school-sponsored activities at any facility shall be expelled for not less than one year pursuant to [RCW 28A.600.420](#). The superintendent may modify the one-year expulsion for a firearm on a case-by-case basis.

Further, the district may also suspend or expel a student for up to one year if the student acts with malice (as defined under RCW 9A.04.110) and displays a device that appears to be a firearm.

All expulsion and / or suspension and all other discipline of students who violate this policy will be subject to District Policy 3241 – Student Discipline.

~~The district may also suspend or expel a student for up to one year if the student acts with malice (as defined under [RCW 9A.04.110](#)) and displays a device that appears to be a firearm.~~

-

~~No expulsion under [RCW 28A.600.420](#) prevents the district from continuing to provide educational services in an alternative educational setting in compliance with [RCW 28A.600.015](#). Any alternative setting should be comparable, equitable, and appropriate to the regular education services a student would have received without the exclusionary discipline. Example alternative settings include one-on-one tutoring and online learning.~~

-

Staff

If a District employee believes that another District employee has violated this policy, the employee will report his or her concerns to an appropriate school or District authority for further

inquiry. Any disciplinary action of an employee who willfully violates this policy will be subject to District Policy 5281 – Disciplinary Action and Discharge.

Exceptions ~~to State Law and this Policy~~

The following persons may carry firearms into school buildings, as necessary, although students engaged in these activities are restricted to the possession of rifles on school premises:

- A. Persons engaged in District-authorized military ~~or~~, law enforcement, or ~~school-district security~~ School Resource Officer activities;
- B. Persons involved in a District Superintendent school authorized convention, showing, demonstration, lecture or firearm safety course;
- C. Persons competing in District Superintendent ~~school~~-authorized firearm or air gun competitions; and
- D. Any federal, state or local law enforcement officer.

The following persons over eighteen years of age, not employed by the district, and not enrolled as students, may ~~have firearms in their possession~~ possess firearms on school property outside of school buildings on school property under only the following limited circumstances:

- A. Persons with concealed weapons permits issued pursuant to RCW 9.41.070 who are picking up or dropping off students; and
- B. Persons conducting legitimate business at the school and in lawful possession of a firearm or dangerous weapon if the weapon is secured within an attended vehicle, is unloaded and secured in a vehicle, or is concealed from view in a locked, unattended vehicle. Pursuant to RCW 9.41.050, no one may lawfully possess a loaded handgun in a vehicle unless the person has a valid concealed pistol permit.

Persons may bring dangerous weapons, other than firearms, onto school premises if the weapons are lawfully within the person's possession and are to be used in a school-authorized- martial arts class.

Personal Protection Spray

Persons over eighteen years of age, and persons between fourteen and eighteen years of age with written parental or guardian permission, may possess personal protection spray devices on school property. No one under eighteen years of age may deliver such devices. No one eighteen years or older may deliver a spray device to anyone under fourteen, or to anyone between fourteen and eighteen who does not have parental permission.

Personal protection spray devices may not be used other than in self-defense as defined by state law. Possession, transmission or use of personal protection spray devices under any other circumstances is a violation of district policy.

Policy 4210 – Regulation of Dangerous Weapons on School Premises and
Policy 6112 – Rental or Lease of District Real Property

Strategic Focus Area

- ☐ Achieve
- ☒ Support
- ☐ Connect
- ☐ Plan

BACKGROUND INFORMATION

Policy 4210 – Regulation of Dangerous Weapons on School Premises and Policy 6112 – Rental or Lease of District Real Property were recently updated by WSSDA to eliminate exceptions that previously applied to employees. The revisions have added clarity and stricter requirements to the prior policies.

RECOMMENDED ACTION:

It is the recommendation of the Superintendent to approve Policy 4210 and Policy 6112.

Report prepared by:

Dr. Kathi Weight, Superintendent

RENTAL OR LEASE OF DISTRICT REAL PROPERTY

When district real property is not needed, the board has the authority to call for bids to rent or lease any surplus real property. A notice of the intent to rent or lease property will be published in a newspaper of general circulation in the district at least 45 days before the rental or lease takes effect, if the value of the rental or lease is \$10,000.00 or more. The district may establish a minimum acceptable bid based upon the fair market value, provided that such minimum bid is non-discriminatory within classes of users.

Such property shall be rented or leased for lawful purposes. The rental or lease will be in the best interests of the district and will not interfere with the conduct of the district's educational program and related activities. It is a violation of district policy for any person, including a renter or leaser to carry a firearm or dangerous weapon on district property. Proceeds from rental or lease of district property which are in excess of the operational costs incurred for such rental or lease will be deposited in the capital projects fund or debt service fund.

At the option of the board of directors, after evaluating the sufficiency of the school district's capital projects fund for purposes of meeting demands for new construction and improvements, moneys derived from the lease or rental of real property may be deposited into the district's general fund to be used exclusively for nonrecurring costs related to operating school facilities, including but not limited to, expenses for maintenance.
