BACKGROUND INFORMATION

Our previous Interlocal Agreement with the Town of Steilacoom for School Resource Officer (SRO) services ran from 2016-2019. This new agreement has no changes (other than the dates) from our last agreement and was adopted by the Town of Steilacoom Council on July 16th. The agreement will cover SRO services for the 2019-2020 school year through the 2021-2022 school year.

RECOMMENDED ACTION:

It is the recommendation of the Superintendent to approve the Interlocal Agreement to continue SRO services with the Town of Steilacoom.

Report prepared by:

Dr. Kathi Weight, Superintendent

**INTERLOCAL AGREEMENT
BETWEEN THE TOWN OF STEILACOOM AND
THE STEILACOOM HISTORICAL SCHOOL DISTRICT
FOR SCHOOL RESOURCE OFFICER SERVICES**

This Agreement is made and entered into on this 1st day July of 2019, between the Town of Steilacoom (“Town”) and the Steilacoom Historical School District (“District”) both municipal corporations of the State of Washington, located in Pierce County, Washington, with respect to the following facts:

WHEREAS, the Town and the District have the power, authority and responsibility to provide security services within their respective jurisdictions and facilities; and

WHEREAS, the District has expressed a desire to execute an agreement with the Town for the services of one full-time police officer, known as a School Resource Officer (“SRO”) to be stationed at Steilacoom High School and serving the District’s schools located within the Town’s corporate boundaries, on Anderson Island, and within the corporate boundaries of the City of DuPont; and

WHEREAS, both parties desire to enter into an agreement for the purpose of utilizing the Town’s capabilities to provide the District with SRO services; and

WHEREAS, the District and the Town believe that the services rendered by an SRO will enhance school security and benefit public safety; and

WHEREAS, the Town is willing to assign a police officer to serve as an SRO as set forth herein, subject to the District’s commitment to reimburse the Town for all of the costs of maintaining such position; and

WHEREAS, the Town and the District agree to fund an SRO position in accordance with the terms and conditions set forth in this Agreement; and

WHEREAS, this Agreement is specifically authorized by the Interlocal Cooperation Act set forth in Chapter 39.34 of the Revised Code of Washington, NOW THEREFORE,

IN CONSIDERATION OF THE PROMISES AND AGREEMENTS CONTAINED HEREIN, IT IS AGREED AS FOLLOWS:

1. Provision of School Resource Officer Services. Commencing on July 1, 2019, and thereafter during the term of this Agreement, the Town shall provide School Resource Officer (“SRO”) services (collectively referenced as “Services”). The SRO shall be stationed at Steilacoom High School and shall serve all of the District’s schools. Services are more fully described in Exhibit “A”, attached hereto and incorporated by this reference. The Town shall not employ anyone to provide the Services who has pled guilty or been convicted of any of the crimes listed in RCW 28A.400.322. The Town shall have the authority to make SRO staffing decisions, subject to the District’s advance approval of all staff assigned to serve as an SRO in District facilities and District events. The Town will replace any selected SRO upon request of the District that is based on any reason permissible by law applicable to the District. The Town shall have sole discretion as to the equipment, uniform, and supplies that will be used by the SRO, and shall be the sole judge as to the most appropriate, efficient, and effective manner of handling and responding to calls for Services or the rendering thereof. The SRO will remain an employee of the Town. The delivery of Services, the standards of performance, the discipline of officers, the supervision of the

SRO and any other Town personnel, and other matters incidental to the performance of the Services, shall remain under the control of the Town.

2. Salary and Overtime. The District shall not assume any liability for the direct payment of any salaries, wages, or other compensation to an SRO performing the Services provided hereunder. The Town shall be responsible for any cost of overtime as authorized by the chain of command of the SRO for work not covered within the scope of Services defined in Exhibit A. The District shall be responsible for any overtime caused by District related events. Except as otherwise specified herein, the District shall not be liable for compensation for wages or indemnity to any Town employee for injury or sickness arising out of his/her employment pursuant to this Agreement, except for any injury or sickness that occurs as a result of the District's negligent or intentional acts.

3. Term. This Agreement shall be effective for a three year term, from July 1, 2019, through June 30, 2022. Following expiration of the initial three year term, this Agreement shall automatically be extended for additional one year terms thereafter, unless a minimum of 180 days' notice of cancellation is provided by one party to the other. In all events, either party may terminate this Agreement, in the terminating party's discretion, upon 180 days' advance notice to the other party.

4. Payment for Services. The parties agree that the annual cost, including benefits, for maintaining an SRO position is presently \$101,000. The District will reimburse the aforementioned annual cost to the Town for the services of one SRO, as provided by this Agreement, for the term of this Agreement. Annual charges will be billed in four quarterly installments. The District shall remit payment to the Town within thirty (30) days after receipt of a quarterly invoice. The Finance Directors for each party are authorized to modify this payment schedule and process by subsequent mutual agreement, provided such understandings or modifications shall be in writing. The annual amount will be increased each January 1 by the amount of the negotiated pay and benefit rate increases in the collective bargaining agreement covering the individual performing the duties.

5. Emergency Situations. During days when school is in session, the SRO will not be assigned to duties other than those set forth herein, except for required Departmental training or in response to emergency conditions, as determine by the sole discretion of the Chief of Police, that necessitate the response of additional police personnel.

6. Indemnification. The District agrees to defend at its own expense, indemnify and hold harmless the Town, its hired, appointed and elected officers, officials, employees, agents, and volunteers from and against any and all liabilities, judgments, liens, losses, costs, damages and expenses, including costs and attorney fees in defense thereof, because of actions, claims or lawsuits of any kind that allege injury or death to a person, or damage, injury or destruction to property or the enjoyment of property caused or allegedly caused or occasioned in whole or in part by or arising out of the performance or carrying out of the terms of this Agreement and/or amendments to this Agreement, except to the extent that such injury or death to a person, or damage, injury, or destruction of property or the enjoyment of property is caused by the sole negligence or intentional acts of the Town and/or its hired, appointed and elected officers, officials, employees, agents, and volunteers.

The Town agrees to defend at its own expense, indemnify and hold harmless the District, its hired, appointed and elected officers, officials, employees, agents, and volunteers from and against any and all liabilities, judgments, liens, losses, costs, damages and expenses, including costs and attorney fees in defense thereof, because of actions, claims or lawsuits of any kind that allege injury or death to a person, or damage, injury or destruction to property or the enjoyment of property caused or allegedly caused or occasioned in whole or in part by or arising out of the performance or carrying out of the terms of this Agreement and/or amendments to this Agreement, except to the extent that such injury or death to a person, or damage, injury, or destruction of property or the enjoyment of property is caused by the sole negligence or intentional acts of the District and/or its hired, appointed and elected officers, officials, employees, agents, and volunteers.

7. Compliance with Laws. The District acknowledges that, in addition to compliance by the Town with all applicable laws and regulations relating to employee hiring, the Town's Civil Service rules prohibit discrimination on the basis of non-merit factors. Additionally, the District acknowledges and agrees that the Services rendered hereunder may be affected by provisions of the collective bargaining agreement between the Town and the union representing the SRO. Furthermore, both parties acknowledge that this Agreement shall be subject to all laws, rules, and regulations of the United States of America, State of Washington, and the Town of Steilacoom. Should any such authority effectively prevent the performance of the obligations set forth herein or otherwise materially interfere with the achievement of the purposes of this Agreement, either party may terminate this Agreement upon thirty (30) days written notice to the other.

8. Modification. Either party may, in writing, request changes in the Agreement. Any and all agreed modification shall be in writing, signed by each of the parties and affixed to this Agreement.

9. Venue and Governing Law. In the event of litigation arising out of the construction or interpretation of any of the terms of this Agreement, the preferred venue of such action of litigation shall be in the courts of the State of Washington, County of Pierce. This Agreement shall be governed by the laws of the State of Washington.

10. Mediation/Arbitration Clause. If a dispute arises from or related to this Agreement or the breach thereof and if the dispute cannot be resolved through direct discussions, the parties agree to endeavor first to settle the dispute in an amicable manner by mediation administered by a mediator under Judicial Dispute Resolution LLC ("JDR") service rules or policies before resorting to litigation. If the parties are unable to agree on the selection of a mediator or are unable to resolve the dispute by mediation pursuant to this section, or the parties waive mediation by written agreement, then the parties agree that their dispute shall be subject to litigation.

11. Confidentiality. Laws involving confidentiality govern both the District and the Town. Both the District and the Town agree that its employees, subcontractors, and others shall maintain the confidentiality of all information provided by the other to the extent authorized to do so by the laws governing each. The federal Family Educational Rights and Privacy Act governs the District and the Town understands that this act and other state and federal laws will restrict the issuance of certain information to the Town. The District likewise understands that certain intelligence and law enforcement information is to remain confidential and in the sole control of the Town. Each agency agrees to respect the requirement imposed on the other and in the event of any judicial action being taken to promptly notify the other of any attempt to seek disclosure of information.

12. Notices. Any notices required to be given by the Parties shall be delivered at the addresses set forth below. Any notices may be delivered personally to the addressee of the notice or may be deposited in the United States mail, postage prepaid, to the address set forth below. Any notice so posted in the United States mail shall be deemed received three (3) days after the date of mailing.

13. Severability. If any term or condition of this Agreement or the application thereof to any person(s) or circumstances is held to be unconstitutional or invalid, such invalidity shall not affect the validity of the remaining portion of this Agreement and the remainder shall remain in full force and effect. The terms and conditions of this Agreement are declared severable.

14. Captions. The captions used herein are for convenience only and are not a part of this Agreement and do not in any way limit or amplify the terms and provisions hereof.

15. No Waiver. Waiver of any breach or condition of this Agreement shall not be deemed a waiver of any prior or subsequent breach. No term or condition of this Agreement shall be held to be waived, modified or deleted except by an instrument, in writing, signed by the parties hereto.

16. Entire Agreement. This written Agreement represents the entire agreement between the parties and supersedes any prior oral statements, discussions, or understanding between the parties.

17. Counterpart Originals. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

IN WITNESS WHEREOF, the parties below have executed this Agreement, and by doing so acknowledge that they have read this Agreement, understand its terms, and enter this Agreement in a knowing, intelligent, and voluntary manner.

The superintendent. Such state-~~ ~~ments~~ will ~~develop such handbooks~~~~be developed~~ with the participation of parents and the community. The school principal and staff will confer at least annually to develop and/or review student conduct standards and the uniform enforcement of those standards as related to the established student handbooks. ~~They will seek to develop precise definitions for common problem behaviors and build consensus on what constitutes manifestation of those problem behaviors. The definitions will also address differences between major and minor manifestations of problem behaviors to identify those problem behaviors that teachers and other classroom staff can generally address and those problem behaviors that are so severe that an administrator needs to be involved. This work will also help district staff identify and address differences in the perception of subjective misbehaviors and reduce the effect of implicit bias.~~

They will also confer annually to establish criteria for determining when certificated employees must complete classes to improve classroom management skills.

All students who attend the district's schools will comply with the written policies, rules, and regulations of the schools, will pursue the required course of studies, and will submit to the authority of staff of the schools, subject to such ~~discipline, including other forms of~~~~corrective action or~~ discipline as the school officials will determine.

BACKGROUND INFORMATION

Board Policy 3205 Sexual Harassment of Students Prohibited is revised to include language recommended by the U.S. Department of Education to ensure current or former employees who engaged in misconduct with a student are not provided employment recommendations.

RECOMMENDED ACTION:

It is the recommendation of the Superintendent to move this policy to second reading.

Report prepared by:
Susanne Beauchaine, Executive Director for Human Resources

SEXUAL HARASSMENT OF STUDENTS PROHIBITED

This district is committed to a positive and productive education free from discrimination, including sexual harassment. This commitment extends to all students involved in academic, educational, extracurricular, athletic, and other programs or activities of the school, whether that program or activity is in a school facility, on school transportation or at a class or school training held elsewhere.

Definitions

For purposes of this policy, sexual harassment means unwelcome conduct or communication of a sexual nature. Sexual harassment can occur adult to student, student to student or can be carried out by a group of students or adults and will be investigated by the District even if the alleged harasser is not a part of the school staff or student body. The district prohibits sexual harassment of students by other students, employees, or third parties involved in school district activities.

Under federal and state law, the term “sexual harassment” may include:
includes:

- acts of sexual violence;
- unwelcome sexual or gender-directed conduct or communication that interferes with an individual’s educational performance or creates an intimidating, hostile, or offensive environment;
- unwelcome sexual advances;
- unwelcome requests for sexual favors;
- sexual demands when submission is a stated or implied condition of obtaining an educational benefit;
- sexual demands where submission or rejection is a factor in an academic, or other school-related decision affecting an individual.

A “hostile environment” has been created for a student when sexual harassment is sufficiently serious to interfere with or limit the student’s ability to participate in or benefit from the school’s program. The more severe the conduct, the less need there is to demonstrate a repetitive series of incidents. In fact, a single or isolated incident of sexual harassment may create a hostile environment if the incident is sufficiently severe, violent, or egregious.

Investigation and Response

If the district knows, or reasonably should know, that sexual harassment has created a hostile environment, it will promptly investigate to determine what occurred and take appropriate steps to resolve the situation. If an investigation reveals that sexual harassment has created a hostile environment, the district will take prompt and effective steps reasonably calculated to end the sexual harassment, eliminate the hostile environment, prevent its recurrence and as appropriate, remedy its effects. The district will take prompt, equitable and remedial action within its authority on reports, complaints and grievances alleging sexual harassment that come to the attention of the district, either formally or informally. The district will take these steps every

time a complaint, alleging sexual harassment comes to the attention of the district, either formally or ~~informally~~.

Allegations of criminal misconduct will be reported to law enforcement and suspected child abuse will be reported to law enforcement or Child Protective Services. Regardless of whether the misconduct is reported to law enforcement, school staff will promptly investigate to determine what occurred and take appropriate steps to resolve the situation, to the extent that such investigation does not interfere with an ongoing criminal investigation. A criminal investigation does not relieve the district of its independent obligation to investigate and resolve sexual harassment.

Engaging in sexual harassment will result in appropriate discipline or other appropriate sanctions against offending students, staff or other third parties involved in school district activities. Anyone else who engages in sexual harassment on school property or at school activities will have their access to school property and activities restricted, as appropriate.

Retaliation and False Allegations

Retaliation against any person who makes or is a witness in a sexual harassment complaint is prohibited and will result in appropriate discipline. The district will take appropriate actions to protect involved persons from retaliation.

It is a violation of this policy to knowingly report false allegations of sexual harassment. Persons found to knowingly report or corroborate false allegations will be subject to appropriate discipline.

Staff Responsibilities

The superintendent will develop and implement formal and informal procedures for receiving, investigating and resolving complaints or reports of sexual harassment. The procedures will include reasonable and prompt time lines and delineate staff responsibilities under this policy.

Any school employee who witnesses sexual harassment or receives a report, informal complaint, or written complaint about sexual harassment is responsible for informing the district Title IX or Civil Rights Compliance Coordinator. All staff are also responsible for directing complainants to the formal complaint process.

Reports of discrimination and discriminatory harassment will be referred to the district's Title IX/Civil Rights Compliance Coordinator. Reports of disability discrimination or harassment will be referred to the district's Section 504 Coordinator.

District/school staff, including employees, contractors, and agents shall not provide a recommendation of employment for an employee, contractor, or agent that the district/school, or the individual acting on behalf of the district/school, knows or has probable cause to believe, has engaged in sexual misconduct with a student or minor in violation of the law.

Notice and Training

The superintendent will develop procedures to provide age-appropriate information and education to district staff, students, parents and volunteers regarding this policy and the recognition and prevention of sexual harassment. At a minimum sexual harassment recognition and prevention and the elements of this policy will be included in staff, student, and regular volunteer orientation. This policy and the procedure, which includes the complaint process, will be posted in each district building in a place available to staff, students, parents, volunteers, and visitors. Information about the policy and procedure will be clearly stated and conspicuously posted throughout each school building, provided to each employee and reproduced in each student, staff, volunteer, and parent handbook. Such notices will identify the District's Title IX coordinator and provide contact information, including the coordinator's email address.

Policy Review

The superintendent will make an annual report to the board reviewing the use and efficacy of this policy and related procedures. Recommendations for changes to this policy, if applicable, will be included in the report. The superintendent is encouraged to involve staff, students, volunteers, and parents in the review process.

SEL

THE SCIENCE OF SOCIAL EMOTIONAL LEARNING

District Focus 2019-2020

We recognize the importance of enhancing students' social and emotional skill development as we work to promote and foster safe, supportive and inclusive learning environments. We are committed to taking a comprehensive approach to promoting social and emotional development because it is not just about the skills that individuals possess, it is also about the features of the educational setting we provide, including culture and climate.

Research in human development, cognitive and behavioral neuroscience, and educational policy and practice has shown:

- Social and emotional development is central to learning and thoughtful programming leads to improvements in mental health, social skills, and academic achievement
- Intrapersonal, interpersonal, and decision-making skills are key to children's readiness to learn, persist, collaborate, and make good choices
- Social-emotional learning, when implemented well and embedded in schools, can be the foundation for all learning and interaction
- Social-emotional and cognitive development are interdependent
- As children experience social and emotional learning, the plasticity of the brain builds new neural networks, which enable them to manage their emotional responses and engage their frontal cortex in rational decision-making
- A young person's repeated experiences in school have the opportunity to be a powerful influence for the re-wiring of neural pathways necessary for habits to be built and sustained

Social-Emotional Learning (SEL) in SHSD is coordinated across the district and guided by 5 competency areas. We take a proactive systems approach to establishing the behavioral supports and social culture needed for all students to achieve social, emotional, and academic success.

SELF-MANAGEMENT: Managing emotions and behaviors to achieve one's goals

SOCIAL-AWARENESS: Showing understanding and empathy for others

SELF-AWARENESS: Recognizing one's emotions and values as well as one's strengths and challenges

RESPONSIBLE DECISION-MAKING: Making ethical, constructive choices about personal and social behavior

RELATIONSHIP SKILLS: Forming positive relationships, working in teams, and dealing effectively with conflict
