Dear Students, Families and Staff,

Webster Pride!

On Saturday, March 5th, the Webster Middle School's National Junior Honor Society sponsored their annual food drive to benefit The Center of Hope in Southbridge. They collected 642 non-perishable food items and hygiene products. Thank you to everyone from our community who donated these items!

Way to go WMS Junior NHS!

Bartlett High School Renovation Project Updates

On March 2nd, 2022, the Massachusetts School Building Authority Board voted to support moving the proposed Bartlett High School project forward into the next phase. This vote from MSBA guarantees that the district will receive support with funding this project; this could potentially be in the range of \$51 million to \$53 million in state reimbursement on eligible costs. The total estimated costs for the renovation is \$101 million and the next steps include continued communications on the status of this proposed project and **Ballot Vote on May 2nd and a Town Meeting on May 9th**.

Please join us on **March 9th** at Bartlett High School at 6:00 p.m. to learn more about the status of this proposed renovation project. You will learn more about the educational programming and the proposed design for the Bartlett High School Renovation project. If you cannot make the March 9th presentation, save the date for **March 30th**! Also you can find more information about this project on our website www.webster-schools.org

The Bartlett School Building Committee (SBC) invites the community to participate in a discussion about the Bartlett High School renovation. This is an opportunity for community members to provide feedback to the SBC and influence the design process.

The community is encouraged to share their thoughts on the development of the project, learn about the benefits of the site and building design, sustainability features, and review updated project costs. Contribute to the conversation and help shape the future of high school education in Webster.

El Bartlett School Building Committee (SBC) le invita a la comunidad a que participe en una conversación sobre la renovación de Bartlett High School. Esta oportunidad les permite que miembros de la comunidad compartan sus ideas con el SBC y que influyan en el proceso de diseño.

Se les pide a miembros de la comunidad que opinen sobre el desarrollo del proyecto, que descubran los beneficios del lugar, el diseño del edificio, y sus características de sostenibilidad, y que revisen los costos actualizados. Contribuyan a la conversación y ayuden a formar el futuro de la educación secundaria de Webster.
