PROGRAMMATIC, FISCAL, AND REPORTING ASSURANCES

The United States Department of Education (USED) has approved the application from the State of Alabama for ESSER funds under the CARES Act. The availability of funds is from 4/29/2020 to 4/29/2021. LEAs will be allowed to expend funds until 9/30/2022. Pre-award costs to the ESSER fund will be allowed for allowable cost incurred on or after March 13, 2020.

2. Allowable Service(s) Assurance

The LEA Superintendent or his/her authorized representative assures or certifies that:
 The LEA will use ESSER funds for activities allowable under section 18003(d) of Division B of the CARES Act. The United States Department of Education **does not** consider the following to be an allowable use of ESSER funds, under any part of 18003: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.

How will the LEA determine the most important educational needs as a result of COVID-19?

The LEA will consider CDC, Department of Public Health, and the Alabama State Department of Education recommendations to provide a safe environment for students and staff returning to Jasper City Schools. The LEA will use input from educators and administrators to ensure students have the tools they need to learn both in school and remotely. We propose hiring 2 interventionist (one for T. R. Simmons Elementary and one for Maddox Intermediate), a system social worker, and a remote learner coordinator. Additionally, we will purchase technology software infrastructure for lighter cyber security and safety as more devices will be going home. We will purchase software to support e-learning and remote learning, so that students can access books at home and be provided a pathway for instructional learning. We plan to host an after school tutoring program four days a week, assist in closing the achievement gap for at-risk students. Sanitizing machines and chemicals, infrared cameras, thermometers, cleaning and sanitizing products.

How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?

The LEA will use formative assessments and data meetings to identify gaps resulting from the disruption in instructional services. Once learning gaps are identified, staff will develop lessons targeted to meet student needs. We will begin assessing students during the first 2 weeks of school to determine skill and knowledge base.

What is the LEA's proposed timeline for providing services and assistance to students and staff?

The LEA will provide services and assistance to students and staff beginning in July 2020 and will continue through September 30, 2022 school year.

How will the LEA use ESSER funds to promote remote learning?

The LEA has a 1:1 student/teacher device for all students and teachers. We will be providing additional cyber security since we anticipate we will continue to have times of being out of school. While our internal network system is secure, we want to make sure we have more security measures in place with infrastructure/networking. We also want to provide additional software that will allow students more access to books and learning pathways at home. Since we already have the hardware in place, we want to increase infrastructure security and learning software.

3. Equitable Services Assurances

The LEA Superintendent or his/her authorized representative assures or certifies the following:

- The LEA receiving ESSER funds will provide equitable services to students and teachers in non-public schools as required under Section 18005 of Division B of the CARES Act.
- The LEA receiving ESSER funds will provide equitable services to students and teachers in non-public schools located within the LEA in the same manner as provided under Section 1117 of the ESEA, as determined through timely and meaningful consultation with representatives of non-public schools.
- The LEA will ensure that it will maintain control of funds for the services and assistance provided to a non-public school
- The LEA will ensure that it will have title to materials, equipment, and property purchased with ESSER funds.
- The LEA will ensure that services to a non-public school with ESSER funds will be provided by the LEA directly, or through contract with, another public or private entity.

Provide a brief explanation of the following: How will equitable service funds be used by the private schools? How will timely and meaningful consultation occur with private schools? What is the proposed timeline for services and assistance to be implemented by private schools?

We have one private school in our area with 11 students. We have met with the administrator of the school to determine what their greatest needs are. They want to be included in our professional development programs and assistance with mental health resources and services. All services will be provided prior to September 30, 2022,
