2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Beach School first opened its doors to students in 1912 in Piedmont, a city of about 11,000 residents, in the hills surrounded by Oakland. The school is one of three elementary schools in Piedmont and serves around 290 students. The school is a community of thoughtful learners, experienced educators and supportive parents. Our school provides an engaging and well-rounded environment, and nurtures a variety of learning styles and interests. The educational programs at the school are tailored to be both relevant and challenging. Beach School is proud of its comprehensive supplemental instruction, including both vocal and instrumental music, computer science, visual art, library, and a full physical education program. We strive to educate our students to be thoughtful, compassionate, problem-solvers.

Our teaching staff is supported by a highly-skilled staff of custodians, para educators, and office staff who work with our students to maintain a friendly and supportive learning environment for our students. The parents and families of our students are a vital part of our school community and add to our welcoming and inclusive environment. Our mission: Beach School collectively ensures the learning and well-being of every student.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Piedmont Unified School District sets a high priority upon ensuring that sufficient textbooks and instructional materials are available to support the school's instructional program. Piedmont Unified School district held a Public Hearing on September 28, 2022 and determined that each school in the District has sufficient and good quality textbooks and instructional materials. All students, including English Learners, are given their own individual standard aligned textbooks in core subjects. All textbooks and instructional materials used within the District are aligned with the California State Content Standards and Frameworks.

For 2022-23, all textbooks and instructional materials at Beach Elementary School were reviewed and in adequate supply and in fair to excellent condition. 100% of students in each core subject area possessed the necessary textbooks and instructional materials, including the deployment of Google Chromebooks for all students in grades K through 5.

Piedmont School District follows the State Board of Education's recommended adoption cycle for core content materials. Teachers in the District have the opportunity to review the textbooks and provide feedback. Recommendations for final adoption are submitted to the Board of Education for approval.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parents and community members are integral to the educational program at Beach School. They provide support through volunteering, fundraising, and giving input on school decisions.

The tremendous support of parents and the community contribute to the family-like atmosphere at Beach School. Parent involvement in the school is very high. Open Houses, Parent-Teacher Conferences, and school performances are always well-attended. The Parents' Club boast 90 to 95 percent membership participation rates. Parents volunteer to work in the classrooms, computer lab, library, playground, and the food service programs. Parents often serve on one or more support group boards or district committees providing organizational support and a community perspective to the schools. Examples of these opportunities are the School Site Council, School Safety committee.

Parents can help the schools in a great variety of ways. The Parents' Clubs manage and coordinate the volunteer effort at our school. We also have community events such as the Beach School Pancake Breakfast and Chalk Art festival that happens each fall. This past fall, 700 school and community members attended this event. We also hold parent education nights and parents are invited to meet with the school principal monthly to share ideas and concerns.

Numerous programs and activities are enriched by the generous contributions made from the following sources:

- Beach Parents Organization: <https://beachparents.com/> The main parent / school organization and support group.
- Beach Dad's Club: <https://beachdads.wordpress.com/> The Dad's Club organizing social and service events and hosts a pancake breakfast in the fall.
- Beach Revue: <https://www.beachrevue.org/> For over fifty years this parent-led effort has provided students a musical stage performance venue.
- Piedmont Arts Fund: <https://piedmontartsfund.org/> Supporting arts instruction and shows.
- PRAISE (special education): <http://piedmontpraise.org/> Support group for families focused on special education.
- Piedmont Educational Foundation: <http://www.piedmontedfoundation.org/> The parent organization for all parent clubs in the district.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Suspensions	0.00	0.23	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Safety of students and staff is a primary concern of Beach School. To ensure student safety, supervision is provided on campus at all times. Staff from the Piedmont Parks and Recreation Department's Schoolmates Program, located on the Beach School Campus, supervise students on campus after school. Students are supervised during recess and lunch by school staff members. Visitors to the campus must be let in by the front office staff through a buzzer, camera, door lock system. Once inside the building, all visitors must check in at the office prior to entering school grounds or buildings and a visitor's pass must be displayed at all times.

The Comprehensive School Site Safety Plan is reviewed and approved each year by a tri school safety committee, a group of staff members, the district Facilities Director, community members and representatives from the Piedmont Fire and Police Departments. Key elements of the Safety Plan include emergency procedures, codes of student behavior, and physical safety. There are monthly fire drills, in addition to shelter-in-place, lockdown/reverse lockdown, and earthquake drills which all occur during the first semester of the school year. Beach School is in compliance with all laws, rules and regulations pertaining to hazardous materials and state earthquake standards. The School Safety Plan was approved by the school board on 5/25/2022

In order to create a safe, inclusive, and kind school environment, our school utilizes community-building circles and social and emotional learning programs including Second Step.

Professional Development

PUSD staff members build their knowledge of curriculum and their repertoire of instructional strategies by participating in various types of professional learning: local and national conferences, on and off-site workshops, coaching cycles, and as members of professional learning communities.

Beginning in the 2018-19 school year, PUSD has used a model where the district, site, and teachers each determine the content of one of the three Professional Development days included in our school instructional calendar. PUSD has instituted a flexible professional development program, which allows all certificated staff to select the professional learning topic and structure that best fit their learning needs. This year, the district selected a racial justice focus, and the elementary sites selected a focus on Foundational Literacy, and teachers selected a range of topics from teaching science to a more in depth look at literacy standards.

New teachers participate in a full day professional development orientation and are assigned a mentor as part of the Teacher Induction Program (TIP) or may participate with Teachers Engaged in Active Mentoring (TEAM). Tenured teachers can also participate in coaching by participating in Teachers Engaged in Active Mentoring (TEAM).

Both the Foundational Literacy and Social Justice and Diversity and Inclusion standards are strengthened by monthly 2-hour professional development sessions held during common collaboration times. Curricular adoptions also featured professional learning for teachers as part of implementation.

This table displays the number of school days dedicated to staff development and continuous improvement.
