## Davis School District Early Retirement/Regular Retirement Benefits:

### **Early Retirement Stipends/Social Security Bridge Payments (if applicable):**

Stipends/Bridge Payments are intended to partially offset the reduction in Social Security benefits due to early retirement. *Eligible* retirees will receive a contribution of 16% of their earnings from their last 12 months of employment into a qualified *Special Pay Plan* 403(b) account or a District sponsored *Health Reimbursement Account* for up to 3 years. \*

- The first stipend and any *applicable* leave payouts (see Page 5) will be issued quarterly, no more than 180 calendar days from your last day worked.
- The second stipend will be issued in February of the first year following a complete calendar year where no earnings were reported for the position you retired from.
- The third stipend will be issued the following February.

The number of Stipends (if any) you will be eligible to receive (maximum of 3) will depend on your *Age at Retirement* and your *FULL Social Security Retirement Age*.

- Your *Age at Retirement* will be based on your age as of your last day worked.
- You can find your *Full Social Security Retirement Age* on the Social Security Administration website at: <https://www.ssa.gov/benefits/retirement/planner/ageincrease.html>
  - If you were born between 1943 and 1954 your *Full Social Security Retirement Age* is 66 and you would qualify for Stipends as follows:
    - Age 63 or younger = 3 Stipends
    - Age 64 = 2 Stipends
    - Age 65 = 1 Stipend
    - Age 66+ = 0 Stipends

**Note:** Receipt of stipends as described above is contingent on eligibility (see Page 1) and the completion of all necessary paperwork with Davis School District and Utah Retirement Systems. Delays in submitting paperwork may result in a delayed benefit.

You can calculate an *estimate* of your "Stipend" amount by multiplying your fiscal salary or your GROSS earnings from your last 12 paychecks by 16% (.16).

*Estimated Stipend Amount:* \$ \_\_\_\_\_

Your final stipend amount may be more or less than the estimate due to extra duty pay, Leave Without Pay (LWOP), etc.

Do you know when you will receive your final paycheck?

\_\_\_\_\_

- When we receive notice of your retirement, we will send you an e-mail with important information you will need to know, including the date of your final Davis School District paycheck.

➤ **Leave Payouts** (*if applicable*): Any unused leave you have earned (not necessarily *accrued*) at the time of your retirement will be converted and contributed into either a *Special Pay Plan* or a *Health Reimbursement Account* along with your first stipend (*if applicable*).

**A. Personal Leave Payout** (*if applicable*): Unused Personal Leave balances will be compensated at the substitute rate of pay for your position.

- Substitute Rates for the 2022-2023 School Year:
  - Sub Teacher: \$140 per day (for every 8 hours)
  - Sub Secretary: \$15.29
  - Sub Bus Driver: \$21.68
  - Sub Bus Assistant: \$13.27
  - Sub T.A./Office Assistant: \$12.60
  - Sub Custodian: \$12.60
  - Sub Cook: \$12.60

**B. Vacation Payout** (*if applicable*): Unused Vacation balances will be compensated at your regular hourly rate of pay. A maximum of 60 days will be paid out.

**C. Sick Leave Payout** (*if applicable*): Upon retirement you will be compensated for 21.5% of the value of your unused Sick Leave balance based on your hourly rate.

You can calculate your *estimated* Sick Leave payout:

- Multiply your current sick leave balance (from your Leave Summary Screen) by 21.5% (.215) = \_\_\_\_\_
- Multiply that figure by your hourly rate of pay = \$ \_\_\_\_\_

□ **Employee “Exit Interview”**: If your *estimated* District Retirement payout (*applicable Early Retirement Stipend(s) and/or leave payouts*) exceeds \$1,000 your payout will be contributed to either a tax-deferred “*Special Pay Plan*” 403(b) account with VALIC Retirement or a *Health Reimbursement Account* (HRA) with Pelion Financial Group. No exceptions! You will be contacted for an “Exit Interview” to help determine which plan your District Retirement Package will be sent to. (Payouts of less than \$1,000 will be paid via a regular payroll check.)

- Brent Hill’s *Financial Educational Systems, Inc.* (FES) office has been contracted to conduct the “*Exit Interviews*” for DSD retirees. When the Payroll Department receives notification of your retirement, we will notify Brent’s office and someone from FES will contact you to schedule an appointment for your interview – which will be with Brent Hill, Drew Hill, or one of their FES associates.

➤ **Insurance:** Employees who retire under the Early Retirement incentive program can continue enrollment in group medical and dental programs until they become eligible for Medicare (age 65), or for the ten consecutive years following retirement, whichever occurs first.

□ **Re-enroll in Insurance:** For your insurance coverage to continue you must re-enroll as a retiree. An insurance enrollment packet will be mailed to eligible retirees by the District Insurance office.

- Retirees will pay the same premium as *active employees* for the first 3 years and the full premium, plus an administrative fee, for the following 7 years or until they reach Medicare eligibility (age 65), whichever occurs first.
- When you re-enroll as a retiree, you are no longer eligible to participate in the districts WellSteps program. If you have been receiving the employee discounted rate because you qualified for the WellSteps discount the prior year, as a retiree, you will no longer receive that discounted rate.
- Unless you sign and return the election form requesting no insurance as a retiree the District will automatically deduct *approximately* one year's worth of insurance premiums (medical, dental and vision only) from each stipend.
- If you are eligible to continue your supplemental Life Insurance, you will need to arrange automatic monthly payments through Jenny Manning in the District Accounting Department.

□ **Medicare:** If you are nearing age 65 or if you are already 65 and will need to add to your basic Medicare coverage, contact Medicare at least 3 months before your District insurance coverage will end.

Please see the current *Davis Educators' Agreement* or *Classified Agreement* for further clarification regarding continued eligibility/coverage for your spouse and/or dependents and for detailed information regarding the out-of-area plan.

➤ If you have additional questions regarding continued insurance coverage, please contact Rose Bassett (801-402-5636) in the Human Resources/Insurance Department between 7:30 a.m. and 4:30 p.m.

➤ **Flexible Spending:** If you are enrolled in Flexible Spending at the time of your retirement you will have 30 days following your final Davis School District paycheck to incur any additional expenses. After the 30 days, any expenses incurred will be considered ineligible and will not be covered.

- If you use the NBS Flex Card, the card will be inactivated after the 30 days.
- You will have until the last business day in the plan year (last business day in December) to claim reimbursement for eligible expenses. After that date, any unclaimed funds will be lost.

# Davis School District

## Retirement Incentive Package Payment Options

The employer sponsored post-retirement benefit plan converts your Davis School District Retirement Incentive Package – which may include Early Retirement Stipend(s), Sick Leave and Vacation/Personal Leave payouts, *if applicable* – to an employer contribution into either a tax-deferred **Special Pay Plan** (similar to a 401k or 403b) with VALIC or a tax-free **Health Reimbursement Account Plan** (HRA) with Pelion.

### How Does the Plan Work?

Prior to retirement you will need to participate in a brief **Exit Interview** with an agent designated by Davis School District. Your answers to a few objective verbal questions will help determine your financial needs upon retirement and will enable the District, in accordance with IRS regulations regarding **Constructive Receipt** (see below), to make an informed decision as to which benefit plan will best meet your needs during retirement. Based on this determination, your retirement incentive package will be converted into either the **Special Pay Plan** (Option 1) or the **Health Reimbursement Account Plan** (Option 2).

Due to the specificity of the questions there should be no ambiguity at the end of the **Exit Interview** as to which plan your retirement package will be converted to.

### What is “Constructive Receipt”?

For income tax purposes, **Constructive Receipt** is used to determine when a taxpayer has received gross income. A taxpayer is subject to income tax in the current year if he or she has unfettered control in determining when items of income will or should be paid. However, income is not considered *constructively received* if the taxpayer’s control of its receipt is subject to substantial limitations and restrictions. (Treasury Regulations, Subchapter A, § 1.451-2.)

Failure to comply with this IRS regulation would void both retirement plans, which would result in: 1) retirees losing the tax benefits associated with each plan; 2) the District being subject to penalties; and 3) retirees paying income taxes on their entire retirement incentive package in the year the benefit is converted.
