Dear Students, Families and Staff,

It's hard to believe we have already had three week of school under our belt! That old saying is true, *Time flies when you are having fun!*

Students and staff alike are working hard and *learning* is evident everywhere you look...in classrooms, in gymnasiums, in the cafeteria and halls, and even outside! The best part of seeing *learning in action* is that it is authentic! Students are thinking out loud, working in collaborative groups, questioning concepts for deeper understanding, and socializing with their peers. The *realness* of learning is appreciated by EVERYONE this year! We truly missed the sounds and sights of having all our students in school last year, so this year is grounded in appreciation of our togetherness.

### **Family Engagement:**

We are seeking input on the **types of family outreach families would like to see planned for this year.** We ask that you take a few moments to fill out this questionnaire. Thank you in advance for your contribution.

## **Webster Special Education Parent Advisory Council (WSEPAC)**

### **What is SEPAC?**

SEPAC is a group of parents and community members who provide advice to the district regarding its special education programs and policies. The SEPAC can meet with school officials to engage in meaningful conversations and activities that enables the SEPAC to participate in the planning, development and evaluation of the district's special education programs and policies. SEPAC provides parents with a platform to exchange information, ideas, concerns and solutions.
