Dear Students, Parents and Teachers,

The Class of 2018 graduates from Bartlett High School today and we wish each and every one of them success as they begin a new chapter in their lives! A high school graduation marks success for the entire district and on Tuesday of this week, all of our students and staff across the entire district participated in the Graduate Parade of the Class of 2018! This day was marked with tears of joy from teachers and students and an intense level of pride and excitement. The excitement was palatable; students were holding signs and jumping up and down waiting to give a high five to the graduates; teachers were anxiously looking for graduates that sat in their classrooms years ago; and graduates were beaming with pride as they received congratulatory hugs and cheers of support. This graduation parade was like no other one I have experienced, it was truly meaningful for everyone in the entire district. To me, this day marked our graduates' informal graduation, as the graduates were able to be honored by everyone in the Webster School Community.

## National Junior Honor Society at Webster Middle School

This week the following students were inducted into the National Junior Honor Society at Webster Middle School. I am thrilled to see that 19 middle school students have earned this high standard of excellence in leadership, service, character and service. The Bartlett High School National Honor Society officers and members, Jonathan Truscott, Connor Brennan, Kyara Bienienda, Alyssa Ward, Phoung Le and Abigail Brodeur, along with Mrs. Laurie Foley led the wonderful ceremony. Students who earn this honor have to have a B+ or higher, they must be involved in service learning projects, demonstrate they can work with others collaboratively and be good citizens.
