

Superintendent Goguen

Dear Staff, Students and Families,

We are looking forward to welcoming our students back to school on April 23rd and we hope everyone had a safe and relaxing vacation week.

As we gear up for the busy season that the months of May and June bring, I would like to remind parents/guardians that it is never too late to decide to volunteer in one of our schools. All volunteers need to have an approved CORI forms. There are a number of ways in which you can assist in our schools; on field trips, in the classroom, lunch room, library, or at recess. As a person who began her career as a parent volunteer, I can say volunteering in my four children's classrooms provided me great insight into how each of my children were learning and growing. Should you be interested in volunteering this year or next, please reach out to your child's teacher or principal to discuss the various ways in which you can contribute to the greater growth of our school district. We need and want all parents as partners!

Congratulations

Congratulations to the 156 Webster Middle school students earning honor roll status and to the 60 students who have perfect attendance!!
