

STUDENT AGREEMENT FOR ACCEPTABLE USE OF THE ELECTRONIC COMMUNICATIONS SYSTEM

You are being given access to the Kilgore Independent School District's electronic communications system. Through this system, you will be able to communicate with other schools, colleges, organizations, and people around the world through the Internet and other electronic information systems/networks. You will have access to hundreds of databases, libraries, and computer services all over the world.

With this educational opportunity comes responsibility. It is important that you read the Kilgore ISD policy, administrative regulations, and agreement form and ask questions if you need help in understanding them. Inappropriate system use will result in the loss of the privilege to use this educational tool.

Please note that the Internet is a network of many types of communication and information networks. It is possible that you may run across areas of adult content and some material you (or your parents) might find objectionable. While Kilgore ISD will take reasonable steps to restrict access to such material, it is not possible to absolutely prevent such access. It will be your responsibility to follow the rules for appropriate use.

RULES FOR APPROPRIATE USE

- You will have access to the system under the supervision of a teacher or you will be assigned an individual account, and you are responsible for NOT sharing the password for that account with others.
- Access to the system is intended primarily for educational purposes.
- You will be held responsible at all times for the proper use of system resources, and Kilgore ISD may suspend or revoke your access if you violate the rules.

INAPPROPRIATE USES

- Using the system for any illegal purpose.
- Using someone else's account to access system resources.
- Posting personal information about yourself or others (such as addresses and phone numbers).
- Downloading or using copyrighted information without permission from the copyright holder.
- Posting messages or accessing materials that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal.
- Wasting school resources through the improper use of the computer system.
- Gaining unauthorized access to restricted information or resources.
- Installing unauthorized software on system computers.

CONSEQUENCES FOR INAPPROPRIATE USE

- Suspension of access to the system;
- Revocation of the system account; or
- Other disciplinary or legal action, in accordance with the Student Code of Conduct and applicable laws.

PERSONAL ELECTRONIC DEVICES

Campuses and/or teachers may allow students to bring and use personal electronic devices (laptops, tablets, e-readers, etc.) during the school day. Students must understand that use of a personal electronic device is at the discretion of a teacher and is intended to support learning objectives. Inappropriate use of such devices will result in the collection of the device and require the parent to retrieve it from the principal's office (including any fines or additional disciplinary action). See the Student Handbook or www.kisd.org for more information.
