Summary:

TGFD is a drug prevention program that utilizes an evidence-based curriculum that meets TEKS requirements and spans over 10 weeks. The program is in-person and takes a hands-on approach. Effectiveness of the program will be measured via pre and posttests that are provided to both the students and teacher of record. The program has been approved by TEA. ADACCV receives funding for the program through a HHSC grant.

If approved, the program will be available to 8th grade students during non-core classes, beginning the Spring Semester of 2023. The program does require parental permission. Middle school 8th graders have been chosen for this program based on current feasibility and capacity.

The TGFD curriculum will be provided by ADACCV degreed staff that will follow the curriculum as written. ADACCV staff will be required to pass a background check prior to being allowed on campuses. The SAISD teacher of record will be present during time of instruction by ADACCV staff.

Motion to approve TGFD by Mark Baker and seconded by Rebecca Cline. There was no opposition verbalized.
