### **School Business:**

- We discussed the change in fourth grade.
  - Some parents are feeling frustrated by the changes
  - We discussed that Mrs. DeGroot, the school counselor, has been meeting with the fourth grade classes and will continue to meet with individual students as needed in the coming days and weeks.
  - All changes start on Wednesday, Jan. 18, 2023
- It was discussed that the 4-6 classes have been mixed for preps to create relationships among the General Ed and Spectrum classes.
- It was suggested that we as a community and families could discuss how Spectrum and General Ed are different, but that one is not better than the other.
