Banks Trail Middle School

Together, Building a Tradition of Excellence.

With a motto of,
"Together, Building
a Tradition of
Excellence," Banks
Trail Middle School
believes diversity is
our strength. We've
brought together
many different
backgrounds,
talents, and ways of
thinking to create
one of the finest
middle school
environments
imaginable.

Located in the Piedmont in Fort Mill, South Carolina, Banks Trail Middle School opened its classrooms to students in the fall of 2011. The school contains 126,000 square feet of space that accommodates our current enrollment of approximately 900 students. There are 30 classrooms (100% of which are equipped with state-of-the-art Smart Boards), nine science labs, classrooms for fine arts and vocational education, and a gymnasium for special performances and assemblies. Our physical education and sports facilities include a gymnasium, a turf football/soccer stadium, a baseball field and batting cage, and four paved basketball courts.

It is our desire to create a school environment that will be enriched with academic, extracurricular, and community-based opportunities that equip

all Banks Trail students for their journey into high school and beyond. It is our responsibility to ensure that students have the knowledge, skills, and understanding to compete locally, nationally, and globally in all aspects of their lives. We sincerely believe middle school is a time when students are establishing the foundation for their successes in life through academic and social development and individual and societal awareness. We firmly believe these variables are cultivated by: classroom lessons that are rigorous, relevant, and engaging; extracurricular activities that enhance student learning and self-development; and community involvement, interaction, and service that make relevant connections to practical and educational experiences

In striving for that vision, our school has

realized many accomplishments (see page 5). BTMS students' academic achievements have been well documented by an Excellent rating every year in both absolute and growth ratings on the State School Report Card. Students participate and excel in local, regional, and state competitions that represent all aspects of school life including academics, the arts, and athletics.

Though always proud to discuss our successes; the faculty, parents and students of Banks Trail Middle School realize that excellence is the *vision* and not the *destination*.

Working together, we continue to identify and set goals that must be attained in order to continue providing the best possible educational community.

Report to Parents 2019-2020

Dear Parents,

Our focus at Banks Trail Middle School is to provide all students with the highest quality instruction and to develop the skills and career characteristics needed to be successful in the 21st Century. Our school's reputation of excellence and the Timberwolf traditions have been a part of the Fort Mill community for nine years. Our goal is to raise the academic achievement of all of our students through STEAM inquiry-based learning, literacy strategies that span across content areas, and in connecting curriculum to real-world applications.

We continue to implement new instructional strategies to impact each student's individual learning styles and needs. Banks Trail teachers participate in professional learning opportunities throughout the school year. These sessions are developed based on student test data, observational data, student needs, and the goals of our school. We continue to include research-based instructional practices, parent communication, data analysis, and technology integration. Through funding provided by our district, we will continue to offer one-to-one technology for our students and fully integrate technology into our curriculum and instructional programming.

Banks Trail Middle School strives for excellence in the arts, athletics, and academics. We offer students the opportunity to take band, art, chorus, and drama. We offer Gateway to Engineering courses and computer science classes that helps prepare students for possible STEAM based majors and career paths. Athletic opportunities at the middle school level include football, volleyball, cheerleading, basketball, soccer, track and field, and baseball. Other athletic options for 7th and 8th grade students are offered through our local high schools. We take great pride in delivering world class instruction through high quality teaching, a wealth of academic resources, and the positive student and teacher connections that the Fort Mill School District is known for.

Banks Trail follows a model of high expectations and continuous improvement as we strive to be on the cutting edge of student engagement and achievement. We make every effort to provide an educational environment in which all students have the opportunity to inspire, motivate, and live the "TRAIL" (Teamwork, Responsibility, Ambition, Integrity and Leadership) during the middle school years and beyond. We strive for our students to be globally prepared for the challenges of the 21st Century and for them to be caring people who help create a better and more peaceful world through intercultural understanding, cooperation, and respect.

***Addison Frausto, 8th Grade
BTMS Student Council President 2019-20***

“BTMS has made middle school a lot more fun for me than I thought it would be. Our school does so much to make sure that students can have fun. They host purple outs for game nights and have spirit weeks so that students can enjoy themselves. Being a student at BTMS has made me realize that middle school can be fun and teach me life skills that I will need for the future.”

— ***Tyson Gardin
BTMS Teacher of the Year 2020-21***

“It is truly an honor to represent BTMS as teacher of the year for 2020-21. I have the pleasure of teaching every single student at BTMS. I could not do this without the unwavering support and encouragement of my colleagues and for seeing the potential in me. I really enjoy watching our student’s growth throughout their journey here at BTMS. It is a blessing to serve with colleagues that have an exemplary approach to ensure student success.”

***Vicki Ellowitch
PTO President***

“As PTO President at Banks Trail, it has been wonderful getting to work with the teachers and staff. They go above and beyond to help out the students and give them the tools they need to succeed as they take their next step into the future. I look forward to seeing what the next year will bring!”

***Amy Merrigan
BTMS SIC Chair***

“After already serving one year on the Banks Trail SIC, I was pleased by seeing the important role our parents and community members played in our school. I was proud to accept the nomination as chairperson.

I am a former teacher and have served on various SIC’s as both a teacher and a parent. I am proud to have one BTMS graduate and another that will graduate in 2021. I have seen firsthand how dedicated and passionate the administration, teachers and staff are about BTMS and their students.”

School Improvement Council Purpose

Mandated by law, the SIC serves as an advisory group to the school. The SIC Brings together parents, school faculty, and community stakeholders to collectively establish, monitor, and evaluate specific long and short-range goals for students achievement. In addition, the SIC is a forum for parents, community members, and faculty members to share ideas and concerns about the school. Other functions of the SIC are to provide an annual school report to parents and the community and to increase parental awareness of and involvement in SIC initiatives. The BTMS SIC meets monthly. Updates and reports about the SIC are available on the school website.
