

Section: Narratives - Needs Assessment

Introduction

The findings of a recent study showed that there is a significant benefit to students who participate in out-of-school-time (OST) programs. In fact, the Return on Investment of Summer school Programs in Pennsylvania study determined that for every dollar invested in summer school programming for students there was a return of \$6.69 in potential benefits to students, including reduced rates for drop-outs, teen pregnancy, substance abuse, crime and delinquency ([Link PSAYDN.org](#)).

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$50,000,000 or one percent (1%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to support school districts, charter schools and cyber charter schools (collectively, LEAs) in the development and implementation of comprehensive after-school programs to address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three- part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer programming, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found [Link to Accelerated Learning Toolkit](#).

Section 1 - Needs Assessment: In this section, LEAs are asked to describe the impact of the pandemic on their students since March 2020.

Indicators of Impact

1. Describe how the LEA identified students for inclusion in a summer school program. Include a brief description of the indicators used in the decision-making process.

Students who are not on track to meet academic standards would be eligible to participate in summer school programming. The indicators would be state and local testing (STAR, DIBELS, PSSA, Keystone) as well as local grades and academic performance.

Section: Narratives - Summer School Program Questions

Summer School Program Questions: In this section, LEAs are asked to describe the activities they have designed to provide summer school programming for their students.

- Identify the target student-group for the summer school program. Will the focus be on academic growth, social and emotional wellness, or some other factor to support student growth? For each group, provide specific strategies that were used or will be used to identify and measure impacts.

Student Group	Area of Focus	Number of Students Served	Provide specific strategies that were used or will be used to identify and measure impacts
Major Racial and Ethnic Groups	Academic Growth		Students will participate in structured remediation and enrichment learning opportunities designed to increase their academic success in Reading/English Language Arts and Mathematics.
Children from Low-Income Families	Academic Growth		Students will participate in structured remediation and enrichment learning opportunities designed to increase their academic success in Reading/English Language Arts and Mathematics.
			Students will participate in structured remediation and enrichment

Student Group	Area of Focus	Number of Students Served	Provide specific strategies that were used or will be used to identify and measure impacts
Children with Disabilities	Academic Growth		learning opportunities designed to increase their academic success in Reading/English Language Arts and Mathematics.
English Learners	Academic Growth		Students will participate in structured remediation and enrichment learning opportunities designed to increase their academic success in Reading/English Language Arts and Mathematics.
Gender	Academic Growth		Students will participate in structured remediation and enrichment learning opportunities designed to increase their academic success in Reading/English Language Arts and Mathematics.
Migrant Students	Academic Growth		Students will participate in structured remediation and enrichment learning opportunities designed to increase their academic success in

Student Group	Area of Focus	Number of Students Served	Provide specific strategies that were used or will be used to identify and measure impacts
			Reading/English Language Arts and Mathematics.
Students Experiencing Homelessness	Academic Growth		Students will participate in structured remediation and enrichment learning opportunities designed to increase their academic success in Reading/English Language Arts and Mathematics.
Youth in Foster Care	Academic Growth		Students will participate in structured remediation and enrichment learning opportunities designed to increase their academic success in Reading/English Language Arts and Mathematics.

3. Describe the evidence-based resources that will be used to support student growth during the summer school program.

Students will participate in classes with no more than 10 students per class to ensure differentiated and individualized direct instruction. Resources could include the following: Open Court Reading Phonemic Awareness Kits Read 180 Every Day Math Carnegie Math

4. Describe the staff that will provide the summer school program (i.e., internal staff or outside resources).

Number of Staff Members	Internal/Outside Provider	Role
10	Internal Provider	Teacher

a. The LEA assures it understands it is responsible to offer the work to its internal employees prior to engaging outside entities.

b. The LEA assures it understands it is responsible to ensure that all summer school program staff hold the appropriate certifications for the program that is being delivered.

5. How will the LEA assess the success of the summer school program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
READ 180 Assessment Tools for lexile	Twice per summer	Student Lexile scores will increase by at least 50 points.
Mathia	Twice per summer	Student achievement will meet or exceed 5% of growth

6. How will the LEA engage families in the summer school program?

Participating families will be offered a conference to discuss student progress. Parent volunteers will be solicited to help with lunch and recess times. A weekly newsletter will be sent to families outlining the previous week's achievements and the upcoming week's activities.
