Jun 6, 2022

- Participants
    - Barbara Clouser - Teacher
    - Denise Dhawan - Physician
    - Erick Valentin - Middle School Principal
    - Greg Hummel - Director of Food Services
    - Katherine English - parent
    - Lisa Sviben Miller - Director of Safe and Supportive Schools
    - Ericka Schmidt - School Board Member
    - Jena Funck - Elementary School Principal
    - Mark Anderson - Director of Buildings and Grounds
    - Meaghan Hoffman - Parent
    - Renee Owens - Teacher
    - Steve Bell - Director of Transportation
    - Tracie Dawson - School Nurse
    - Kirsten Schuerich - Director of Special Education
    - Callie Howells - Physician
    - Jason Reifsnyder - Assistant to the Superintendent
    - Stacy Winslow - Superintendent
    - Sarah Karpel - Supervisor of Community Relations and Engagement
- Dr. Winslow reviews the reason for the meeting. With the ESSER grants, we are required to review the health and Safety Plan as a team every 6 months. This is our 6-month meeting.
- The last day for state reporting numbers is June 9th for the summer. We don't have a start date for the 2022-2023 school year.
- Group 4 - Did not have any changes or suggestions besides some wording.
- Group 3 - Had questions about tracking positive cases. Discussed as a group that the state is still requiring those numbers, so we need to continue to do so until they state otherwise. They also had notes that doctors are giving notes to return kids earlier.
- Group 2 - Did not have any suggestions for changes.
- Ms. Drew asked Dr. Reifsnyder the frequency of testing at Granada. He stated that 99% of testing is happening at Granada and there was a spike in May and it is coming back down now. Ms. Drew asked if that is an option that is still to be taken advantage of, which Dr. Reifsnyder said that they are. We are unsure if the supplies from the government will continue, which is why we included language "if tests are available"
- Tracie Dawson asked about policing masks when kids return with a doctor's note stating they will wear a mask.
- Dr. Winslow will create a clean copy of the ESSER plan for the School Board of Directors and a small presentation for the June 13th meeting.
- Unless any significant changes or issues are presented, the next pandemic team meeting will take place in early January
