ADULT RECREATION

AQUA ZUMBA

Known as the Zumba "pool party" Aqua Zumba gives new meaning to the idea of an invigorating workout! Splashing, stretching, twisting, even shouting and laughing are often heard during a class. Integrating the Zumba formula and philosophy with traditional aqua fitness disciplines, Aqua Zumba blends it all together into a safe, challenging, water-based workout that's cardio-conditioning, body toning, and most of all fun! There is less impact on your joints during an Aqua Zumba class so you can really let loose. It is not your typical aerobics class as you will dance in the water at your own speed. Consider Aqua Zumba your new favorite workout and exercise in disguise!

Your instructor, Linda Zarrett, has been doing Aqua Zumba in the area for many years and is excited to offer it in Owatonna!

NEAR DEATH EXPERIENCES: LET'S TALK ABOUT IT

We're hearing a lot more about Near Death Experiences over the last 10 years. Many people are sharing their stories in books, movies, podcasts, and support groups. Scientific studies are being done to document large groups of individual similarities and differences. We've also heard about shared-death experiences where a loved one, caretaker, or friend accompanies a person having an NDE. Let's come together to share these incredible experiences - either your own or someone else's - and help make sense of these journeys.

ZONE THERAPY & RED LIGHT ALLERGY RELEASE

There are many therapies used to restore balance in the body which releases discomfort and chronic pain. In this class, we will be discussing two of those therapies. What is Zone therapy and is it right for you? Zone therapy is done on the feet and stimulates every organ and renews the cell system in each treatment. It is a holistic approach which recognizes that all of the body's cells and organs make up a complex and interactive organism. Zone therapy does take time. It works with the body's own innate intelligence and only allows the body to do what it can, when it can. Is Red Light Allergy Release therapy right for you? Allergy release works with the subconscious and releases triggers causing discomfort and underlying inflammation. Join us to ask questions, see the process, and find out if these therapies are right for you. If you would like to be a part of a demonstration, please join us with clean feet.

Your instructor, Joni Oeltjenbruns, is a Zone and Red Light Therapy Practitioner in Owatonna.
