Title

2018-19 School Improvement Plans (SIPs)

Requested Action

School Board Consideration of Superintendent's Recommendation for Approval of the 2018-19 School Improvement Plans (SIPs)

Summary Explanation and Background

As a provision of the School Board's Policy regarding Instructional Program Accountability System (IA), each school participated in the development of their annual School Improvement Plan (SIPs), which included a heavy focus on the assimilation and analysis of student achievement data sets. Capitalizing on both individual school and comparative school data, schools are better equipped to identify potential gaps in student learning and implement appropriate interventions.

The 2018-19 SIPs require each school to establish two three-year SMART (Specific, Measurable, Attainable, Relevant, Timely) Goals targeting improved student achievement. Important SIP components also include research-based strategies addressing student learning at each tier of the Response To Intervention/Pyramid Of Intervention Plan, Professional Development plans, implementation time-lines for intervention strategies and appropriate measurements to monitor student learning progression.

The (attached) SIP Executive Summaries also provide a synopsis of each school's goals and strategies.

DATE: 10 October 2018

TO: School Board Members

FROM: Dr. Brian V. Hightower
Superintendent of Schools

SUBJECT: 2018-19 School Improvement Plans

As you know, pursuant to provisions of the School Board's Policy regarding Instructional Program Accountability System (IA), each school annually develops and implements a comprehensive School Improvement Plan (SIP). This Policy outlines predetermined components that must be contained in all SIPs and requires that each school develops SIP goals from data trends and gaps. Moreover, as described in the Policy, each SIP must be aligned to AdvancED's *Standards for a Quality School System*.

The 2018-19 SIPs are the result of extensive work in which every school has analyzed data, including conducting a gaps analysis in comparison to like schools in the District and State and examining longitudinal trends. Each SIP contains two three-year SMART (Specific, Measurable, Attainable, Relevant and Timely) goals, focused on continuous school improvement. Additionally, in support of the SIP goals, each school identified research-based effective strategies focused on teaching and learning. Each SIP contains an action plan for the research-based strategies, a professional development plan, a timeline for implementation and appropriate measurement techniques with which to periodically monitor progress/success toward implementation of the SIP and reaching each goal.

As a part of the 2018-19 SIP development process, work sessions were held that provided the opportunity for school teams to collaborate in the review of SIP goals, data sources, strategies and best practices in support of the SIP development. CCSD staff was also able to provide feedback and suggestions to school teams based on current research and the school improvement process. Finally, to increase the effectiveness of communications regarding the SIP process, the School District is continuing its usage of the SIP Executive Summary, implemented during the 2016-17 school year, for each plan. This document, due to its simplicity and clarity, allows each school to communication more clearly with its stakeholders and focus on the primary goals for improving student achievement.

Accordingly, I am recommending the School Board approve the 2018-19 SIP submitted by each school in the School District. For your review, a copy of each school's SIP Executive Summary is included with this correspondence.

One additional supporting document is attached which provides an at-a-glance overview of SIP goals and strategy trends being implemented across the District. During your review of these materials, please reference any questions you may have in this regard with Dr. Keith A. Bryant, Executive Director of Curriculum and Instruction.

2018-19 School Improvement Plan Trends

Goals

- SIP Goals focus on student achievement and/or improving student behaviors
- Two SIP Goals per school
- Each goal is a three-year goal
- Goals are SMART (Specific, Measurable, Attainable, Relevant and Timely)
- Goals by type and number:
    - 7 Reading/Lexile Level Goals
    - 27 English Language Arts Goals
    - 22 Mathematics Goals
    - 18 Student with Disabilities, English Language Learners and Economically Disadvantaged Student Goals
    - 7 Graduation/Course Completion Goals
    - 5 Generalized End-of-Course/End-of-Grade Goals
    - 3 Attendance/Behavioral Goals
    - 3 Science and/or Social Studies Goals
    - 7 Student Growth/Achievement Gap Goals
    - 1 Advanced Placement Goal

Strategies

- Majority of strategies focus on teacher behaviors that increase student achievement
- Selected strategies are research-based
- Chosen strategies have an effect size on student achievement of 1 or more year's growth
- Most commonly selected strategies:
    - Increasing positive student to teacher relationships
    - Providing timely and collaborative feedback to students
    - Using common formative assessments
    - Continuing the work of the Professional Learning Communities (PLCs)
    - Providing direct instruction in reading and math
    - Providing support through key instruction practices such as reciprocal teaching, scaffolding and concept mapping
    - Utilizing self-reporting grades and goal setting
