

BOARD POLICY
Student Transportation Management

Descriptor Code: ED

It is the policy of the Cherokee County Board of Education to provide transportation to eligible students who reside in the School District and elect to participate. The School District will acquire, maintain, and operate such vehicles as it deems necessary for the efficient operation of the schools. The School District will seek to assure the safety of all children who are provided district transportation and will comply with all Federal, State and local laws and regulations pertaining to student transportation.

It is recognized that bus transportation is a privilege provided as a service of the School District and that this privilege can be withdrawn due to violations of the code of conduct.

The primary use of school buses is to transport students to school and/or school related functions. However, under certain circumstances, organizations with permission or partnership agreements may be authorized to lease school buses.

The Superintendent will establish administrative guidelines and rules necessary to provide for implementation of this policy.
