AGREEMENT

BETWEEN

THE CHEROKEE COUNTY BOARD OF EDUCATION

AND
THE OPTIMIST CLUBS OF CANTON AND TOWNE LAKE

This agreement entered into on this 13th day of February, 2020 ~~6th day of February, 2014~~, by and between The Cherokee County Board of Education, hereinafter referred to as the "School Board" and The Optimist Clubs of Canton and Towne Lake hereinafter referred to as "Optimists."

WHEREAS, the School Board's mission is to educate the emerging generation through learning environments designed to increase the performance of all students ~~enable all students to become contributing citizens who can communicate effectively, gather and use information, make responsible decisions, utilize technology effectively, and adapt to the challenges of the future~~; and,

WHEREAS, one of the School Board's Priority Areas is Family, Partner and Community Engagement ~~Major System Priorities is to increase parental and community involvement through public engagement policies and practices that treat parents, businesses, community-based organizations and agencies, local institutions of higher learning and other public entities as true partners in the educational process~~; and,

WHEREAS, Optimist Clubs conduct positive service projects in their communities aimed at providing a helping hand to youth and empowering them to be the best that they can be; and,

WHEREAS, each Optimist Club determines the needs of the young people in its community and conducts programs to meet those needs. Every year, Optimists conduct 65,000 service projects and serve well over six million young people

Now therefore in consideration of the covenants and conditions set forth herein the parties agree as follows:

PARTNERSHIP AGREEMENT

BETWEEN

THE CHEROKEE COUNTY BOARD OF EDUCATION

AND

GEORGIA COMMUTE SCHOOLS

This agreement entered on this 13th day of February, 2020 by and between The Cherokee County Board of Education, hereinafter referred to as the "School Board" and Georgia Commute Schools.

WHEREAS, the School Board's mission is to educate the emerging generation through learning environments designed to increase the performance of all students; and,

WHEREAS, one of the School Board's Priority Areas is Family, Partner and Community Engagement; and,

WHEREAS, Georgia Commute Schools (GCS) is a federally-funded program housed under the Atlanta Regional Commission that aims to reduce traffic congestion around schools by motivating and encouraging students to carpool, take transit, ride the school bus, walk, bike, and parents to reduce idling in the car-rider line; and,

WHEREAS, Georgia Commute Schools recognizes that children are particularly vulnerable to air pollution, who breathe 50% more air per pound than adults and are closer to the ground and therefore vehicle tailpipes. Children's lungs are still developing, making them more vulnerable to the impact of vehicle exhaust and poor air quality. 11% of Georgia's children suffer from asthma. Exposure to car emissions can aggravate children's asthma, making it harder to breathe. Georgia Commute Schools' initiative empowers schools and entire communities to make a difference in reducing traffic around schools and cleaning up our air; and,

WHEREAS, Georgia Commute Schools provides schools (K through 12) with resources and tools to educate and empower schools, parents, and students to implement changes in their communities to reduce traffic congestion and improve air quality. Entire school communities will learn simple, voluntary actions they can take that will make a big impact on reducing air pollution. Turning car engines off, for example, while waiting for children to get out of school can take three pounds of pollution out of the air per month; and,

WHEREAS, Georgia Commute Schools currently provides program assistance to 20 counties and 28 school districts in metro-Atlanta with a total of 28 schools and 13 school districts in the partnership program since 2018; and,

WHEREAS, Georgia Commute Schools views children as young commuters and the next generation of trailblazers to help improve transportation in metro Atlanta. Georgia Commute Schools works with administrators, faculty, parents, and community leaders. Georgia Commute Schools programs are at no financial cost to school districts and schools and are designed to offer resources to Kindergarten through 12th grade schools across metro Atlanta. Our program serves public, private, alternative, and charter-focused schools. CarPOOL to School, Breathe: Be Idle Free, Tracks to Transit, Love My Bus, and the Highschool Transportation Taskforce initiative are all the programs schools can implement. Air Quality Lesson plans and a library of resources are provided to support the previously listed programs.

FINANCIAL REPORT
JANUARY 2020

General Fund

For the month ending January 31, 2020, the seventh month of the 2019-20 Fiscal Year, the School District's Operating Account (General Fund) has received $283,436,308 in revenue (year-to-date) consisting of state funds of $102,214,273 (44% of budget), $169,535,913 local taxes (92% of budgeted amount), and other funds of $11,686,122 (87% of budget). All operating expenditures of $225,523,722 (52% of budget) are within the Board of Education's approved 2019-20 budget.

Building Fund/EdSPLOST Collections

The Capital Outlay Fund balance of $24,978,094 as of January 31, 2020 reflects Special Purpose Local Option Sales Tax for Education (EdSPLOST) collections, proceeds of bond sales for capital outlay purposes, less bond refundings, transfers from the General Fund, bond issuance costs, and capital outlay expenses paid.

Cherokee County School District received $4,469,659 in January 2020, for the month of December 2019, the 24th month of 60 monthly sales tax collections for the 2018-2022 EdSPLOST. Collections received were above projections (detail included) for the month by $773,700 and above cumulative projections by $15,674,912.

EdSPLOST collections are accumulated within the Building Fund to be used for specified capital outlay purchases (limited pay-as-you-go) and transferred to the Debt Service Fund at the appropriate time to meet annual bond obligations (January and July). Excess EdSPLOST collections above projections are used to meet critical capital outlay needs and/or transferred to the Debt Service Fund as a safeguard against future negative economic conditions, assuring the School District can meet future bond payments.

Debt Service Fund

The Debt Service Fund balance as of January 31, 2020 is $48,148,779 representing funds accumulated from EdSPLOST collections, collections from the one mill of property tax approved by the School Board, interest earned from investments and Invested Sinking Fund earnings. The Invested Sinking Fund is attached to the Series 2010B Bond issuance and is structured to fully pay the annual debt service on the Series 2010B bonds through January 2028. Annual Debt Service payments are made in February and August of each year, according to the Debt Service Schedule published annually in the Cherokee County School District Budget Book.

Federal/State/Competitive Grants and School Nutrition Funds

The School Nutrition Fund Balance as of January 31, 2020 is $7,516,650 and represents the difference between revenues from all sources and all expenditures. This amount is held in reserve to cover potential funding shortfalls or unexpected expenses.

Federal, State and Competitive grant funds are annually awarded to the School District based on funding formulas (Federal Title Programs) and/or program applications (State and competitive grants). As funds are expended, reimbursements are sought from the various programs. Local funds are not intended to cover shortfalls within grant programs nor are grants intended to carry a fund balance.

Title

SY2019-20 Attendance Area Map Correction

Requested Action

School Board Consideration of Superintendent's Recommendation for Approval of SY2019-20 Attendance Area Map Correction

Summary Explanation and Background

For SY2019-20, there were no schools that met the 'Critical Overcrowding' criteria and no new school facility under construction at this time. CCSD Staff recommends a Scrivener's Map Correction for SY2019-20 to modify the Attendance Area between Free Home ES and Macedonia ES in order to accommodate a new residential development that is currently in the construction stages.

The development in question, Birmingham Registry, is near the intersection of Free Home Highway and Birmingham Highway. The development's entrance and two lots are located in the Macedonia ES Attendance Area, while the remaining 33 lots are in the Free Home ES Attendance Area. No students would be affected by this attendance area change. CCSD Staff recommends shifting the attendance area to encompass the entire development into the Free Home ES Attendance Area.
