Title

Recognition of Cherokee County School District's High School Seniors Receiving a Certificate of Excellence for Outstanding Achievement By the Georgia Career and Technical Student Organization

Requested Action

School Board Recognition of Cherokee County School District's High School Seniors Receiving a Certificate of Excellence for Outstanding Achievement By the Georgia Career and Technical Student Organization

Summary Explanation and Background

The Career, Technical, and Agriculture Education (CTAE) division of the Georgia Department of Education recognizes those who have achieved excellence within their Career and Technical Student Organization (CTSO) at the National level. CTSO's play an integral role in preparing students to become college and career-ready members of society who will hold productive leadership roles in their communities. Because Georgia CTSO's are co-curricular, which is different from an after-school club, they help students stay engaged in the classroom. CTSO students are better prepared to meet the demands of the workplace because they offer real-world experience to compliment the academic studies of the classroom.

The following students have been awarded a Certificate of Excellence by the Georgia Career and Technical Student Organization in their own categories: Harmony Schwall of Cherokee High School, formerly at Creekview High School, Team Career Skills; Thomas Lathem of Creekview High School, Computer Applications; and Katyrina Nibert of Creekview High School, Team Career Skills.

Priority Area

Student Achievement: Access and Opportunity

Financial Impact

N/A
