School Board Recognition of Creekview High School Agriculture Program -- National Association of Agricultural Educators Outstanding Secondary/Middle School Program Award Recipient

Summary Explanation and Background

The Creekview High School agriculture program, led by teacher Pauline Benton, is one of six agricultural education programs nationwide to earn the Outstanding Secondary/Middle School Program Award from the National Association of Agricultural Educators.

The award honors agricultural education programs that "have developed and grown to encompass, at the highest levels, all aspects of the agricultural education model - quality instruction, experiential learning, and student leadership development - into their program."

The school's Career Pathways program has grown to include equine science, veterinary science, agriculture electrification and agricultural mechanics, as well as a second teacher with the addition of Wyatt Wilkie. The program also has expanded thanks to the construction of a new agriculture science building, approved by the School Board and constructed using Special Purpose Local Option Sales Tax (SPLOST) revenue and a state grant.

The program is aligned with both state standards and National FFA expectations for agriculture programs, with an emphasis on inquiry-based problem solving learning, experiential learning and a personalized supervised agricultural experience (SAE) developed by each student.

FINANCIAL REPORT
JANUARY 2022

General Fund

For the month ending January 31, 2022, the seventh month of the 2021-22 Fiscal Year, the School District's Operating Account (General Fund) has received $294,344,149 in revenue (year-to-date) consisting of state funds of $94,591,425 (43% of budget), $199,001,720 local revenues (92% of budget), and other funds of $751,004 (56% of budget). All operating expenditures of $222,688,944 (51% of budget) are within the Board of Education's approved 2021-22 budget.

Building Fund/Ed-SPLOST Collections

The Capital Outlay Fund balance of $50,380,196 as of January 31, 2022 reflects Special Purpose Local Option Sales Tax for Education (Ed-SPLOST) collections, proceeds of bond sales for capital outlay purposes, and transfers from the General Fund less bond refundings, bond issuance costs, transfers of Ed-SPLOST to the Debt Service Fund and capital outlay expenses paid.

Cherokee County School District received $5,946,714 for sales tax collections received in January 2022, for the month of December 2021, the 48th month of 60 monthly sales tax collections for the 2018-2022 SPLOST. Collections received were above projections for the month by $2,025,671 and above cumulative projections by $50,482,954.

Ed-SPLOST collections are accumulated within the Building Fund to be used for specified capital outlay purchases (limited pay-as-you-go) and transferred to the Debt Service Fund at the appropriate time to meet annual bond obligations (January and July). Excess Ed-SPLOST collections above projections are used to meet critical capital outlay needs and/or transferred to the Debt Service Fund as a safeguard against future negative economic conditions, assuring the School District can meet future bond payments.

Debt Service Fund

The Debt Service Fund balance as of January 31, 2022 is $70,603,688 representing funds accumulated from Ed-SPLOST collections, collections from the 1.25 mills of property tax approved by the School Board, interest earned from investments and Invested Sinking Fund earnings. The Invested Sinking Fund is attached to the Series 2010B Bond issuance and is structured to fully pay the annual debt service on the Series 2010B bonds through January 2028. Annual Debt Service payments are made in February and August of each year, according to the Debt Service Schedule published annually in the Cherokee County School District Budget Book.

Federal/State/Competitive Grants and School Nutrition Funds

The School Nutrition Fund Balance as of January 31, 2022 is $12,330,808 and represents the difference between revenues from all sources and all expenditures. This amount is held in reserve to cover potential funding shortfalls or unexpected expenses.

Federal, State and Competitive grant funds are annually awarded to the School District based on funding formulas (Federal Title Programs) and/or program applications (State and competitive grants). As funds are expended, reimbursements are sought from the various programs. Local funds are not intended to cover shortfalls within grant programs nor are grants intended to carry a fund balance.

Special Lease Agreements

Requested Action

School Board Consideration of Superintendent's Recommendation for Approval of the Special Lease Agreements

Summary Explanation and Background

Pursuant to the School Board's Community Use of System Facilities Policy (KG), special lease agreements applicable to non-school allied groups (users applying for extended use of school facilities who are required to pay rental fees) and for-profit summer camps, summer recreational leagues and/or any activities where Cherokee County School District employees are compensated, must be recommended by the Principal to the Superintendent for consideration of approval by the School Board prior to use of the facility. Extended use is defined as an event involving four or more consecutive days or for recurring activities.

Attached detailed synopsis of the special lease agreements, which adhere to the guidelines stipulated for such use and which have been approved by the Principal and Superintendent.

The allowance of these special lease agreements to occur will ultimately be determined by the Superintendent. That determination will be based on current and emerging COVID-19 related guidance from Federal, State and Local health officials.
