

Knox Elementary STEM Academy
School Council – Wednesday 13, 2022
8:00 AM- Room 102

Members Present: J. McIntosh, P. Gorges, A. Wood, K. Estes, & J. Puckett

Call to Order: 8:00 AM

Agenda Review

- Progress Presentation
- Attendance/Tardiness

Minutes of the School Council Meeting:

Presentation Highlighting Progress

McIntosh

- No CCRPI (2021) score due to pandemic
- Even without an official state score, we were able to use ACCESS data and Milestones data to take a look at progress
- Shared that many of our subgroups showed growth last year-which we are very proud of-despite the limitations of Covid
- As a staff we focused on what we could control versus what we could not control due to the pandemic and believe this had a positive impact on student achievement
- Short discussion on the importance of the data received from Milestones (for our school and the student) and the need for our students to be a part of the process.

Attendance and Tardiness

McIntosh

- Attendance continues to be an area of concern-at both a local and national level
- Brainstorm of ideas to promote attendance
- Beginning of school year – campaign to enhance and encourage student attendance by way of communicating with parents

May meeting is optional – if needed, members will be contacted

Meeting Adjourned @ 9:03 AM
