Orders of Business	• Reviewed and adopted Meeting Minutes from 2/10/22. • Mrs. Pope facilitated discussion regarding the Media Advisory Committee requirements and procedures. She shared a brief overview of her role as a Media Specialist, program updates, program budget, and upcoming events. Mrs. Pope and Mrs. Roulier shared the procedure for any parent wishing to challenge a book or school resource. • Reviewed Average Daily Attendance Report and discussed plans to focus on positive ways to increase student attendance in the future. BGSA continues to have the lowest average attendance rate of elementary schools in the district. We again discussed plans to make this a school-wide goal for next year. • Reviewed the 20-Day Enrollment Report-both our F2F and DL enrollment. F2F enrollment has grown from new students moving into our area or joining our self-contained classrooms. • Shared CCSD's approval for International Accreditation through Cognia for another five years. We received excellent ratings and great feedback from the visiting team. • Shared update on our Shoe Drive Fundraiser where we are collecting new, and gently worn shoes to earn money for the school. Our goal is a minimum of 100 bags of shoes. • Discussed upcoming Milestones testing for 3rd-5th and end of year events.
