Meeting Date	Agenda Item Number
May 19, 2022	A-5

Title

Recognition of 2021-22 Regional and State Science and Engineering Fair Winners

Requested Action

School Board Recognition of 2021-22 Regional and State Science and Engineering Fair Winners

Summary Explanation and Background

Cherokee County School District students earned honors at the Georgia Science and Engineering Fair, including a top prize!

CCSD's top young scientists and engineers earlier this year competed at the Northwest Georgia Regional Science and Engineering Fair. Eight middle and high school students placed at regionals to earn the opportunity to advance to the state fair held this month at the University of Georgia.

E.T. Booth Middle School seventh-grader Pradhyumna Vasishta earned first place in the junior division at the state fair and won a Broadcom Masters nomination. The Broadcom competition, sponsored by the Society for Science & the Public, is the nation's premier science fair competition for middle school students.

Three more E.T. Booth MS seventh-graders also placed at the state fair: Rohan Pandya, third place; Hailii Hammond, fourth place; and Sophie Naliwajka, fourth place. E.T. Booth MS STEM and science research teacher Dr. Larry Gruszecki mentored the students on their projects.

Priority Area

Student Achievement: Access and Opportunity

Financial Impact

N/A

Exhibits: (List)
