	Field House Lobby
	Hallway – Outside Room 11
	Hallway – Outside Room 27
Poland Middle School	Clinic
	Gym
McKinley Elementary	Connector/Cafeteria
	Gym

Remote Locations

Central Office / Dobbins Early Learning Center
Athletic Trainer
Poland Stadium – Weight Room

What is an AED?

An automated external defibrillator (AED) is a lightweight, portable device that delivers an electric shock through the chest to the heart.

The shock can potentially stop an irregular heart beat (arrhythmia) and allow a normal rhythm to resume following sudden cardiac arrest (SCA). SCA occurs when the heart malfunctions and stops beating unexpectedly. If not treated within minutes, it quickly leads to death.
