Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Lamoille North Supervisory Union as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Lamoille North Supervisory Union's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Lamoille North Supervisory Union, as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Lamoille North Supervisory Union and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Lamoille North Supervisory Union's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lamoille North Supervisory Union's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Lamoille North Supervisory Union's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on page 31, the schedule of proportionate share of the net pension liability on page 32, the schedule of proportionate changes of the net OPEB liability on page 33 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Lamoille North Supervisory Union's basic financial statements. The accompanying combining and individual nonmajor fund financial statements and schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 29, 2022, on our consideration of Lamoille North Supervisory Union's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Lamoille North Supervisory Union's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Lamoille North Supervisory Union's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2022

Our discussion and analysis of Lamoille North Supervisory Union financial performance provides an overview of the Supervisory Union's financial activities for the fiscal year ended June 30, 2022. Please read it in conjunction with the Supervisory Union's financial statements.

Brief Discussion of the Basic Financial Statements:

Using This Annual Report

This annual Report consists of a series of financial statements. The Statement of Net Position, Statement of Activities, and the Balance Sheet—Governmental Funds provide information about the activities of the Supervisory Union as a whole, and present a longer-term view of the Supervisory Union's finances. Fund financial statements such as the Statement of Revenues, Expenditures and Changes in Fund Balance tell how these activities and services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Supervisory Union's operations in more detail than the government-wide statements by providing information about the Supervisory Union's most significant funds. The Supervisory Union Administration is responsible for establishing an accounting and internal control structure designed to ensure that the physical, data, informational, intellectual and human resource assets of the Supervisory Union are protected from loss, theft and misuse, and to ensure that adequate accounting information is maintained and reported in conformity with generally accepted accounting principles (GAAP). Additionally, management strives to ensure that these assets are put to good and effective use. The internal control structure is designed to provide reasonable, but not absolute, assurances that these objectives are attained. The concept of reasonable assurance recognizes that: (1) the cost of any control should not exceed the benefit likely to be derived; (2) the valuation of cost and benefits requires judgments by management.

Reporting the Supervisory Union as a Whole

One of the most important questions asked about the Supervisory Union's finances is, "Is the Supervisory Union as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Revenues, Expenditures and Changes in Fund Balance report information about the Supervisory Union as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The Statement of Net Position reports the Supervisory Union's net position and changes thereof. You can think of the Supervisory Union's net position - the difference between assets and liabilities - as one way to measure the Supervisory Union's financial health, or financial position. Over time, increases or decreases in the Supervisory Union's net position are one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in the Supervisory Union's student enrollment and the condition of the Supervisory Union's infrastructure, to assess the overall health of the Supervisory Union.

Lamoille North Supervisory Union
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2022

In the Statement of Net Position and the Statement of Revenues, Expenditures and Changes in Fund Balance, the Supervisory Union's activities are classified solely as governmental activities:

- Governmental activities - The Supervisory Union's basic services are reported here, including: instruction-regular education and special education; supporting education services; operation and maintenance; transportation; and administration. These activities are further broken down between General Fund and Special Revenue.
 - General Fund activities – These are the basic core management activities of the Supervisory Union, including: curriculum, human resources, student special services and business services. These activities are also supported primarily by member school district assessments.
 - Special Revenue activities – These are special purpose activities that are supported by grant funds. These activities may support the core mission of the Supervisory Union, but the activities are being provided because other funds are available to pay for them. In most cases, special revenue activities would not be provided if grant funding were not available.

Reporting the Supervisory Union's Most Significant Funds

The fund financial statements provide detailed information about the most significant grant funds - not the Supervisory Union as a whole. Some funds are required to be established by State law. However, the Supervisory Union's Board of Directors establish many other funds to help them control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain grants, and other money (like grants received from the U.S. Department of Education). The Supervisory Union uses only one kind of fund - governmental funds.

- Governmental funds - Most of the Supervisory Union's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Supervisory Union's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Supervisory Union's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Revenues, Expenditures and Changes in Fund Balance) and governmental funds in reconciliation at the bottom of the fund financial statements.

Amounts reported for governmental activities in this statement of net position differ from the Statement of Revenues, Expenditures and Changes in Fund Balance because: capital (non-current) assets used in governmental activities are not financial resources and therefore, are deferred in the funds; non-current liabilities - consisting of bonds payable, accrued interest on bonds, capital leases payable, compensated absences, and post employment benefits payable (early retirees) - are not due and payable in the current period and therefore are not reported in the funds. Interfund receivables and payables are reported in the fund statements, but not included in the amounts reported for governmental activities.

MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2022

Analysis of Overall Financial Information – General Services – Revenue

General Fund revenues were higher in FY22 than FY21 by \$234,872. Regular transportation costs were higher in FY22, generating an increase in the cost of services billed back to the schools.

General Services: Expense

General Fund expenditures were higher in FY22 than FY21 by \$449,787. While special education expenses were lower in FY22 due to staffing shortages; regular transportation contract expenses were higher due to fuel costs, and a return to more normal operations and schedules following the COVID-19 protocols of the prior year and a half.

MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2022

Analysis of Overall Financial Information - All Services: Revenue

Revenues overall were up by \$2,090,741. FY22 is the second year of receiving Federal ESSER grants which is a contributor to the increased revenues over FY21. The following chart reflects differences in overall revenues between fiscal years.

All Services – Expense

Expenses overall were up by \$2,360,873. As with revenues above, the second year of receiving Federal ESSER grants contributed to the overall increase in expenditures compared to FY21. The following chart reflects differences in overall revenues between fiscal years.

Lamoille North Supervisory Union
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2022

Analysis of Budget Variations:

In comparisons of Budget to Actual, all areas of operation came in lower than budgeted, with the exception of Transportation costs. Low staffing levels in general and difficulties in obtaining replacement staff for retiring personnel resulted in lower salary and benefit expenses than budgeted. Transportation contracts increased more than expected due to rising costs of fuel and drivers. The chart below reflects the FY22 budget to actual variations.

Change in General Fund Balance:

Under Governmental Accounting Standards Board #54, the District is reporting fund balances classified: Restricted, Committed, Assigned, Non-spendable or Unassigned

Fund Balance – 7/1/21	Excess of Expenditures Over Revenue	Fund Balance – 6/30/22
\$1,719,183	\$156,172	\$1,875,355

The total accumulated fund balance reflects the following:

\$5,154	Non-spendable Fund Balance – Prepaid expenses
\$147,109	Restricted for Future Special Revenue Fund – Grants & GMATV funds
\$652,726	Committed Fund Balance – committed for FY23 expenses
\$177,996	Committed Fund Balance – committed for General Local Use
\$87,008	Committed for HRA and HSA unanticipated expenditures
\$805,362	Unassigned fund balance

MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2022

Capital Assets:

As required under Governmental Accounting Standards Board #34, the Supervisory Union is reporting its capital assets as part of the financial statements. The Supervisory Union maintains historical costs of the various assets owned by the Supervisory Union and applies appropriate charges against the cost to record depreciation. Note 3 of the Report details the status of the Supervisory Union's net capital assets.

	Balance 7/1/21	Increases (Depreciation) of Assets	Balance 6/30/22
Net Capital Assets	\$118,397	(\$26,192)	\$85,493

Retirement Benefits:

The Lamoille North Supervisory Union (LNSU) allows for employer retirement match in 403(b) contributions as well as special sick day benefit pay of unused sick-days upon retirement. Accrued liability at year-end for both combined was \$49,930.

Current Issues:

- Collective Bargaining Agreements: The Support Staff master agreement is set to expire June of 2024. The Teachers master agreement is set to expire June of 2023.
- Physical Space: LNSU rents space from LNMUUSD on Cricket Hill Rd., Hyde Park. The physical space no longer meets basic office space safety standards, and has never met minimum ADA standards. Only nineteen, of the twenty-four Central Office staff can be housed at Cricket Hill, this often interferes with cohesive operations. The Supervisory Union has postponed the need to renovate, or move into adequate office space. Recent developments regarding deteriorating air quality in the building and the failure to meet minimum ADA standards has the Supervisory Union exploring appropriate space elsewhere within the Supervisory Union.
- Enrollment: Enrollment has fluctuated over the last sixteen years, as depicted in the graph below, from a high of 1,964 students in fall 2004, 1,953 in fall 2012 and recently 1,921 students in fall 2019. The COVID-19 pandemic has set enrollment numbers back, though recent enrollment numbers are showing a modest turn around.

Lamoille North Supervisory Union
NOTES TO FINANCIAL STATEMENTS
June 30, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Lamoille North Supervisory Union is organized under Title 16, Chapter 7, Section 261, of Vermont Statutes Annotated, in “the interest of convenience and efficiency” to provide services to seven School Districts in Vermont: Belvidere, Cambridge, Eden, Hyde Park, Johnson, Waterville and the Lamoille Union High School District #18. All operations of the Supervisory Union are controlled by a twelve-member Board of Directors, all of which are appointed by the School Boards of each member District, and responsible for all of the Supervisory Union’s activities. The financial statements include all of the Supervisory Union’s operations controlled by the Board of Directors. Based on criteria for determining the reporting entity (separate legal entity and fiscal or financial dependency on other governments), the Supervisory Union is considered to be an independent reporting entity and has no component units.

District-wide and Fund Financial Statements

The district-wide financial statements (i.e., the statement of net position and the statement of changes in net position) report information on all of the non-fiduciary activities of the Supervisory Union. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expense of a given program is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include 1) charges to students or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function.

Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, and fiduciary funds, even though the latter are excluded from the district-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement focus, basis of accounting, and financial statement presentation

The district-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Lamoille North Supervisory Union
NOTES TO FINANCIAL STATEMENTS
June 30, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Supervisory Union considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, early retirement, arbitrage rebates, and post-employment healthcare benefits, are recorded only when payment is due.

Assessments and grant revenues associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when the Supervisory Union receives cash.

The Supervisory Union reports the following major governmental funds:

- The Title I fund is a special revenue fund that accounts for Title I grant proceeds from the State of Vermont. Spending is restricted to program-specific individual plans submitted to the State of Vermont.
- The IDEA-B fund is a special revenue fund that accounts for IDEA-B grant proceeds from the State of Vermont. Spending is restricted to providing special education and related services to eligible children with disabilities.
- The Consolidated Federal Grants fund is a special revenue fund that accounts for School wide program funds from the State of Vermont. Spending is restricted to program-specific costs.
- The Food Service fund is a special revenue fund that accounts for the food service program. Lamoille North Supervisory Union receives funding for the food service program from the State of Vermont. Spending is restricted to food service costs.
- The EPSDT & Medicaid fund is a special revenue fund that accounts for EPSDT & Medicaid funds from the State of Vermont. Spending is restricted to providing screening, diagnostic and treatment of children.
- The ESSER fund is a special revenue fund that accounts for significant funding for educational entities to respond to the COVID-19 pandemic. Spending is restricted to proving educational needs excluding bonuses, salaries for non-LEA employees and expenses related to state or local unions or associations.
- The Other special revenue fund accounts are non-major funds. They include special revenue funds that account for various state and federal grants that are restricted for specific purposes.

Lamoille North Supervisory Union
NOTES TO FINANCIAL STATEMENTS
June 30, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

- The general fund is the Supervisory Union's primary operating fund. It accounts for all financial resources of the Supervisory Union, except those required to be accounted for in another fund.

Private-sector standards of accounting, and financial reporting issued prior to December 1, 1989, generally are followed in the government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

Amounts reported as program revenues include 1) fees, rental, material, supplies, or services, provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all interest income and miscellaneous.

Budgetary Data

Budgets are presented on the modified accrual basis of accounting for the general fund. Budgets are not adopted on a Supervisory Union level for the financial funds or the student activities agency fund. All annual appropriations lapse at fiscal year-end with the exception of those indicated as a fund balance reserve. The following procedures are used in establishing the budgetary data reflected in the financial statements.

- * During November of each year, the Supervisory Union Business Manager submits to the Board a proposed operating budget for the next fiscal year commencing July 1st. This budget includes proposed expenditures and the means of financing them. Included also is a final budget for the current year ending June 30th.
- * The budget is voted on by the Lamoille North Supervisory Union Executive Board, in the month of December.
- * Once adopted, the budget can be amended by subsequent Board action. The Board upon recommendation of the Business Manager can approve reductions in appropriations, but increases in appropriations by fund require a public hearing prior to amending the budget. In accordance with Vermont State law, interim adjustments may be made by administrative transfer of money from one appropriation to another within any given fund.
- * Expenditures may not legally exceed budgeted appropriations at the fund level.

Encumbrance accounting is employed in the governmental funds. Encumbrances (e.g., purchase orders and contracts) outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year.

Negative variances in total revenues and the positive variances in total expenditures are largely a result of federal and state program revenues and related expenditures that do not have a direct impact on the undesignated fund balance. Budgets generally assume the expenditure of all available resources. Therefore, when the budget is prepared, it is assumed these funds will not have a carryover of revenue to a subsequent year. Program revenue received but not spent is restricted and deferred to the subsequent fiscal year. As a result, overall fund revenues variances will be negative and overall fund expenditures variances will be positive.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Deposits and Investments

The Supervisory Union's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments are reported at fair value. Changes in the fair value of investments are recorded as investment income. The reported value is basically the same as the fair value of the Fund's shares.

Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., current portion of inter-fund loans) or "advances from/to other funds" (i.e., the non-current portion of inter-fund loans).

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

Capital Assets

Capital assets are property owned by the Supervisory Union and include computers, computer equipment, software, and peripherals: equipment such as vehicles, machinery, copiers, and office equipment; buildings and land: and infrastructure such as roads, bridges, tunnels, rights of way, and culverts.

General capital assets should be capitalized and recorded when all of the following criteria are met:

- (1) The asset is tangible and complete.
- (2) The asset is used in the operation of the Supervisory Union's activities.
- (3) The asset has a value equal to or greater than \$5,000 and a useful life of more than one year, at the date of acquisition

All general capital assets must be recorded at either historical cost or estimated historical cost. Assets acquired through donation will be recorded at their estimated fair market value on the date of donation. In addition to purchase price or construction cost, costs of capitalization may include incidental costs, such as bond interest and issuance cost, insurance during transit, freight, duties, title search, title registration, installation, and breaking-in costs.

The straight line depreciation method will be used with lives as recommended by the Association of School Business Officials (ASBO).

Long-term Obligations

In the district-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the applicable statement of net position.

Lamoille North Supervisory Union
NOTES TO FINANCIAL STATEMENTS
June 30, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Assessments

Assessments are due and payable on a quarterly basis. The Supervisory Unions prepares the bills to the member School District's and collects them.

Government-Wide Net Position

Government-wide Net Position are divided into three components:

Net investment in capital assets – consist of the historical cost of capital assets less accumulated depreciation and less any debt that remains outstanding that was used to finance those assets.

Restricted net position – consists of net position that are restricted by the Supervisory Union's creditors, by enabling legislation, by grantors (both federal and state), and/or by creditors.

Unrestricted – all other net position reported in this category.

When both restricted and unrestricted resources are available for use, it is the School District's policy to use restricted resources first, then unrestricted resources as they are needed.

Governmental Fund Balances

In the governmental fund financial statements, fund balances are classified as follows:

Restricted – Amounts that can be spent only for specific purposes because of laws, regulations, or externally imposed conditions by grantors or creditors.

Committed – Amounts that can be used only for specific purposes determined by a formal action by the School Board.

Assigned – Amounts that are designated by management for a particular purpose.

Unassigned – All amounts not included in other classifications.

Nonspendable – Amounts that cannot be spent because they are not spendable in form or are legally or contractually required to be maintained intact.

For unrestricted amounts of fund balance, it is the Lamoille North Supervisory Union's policy to use the fund balance in the following order, (1) Committed, (2) Assigned, (3) Unassigned.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 6 DEFINED CONTRIBUTION PLAN

The LNSU Retirement Plan is a defined contribution plan. Employees not participating in the Vermont State Teachers' Retirement Plan, who are at least 21 years of age and have completed one year of service (defined as 1,000 hours of service in a plan year) are eligible to participate in the plan. Employer contributions to the plan are discretionary and allocated among participants as a uniform percent of pay.

Lamoille North Supervisory Union began a new retirement plan on July 1, 2008. Under this new plan, employees hired prior to July 1, 2008 will receive an employer match of up to 4% of eligible wages. Employees hired after July 1, will receive an employer match of up to 3% of eligible employee wages. Covered wages under the plan were \$1,304,421. Contributions by the district during fiscal year June 30, 2022 were \$42,345.

NOTE 7 TEACHERS RETIREMENT

Information Required Under GASB Statement No. 68

Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions requires employers participating in a cost-sharing, multiple-employer defined benefit pension plan to recognize their proportional share of total pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense. The schedules below have been prepared to the Lamoille North Supervisory Union's proportional share of the overall amounts of the Vermont State Teachers' Retirement System (VSTRS) plan. Lamoille North Supervisory Union's portion has been allocated based on Lamoille North Supervisory Union's proportional share of employer contributions to the total contributions to VSTRS during the fiscal year.

Reporting Date, Measurement Date, and Valuation Date

Net pension liabilities, deferred pension outflows of resources, deferred pension inflows of resources, and pension expense are all presented as of the Lamoille North Supervisory Union's reporting date June 30, 2022 and for the Lamoille North Supervisory Union's reporting period (the year ended June 30, 2022). These amounts are measured as of the measurement date and for the measurement period (the period between the prior and current measurement dates). GASB Statement No. 68 requires that the current measurement date be no earlier than the end of the employer's prior fiscal year. For the reporting date of June 30, 2022, the State has chosen to use the end of the prior fiscal year (June 30, 2021) as the measurement date, and the year ended June 30, 2021 as the measurement period.

The total pension liability is determined by an actuarial valuation performed as of the measurement date, or by the use of update procedures to roll forward to the measurement date amounts from an actuarial valuation as of a date no more than 30 months and 1 day earlier than the employer's most recent fiscal year-end. The State has elected to apply update procedures to roll forward amounts from an actuarial valuation performed as of June 30, 2020, to the measurement date of June 30, 2021.

Plan Description

The Vermont State Teachers' Retirement System is a cost-sharing, multiple-employer defined benefit pension plan with a special funding situation. It covers nearly all public day school and nonsectarian private high school teachers and administrators as well as teachers in schools and teacher training institutions within and supported by the State that are controlled by the State Board of Education. Membership in the system for those covered classes is a condition of employment. During the year ended June 30, 2021, the retirement system consisted of 136 participating employers.

The plan was created in 1947, and is governed by Title 16, V.S.A. Chapter 555.

Lamoille North Supervisory Union
NOTES TO FINANCIAL STATEMENTS
June 30, 2022

NOTE 7 TEACHERS RETIREMENT (continued)

Management of the plan is vested in the VSTRS Board of Trustees, which consists of the Secretary of Education (ex-officio); the State Treasurer (ex-officio); the Commissioner of Financial Regulation (ex-officio); two trustees and one alternate who are members of the system (each elected by the system under rules adopted by the Board) and one trustee and one alternate who are retired members of the system receiving retirement benefits (who are elected by the Association of Retired Teachers of Vermont).

The Pension Plan is divided into the following membership groups:

- Group A - for public school teachers employed within the State of Vermont prior to July 1, 1981 and who elected to remain in Group A
- Group C - for public school teachers employed within the State of Vermont on or after July 1, 1990, or hired before July 1, 1990 and were a member of Group B at that time

All assets are held in a single trust and are available to pay retirement benefits to all members. Benefits available to each group are based on average final compensation (AFC) and years of creditable service, and are summarized below:

VSTRS	GROUP A	GROUP C - GROUP #1*	Group C - Group #2++
Normal service retirement eligibility (no reduction)	Age 60 or with 30 years of service	Age 62 or with 30 years of service	Age 65 or when the sum of age and service equals 90
Average Final Compensation (AFC)	Highest 3 consecutive years, including unused annual leave, sick leave and bonus/incentives	Highest 3 consecutive years, excluding all payments for anything other than service actually performed	Highest 3 consecutive years, excluding all payments for anything other than service actually performed

NOTE 7 TEACHERS RETIREMENT (continued)

* Group #1 are members who were within 5 years of normal retirement (age 62 or 30 years of service) on June 30, 2010

++ Group #2 are members who were less than 57 years of age or had less than 25 years of service on June 30, 2010

Members of all groups may qualify for vested deferred allowance, disability allowances and death benefit allowances subject to meeting various eligibility requirements. Benefits are based on AFC and service.

Significant Actuarial Assumptions and Methods

The total pension liability as of June 30, 2021 was determined by an actuarial valuation as of June 30, 2019, using the following assumptions:

Investment rate of return: 7.00%

Salary Increases: Ranging from 3.30% to 10.50%.

Mortality:

Pre-retirement: PubT-2010 Teacher Employee Table with generational projection using scale MP-2019

Retiree Healthy Post-retirement: PubT-2010 Teacher Healthy Retiree Tale with generational projection using scale MP-2019

Beneficiary Healthy Post-Retirement: 109% of the Pub-2010 Contingent Survivor Table with the generational projection using scale MP-2019

Disabled Post-retirement: PubNS-2010 Non-Safety Disabled Retiree Mortality Table with generational projection using scale MP-2019

Inflation: 2.30%

Spouse's Age: Females three years younger than males

Cost-of-Living Adjustments: 2.4% (1.60% for 2020 and 0.00% for 2021) for Group A members and 1.35% (1.00% for 2020 and 1.00% for 2021) for Group C members

Actuarial Cost Method: Entry age Actuarial Cost Method. Entry Age is the age at date of employment or, if date is unknown, current age minus years of service. Normal Cost and Actuarial Accrued Liability are calculated on an individual basis and are allocated by salary, with Normal Cost determined using the plan of benefits applicable to each participant.

Actuarial Value of Asset: The valuation is based on the market value of assets as of the valuation date, as provided by the System. The System uses an "actuarial value of assets" that differs from market value to gradually reflect year-to-year changes in the market value of assets in determining the contribution requirements.

NOTE 7 TEACHERS RETIREMENT (continued)

Long-term expected rate of return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic rates of return for each major asset class included in the target asset allocation as of June 30, 2022 are summarized in the following table:

Asset Class	Target Asset Allocation	Long-Term Expected Real Rate of Return
Passive Global Equity	24.00%	5.05%
Active Global Equities	5.00%	5.05%
Large Cap US Equities	4.00%	4.00%
Small/Mid Cap US Equities	3.00%	4.50%
Non-US Developed Market Equities	7.00%	5.50%
Private Equity	10.00%	6.75%
Emerging Market Debt	4.00%	3.00%
Core Fixed Income	19.00%	0.00%
Private & Alternative Credit	10.00%	4.75%
US TIPS	3.00%	-0.50%
Core Real Estate	4.00%	3.75%
Non-Core Real Estate	4.00%	5.75%
Infrastructure/Farmland	3.00%	4.25%

Discount rate

The discount rate used to measure the total pension liability was 7.00%. In accordance with paragraph 29 of GASB 68, professional judgement was applied to determine that the System's projected fiduciary net position exceeds projected benefit payments for current active and inactive members for all years. The analysis was based on the expectation that employers will contribute at the rates set by the Board, which exceed the actuarially determined contribution, which is compromised on an employer normal cost payment and a payment to reduce the unfunded liability to zero by June 30, 2038.

NOTE 7 TEACHERS RETIREMENT (continued)

Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following presents the net pension liability, calculated using the discount rate of 7.00%, as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower (6.00%) or one percent higher (8.00%) than the current rate:

Plan Description

The Vermont State Teachers' Retirement System provides postemployment benefits to eligible VSTRS employees who retire from the System through a cost-sharing, multiple-employer postemployment benefit (OPEB) plan (the Plan).

Lamoille North Supervisory Union
NOTES TO FINANCIAL STATEMENTS
June 30, 2022

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (OPEB) (continued)

The plan covers nearly all public day school and nonsectarian private high school teachers and administrators as well as teachers in schools and teacher training institutions within and supported by the State that are controlled by the State Board of Education. Membership in the system for those covered classes is a condition of employment. During the year ended June 30, 2021, the plan consisted of 132 participating employers.

Vermont Statute Title 16 Chapter 55 assigns the authority to VSTRS to establish and amend the benefits provisions of the Plan and to establish maximum obligations of the Plan members to contribute to the Plan. Management of the Plan is vested in the Vermont State Teachers' Retirement System Board of Trustees, which consists of the Secretary of Education (ex-officio); the State Treasurer (ex-officio); the Commissioner of Financial Regulation (ex-officio); two trustees and one alternate who are members of the system (each elected by the system under rules adopted by the Board) and one trustee and one alternate who are retired members of the system receiving retirement benefits (who are elected by the Association of Retired Teachers of Vermont).

All assets of the Plan are held in a single trust and are available to pay OPEB benefits to all members.

Summary of Plan

Eligibility:

VSTRS retirees and their spouses are eligible for health coverage if the retiree is eligible for pension benefits. Pension eligibility requirements are below:

Group A – Public school teachers employed within the State of Vermont prior to July 1, 1981 and elected to remain in Group A

- Retirement: Attainment of 30 years of creditable service, or age 55

Group C – Public school teachers employed within the State of Vermont on or after July 1, 1990. Teachers hired before July 1, 1990 and were Group B members in service on July 1, 1990 are now Group C members. Grandfathered participants are Group C members who were within five years of normal retirement eligibility as defined prior to July 1, 2010.

- Retirement Group C Grandfathered: Attainment of age 62, or 30 years' creditable service, or age 55 with 5 years of creditable service.
- Retirement Group C Non-grandfathered: Attainment of age 65, or age plus creditable service equal to 90, or age 55 with 5 years of creditable service.

Vesting and Disability: 5 years of creditable service. Participants who terminate with 5 years of service under the age of 55 may elect coverage upon receiving pension benefits.

Benefit Types: Medical and prescription drug. Retirees pay the full cost for dental benefits.

Duration of Coverage: Lifetime.

Lamoille North Supervisory Union
NOTES TO FINANCIAL STATEMENTS
June 30, 2022

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (OPEB) (continued)

Spousal Benefits: Same benefits as for retirees.

Spousal Coverage: Lifetime.

Retiree Contributions:

Retired before June 30, 2010:

Retirees with at least 10 years of service pay premium costs in excess of an 80% VSTRS subsidy. Retirees with less than 10 years of service do not receive any premium subsidy. Spouses do not receive any premium subsidy, regardless of the retiree's service.

Retired after June 30, 2010:

Retirees pay premium costs in excess of the following VSTRS subsidy, based on service:

<u>Retiree Subsidy Level</u>	<u>Subsidy</u>
Years of Service at June 30, 2010	
10 years or more	80%
Less than 10 years	
Less than 15 years at retirement	0%
15-19.99 years at retirement	60%
20-24.99 years at retirement	70%
25 or more years at retirement	80%

Spouses of retirees can receive an 80% subsidy, if they meet the following requirements:

Spouse Coverage with 80% Subsidy

<u>Years of Service at June 30, 2010</u>	<u>Required Years of Service at Retirement</u>
Less than 10 years	25 years of service at retirement
Between 10 and 14.99 years	25 years of service at retirement
Between 15 and 24.99 years	10 additional years from June 30, 2010
Between 25 and 29.99 years	35 years of service at retirement
30 or more years	5 additional years from June 30, 2010

Spouses of retirees who do not meet the above requirements for an 80% subsidy can receive unsubsidized coverage.

Premium Reduction Option:

Participants retiring on or after January 1, 2007 with a VSTRS premium subsidy have a one-time option to reduce the VSTRS subsidy percentage during the retiree's life so that a surviving spouse may continue to receive the same VSTRS subsidy for the spouse's lifetime. If the retiree elects the joint and survivor pension option but not the Premium Reduction Option, spouses are covered for the spouse's lifetime but pay 100% of the plan premium after the retiree's death.

Actuarial Cost Method: Entry-Age Normal, Level Percentage of Pay

Asset Valuation Method: Market Value

Measurement Date: June 30, 2021

Actuarial Valuation Date: June 30, 2020

Per Capita Cost Development:

Medical and Prescription Drug

Per capita claims costs were based on claims for the period July 1, 2016 through June 30, 2019. Claims were separated by non-Medicare and Medicare retirees, and by medical and prescription drug. Claims were separated by plan year, then adjusted as follows:

- Total claims were divided by the number of adult members to yield a per capita claim,
- The per capita claim was trended to the midpoint of the valuation year at assumed trend rates, and
- The per capita claim was adjusted for the effect of any plan changes.

An adjustment was made to medical claims from the plan year ending 2020 to account for changes in experience due to the COVID-19 pandemic. Per capita claims for each plan year were then combined by taking a weighted average. The weights used in this average account for a number of factors including each plan year's volatility of claims experience and distance to the valuation year. Actuarial factors were then applied to the weighted average cost to estimate individual retiree and spouse costs by age and by gender. The prescription drug claims were then adjusted for assumed rebates and EGWP reimbursements.

Administrative Expenses

Per capita expenses were based on expenses in effect on July 1, 2022, trended back to the valuation date

Per Capita Health Costs:

Medical and prescription drug claims for the year beginning July 1, 2019 are shown in the table below for retirees and for spouses at selected ages. These costs are net of deductibles and other benefit plan cost sharing provisions.

Administrative Expenses:

For participants under age 65 with health and welfare coverage, an annual administrative expense of \$667 increasing at 3.0% per year was added to projected incurred claim costs in developing the benefit obligations. For participants over age 65 with health and welfare coverage, an annual administrative expense of \$334 for the year beginning July 1, 2021 was added to projected incurred claim costs in developing the benefit obligations. For participants over age 65 with health and welfare coverage, an annual administrative expense of \$90 for the year beginning July 1, 2022 was added to projected incurred claim costs in developing the benefit obligations. These annual administrative expenses are projected to increase at 3.0% per year thereafter.

Health Care Cost Trend Rates:

Health care trend measures the anticipated overall rate at which health plan costs are expected to increase in future years. The rates shown below are "net" and are applied to the net per capita costs shown above. The trend shown for a particular plan year is the rate that is applied to that year's cost to yield the next year's projected cost.

NOTE 8 OTHER POST EMPLOYMENT BENEFITS (OPEB) (continued)

A first year trend of -1.91% was applied to Medicare claims costs to reflect the plan change to a Medicare Advantage Prescription Drug Program. The trend rate assumptions were developed using Segal's internal guidelines, which are established each year using data sources such as the 2021 Segal Health Trend Survey, internal client results, trends from other published surveys prepared by the S&P Dow Jones Indices, consulting firms and brokers, and CPI statistics published by the Bureau of Labor Statistics.

Retiree Contribution Increase Rate:

Retiree contributions were assumed to increase with health trend. Retiree contribution rates were based on premiums effective July 1, 2021 and Medicare premiums effective January 1, 2022. The proportion of retirees enrolling in each plan option was assumed to remain the same in future years.

Health Care Reform Assumption:

The Plan is assumed to be in compliance with the Patient Protection and Affordable Care Act (PPACA) and the Health Care and Education Reconciliation Act (HCERA) of 2010 as of the valuation date.

During the year ended June 30, 2021 the state of Vermont contributed \$171,055 on behalf of Lamoille North Supervisory Union.

NOTE 9 CONTINGENCY

The Supervisory Union receives significant financial assistance from federal and state governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the Supervisory Union's Independent Auditors and other governmental auditors. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable fund. Based on prior experience, the Supervisory Union Administration believes such disallowance, if any, would be immaterial.

NOTE 10 RISK MANAGEMENT

The Supervisory Union is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions and injuries to employees. The Supervisory Union maintains commercial insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to Supervisory Union. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

NOTE A BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal award activity of Lamoille North Supervisory Union under programs of the federal government for the year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Lamoille North Supervisory Union, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Lamoille North Supervisory Union.

NOTE B SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Lamoille North Supervisory Union has not elected to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

INDEPENDENT AUDITOR'S REPORT ON
INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the School Board
Hyde Park, Vermont

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Lamoille North Supervisory Union, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Lamoille North Supervisory Union's basic financial statements, and have issued our report thereon dated December 29, 2022.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Lamoille North Supervisory Union's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Lamoille North Supervisory Union's internal control. Accordingly, we do not express an opinion on the effectiveness of Lamoille North Supervisory Union's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Lamoille North Supervisory Union's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the School Board
Hyde Park, Vermont

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Lamoille North Supervisory Union's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Lamoille North Supervisory Unions major federal programs for the year ended June 30, 2022. Lamoille North Supervisory Union's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Lamoille North Supervisory Union complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Lamoille North Supervisory Union and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Lamoille North Supervisory Union's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Lamoille North Supervisory Union's federal programs

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Lamoille North Supervisory Union's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Lamoille North Supervisory Union's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Lamoille North Supervisory Union's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Lamoille North Supervisory Union's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Lamoille North Supervisory Union's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
