

Community Council Meeting Notes
February 7, 2023

Attendance: Stacy Williams, Teri Elwell, Mark Jolley, Dr. Lori Hawthorne, Robyn Lawson, Office Criddle, Ryan Wilko, Shanna Barker, Julie Call, Brooke Karras, Tobin Fisher (Junior V/President) , Erik Gunn, Tracey Meade, Kenzie Bellomy

Motion to approve minutes: 1. Dr. Lori Hawthorne, 2. Julie Call

Upcoming SBO events: Dance instruction event coming, Juniors are starting to work on Prom, 24K magic is the theme for Prom which is their year of graduation.

Positive feedback from The Great Gatsby theme. However there were a few Injuries: 2 bloody nose, concussion, sprained ankle. Still have a student injured from Homecoming. Injuries are coming from the mosh pit.

School Resource Officer Criddle: Anonymous vaping tips at times but everything else is pretty quiet.

PTA representative minute: There are several special weeks celebrating teachers, counselors and sunshine weeks coming up.

School Communication representative - Ryan Wilko attended the meeting and school parking around the school was discussed. The concern is similar to Bountiful High School. Other news that new construction is slowing down and nothing new seems to be happening. Districts watch birth rates and do a great job tracking to try to project elementary schools population and growth or lack of growth.

Dr. Lori Hawthorne:

- Reviewed updated budget.
- LAND Productivity will be spent more in this semester.
- Dr. Hawthorne has reached out to teachers asking for any proposals for LAND money for next school year (2023-2024).
- Reporting that the money allocated at our last meeting was spent on more iPads and allowing 5+ students in the art class for 2nd semester.

Community Concern: Julie Call represented a community concern that our school colors on teams sports are not matching our brown/gold. Basketball wearing black verses brown/gold. Football team will be getting black Jerseys for next year. Trends are starting for all schools to wear black jerseys in sports.

Question about **Sophomore Orientation:** Positive feedback from community. The orientation was well attended. It was noted that the students spent more time selecting their course lists and long lines formed. Next year they will try to change a little to encourage students to walk around and take advantage of the open house hearing from different departments.

Meeting Motion to Adjourn: 1st Tracey Meade. 2nd Shanna Barker
